*Drinking Midnight Wine* Penguin

Poltergeist - The Night Side of Physics is a close-up theoretical and scientific analysis of the activity that took place in the Bothell house. Spontaneous fires, stone-throwing, teleportation, apport, asporting, strange water puddle appearances, objects levitating, strange sounds - it's all here. How is the poltergeist able to perform these machinations? What's the

mechanics behind it? Short answer. Not telekinesis. The Night Side of Physics is the first book ever to look at poltergeist activity through a quantum physics lens and, in doing so, come up with some startling revelations. New theories. The first paranormal book of its kind to combine known physics with the phenomenon known as poltergeist activity. Keith Linder has brought some new questions and new answers to the field. Let the conversation begin.

27 Hours Penguin

In the secret heart of London,

---

under the cover of endless darkness, is the Nightside. But enter at your own risk. The party animals who live here may be as inhuman as their appetites... My name is John Taylor. The Nightside is my home, and I've got a brand new full-time job there (in addition to my private eye work) as Walker—the Voice of the Authorities. I'm also marrying the love of my life, Suzie Shooter, the Nightside's most fearsome bounty-hunter. But nothing comes easy here. Not life. Not death. And for certain, not happily-ever-after. Before I can say "I do," I have one more case to solve as a private eye—and my first assignment as Walker. Both jobs would be a lot easier to accomplish if I weren't on the run, from friends and enemies alike. And if my bride-to-be weren't out to collect the bounty on my head...

*Black Wings* Jabberwocky Literary Agency, Inc. This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

## House Worlds

“Simon Green’s *Nightside* is a macabre and thoroughly entertaining world.”—#1 New York Times bestselling author Jim Butcher John Taylor works in the Nightside—the gaudy, neon noir, secret heart of London, where it’s always three in the morning, where gods and monsters make deals and seek pleasures they won’t find anywhere else. He has a gift for finding things. And sometimes what he’s hired to locate can be very, very dangerous indeed. Right now, for example, he’s searching for The Unholy Grail, the cup that Judas drank from at the Last Supper. It corrupts all who touch it—but it also gives enormous power. So he’s not the only one hunting. Angels, devils, sinners and saints—they’re all out there, tearing apart The Nightside, seeking the dark goblet. And it’s only a matter of time until they realize that the famous John Taylor, the man with the gift for finding things, can lead them straight to it...

The Good, the Bad, and the Uncanny  
American Library Association

After a Fire elemental and his goons kidnap her close friend, assassin Gin Blanco ventures

into the black woods of Ashland for revenge. Original. 75,000 first printing.

## Hex and the City Penguin

Taylor is the name, John Taylor. My card says I’m a detective, but what I really am is an expert on finding lost things. It’s part of the gift I was born with as a child of the Nightside. I left there a long time ago, with my skin and sanity barely intact. Now I make my living in the sunlit streets of London. But business has been slow lately, so when Joanna Barrett showed up at my door, reeking of wealth, asking me to find her runaway teenage daughter, I didn’t say no. Then I found out exactly where the girl had gone. The Nightside. That square mile of Hell in the middle of the city, where it’s always three A.M. Where you can walk beside myths and drink with monsters. Where nothing is what it seems and everything is possible. I swore I’d never return. But there’s a kid in danger and a woman depending on me. So I have no choice—I’m going home.

Sharper Than a Serpent's Tooth Simon and Schuster

New York Times bestselling author Simon R. Green returns to the Nightside with this

---

landmark collection of short fiction.

Welcome to the Nightside. It's the secret heart of London, beating to its own rhythm, pumping lifeblood through the veins of its streets and alleys hidden in eternal darkness, where creatures of the night congregate and where the sun is afraid to shine. It's the place to go if you're looking to indulge the darker side of your nature--and to hell with the consequences. Tales from the Nightside presents ten macabre mysteries that shine a dim beam into the neighborhood's darkest corners to reveal things that should never come to light. Take a walk with such deadly and dangerous denizens of the Nightside as Razor Eddie, Dead Boy, and Larry Oblivion as they encounter things even more inhuman and inhumane than they are. And join John Taylor, the PI with a knack for finding lost things, as he confronts Sir Francis Varney, King of the Vampires, in a novella-length adventure. There may be nothing to be afraid of in the dark, but there's plenty to be afraid of in the Nightside...

Penguin

Welcome to the Nightside. For those foolish enough to seek it out, it's literal tourist trap,

populated by beings, human and otherwise, who have never seen the sun rise. A place where your dreams can come true—as long as your nightmares don't get you first. My name is John Taylor. I'm a PI with a special talent for finding lost things. I'm also the reluctant owner of a very special—and dangerous—weapon: Excalibur, the legendary sword (which isn't what you think it is, and never was). Excalibur chose me, and to find out why, I'll have to consult the last defenders of Camelot, a group of knights who dwell in a place that some find more frightening than the Nightside. London Proper. It's been years since I've been back—and there are good reasons for that...

**Something from the Nightside** Penguin

Theologian Richard L. Rubenstein writes of the Holocaust, why it happened, why it happened when it did, and why it may happen again and again. "Few books possess the power to leave the reader with the feeling of awareness that we call a sense of revelation. The Cunning of History seems to me to be one of these . . . Rubenstein is forcing us to reinterpret the meaning of Auschwitz—especially, though not exclusively, from the standpoint of its existence as part of a continuum of slavery that has been engrafted for centuries onto the very body of Western

civilization. Therefore, in the process of destroying the myth and the preconception, he is making us see that that encampment of death and suffering may have been more horrible than we had ever imagined. It was slavery in its ultimate embodiment. He is making us understand that the etiology of Auschwitz—to some, a diabolical, perhaps freakish excrescence, which vanished from the face of the earth with the destruction of the crematoria in 1945—is actually embedded deeply in a cultural tradition that stretches back to the Middle Passage from the coast of Africa, and beyond, to the enforced servitude in ancient Greece and Rome. Rubenstein is saying that we ignore this linkage, and the existence of the sleeping virus in the bloodstream of civilization, at risk of our future." — William Styron, from the Introduction.

*Black Like Me* Simon and Schuster

When his wife is murdered on his wedding day, Lucas Trask launches himself on a quest for revenge. Using his personal fortune, he buys a spaceship and becomes a Space Viking, raiding worlds while hunting for his wife's killer. But raiding is not his destiny, and he gradually becomes a trader, starting to build a galactic empire. Before he can achieve his new goals, however, he must still deal with his wife's killer.

*On the Nature of Things* Penguin

In the Nightside—that hidden area in the middle of

---

London where time stands still at three A.M. and the sun won't rise to refute it—nightmares go walking in borrowed flesh, and not everything that looks back at you with human eyes is really human. I'm John Taylor, a PI with a knack for finding things, helping those the Nightside has chewed up and is about to spit out. All things considered, my life lately had been bright, even in this shadowy place. So it was only a matter of time before everything hit the fan. Walker—the powerful, ever-present, never-to-be-trusted agent who runs the Nightside on behalf of the Authorities—paid me a visit. He told me he is dying and that he, too, has a job for me. An important job. His.

### **The Night Side of Nature, Or, Ghosts and Ghost Seers** Penguin

A band of outcasts is sent to colonize a barren and dangerous planet in this action-packed novel by a New York Times–bestselling author. A third-generation Naval officer, Scott Hunter was raised to be a captain in the Imperial starfleet. His career is soaring until he panics during a skirmish with the rebellion, a moment of weakness that gets half his crew killed. The Empire gives him a choice—quit the service, or join a Hell Squad. The Hell Squads are one-way planetary scouts—outcasts sent to explore new worlds and determine whether or not they are habitable. Their task is simple: either survive or die. For one whose whole life is the Navy, this was never a choice at all. On his first Hell Squad mission, Hunter leads a motley team of hard-nosed rebels to the volcano planet of Wolf IV. After a bumpy landing, they find that

what was supposed to be a hospitable planet is actually completely barren. On a world that was meant to hold new life, why does there seem to be death all around?

THE NEW ALEX VERUS NOVEL I don't publicly advertise that I'm a mage, but I don't exactly hide it either, and one of the odd things I've learnt over the years is just how much you can get away with if you're blatant enough. Hide something behind smoke and mirrors and make people work to find it, and they'll tear the place down looking for what's there. Alex Verus is a diviner who can see probable futures—a talent that's gotten him out of many a tough scrape. But this time, he may be in over his head. Alex was once apprenticed to a Dark mage, and in his service he did a lot of things he isn't proud of. As rumors swirl that his old master is coming back, Alex comes face to face with his misdeeds in the form of a young adept whose only goal is to get revenge. Alex has changed his life for the better, but he's afraid of what his friends—including his apprentice, Luna—will think of his past. But if they're going to put themselves at risk, they need to know exactly what kind of man they're fighting for...

*Poltergeist - The Night Side of Physics* Ace

### Trade

The Drood matriarch is dead, and Shaman Bond is home to figure out whodunit. But he'd better act fast if he wants to take them down. It's no walk in the park being a Drood. The family that has protected humanity from the things that go bump in the night for centuries but they aren't much liked, not by the monsters they vanished - not that that's surprising - nor the ungrateful humans they saved. They don't even always like each other. Now the Drood Matriarch is dead, and it's up to Eddie, aka Shaman Bond, acting head of the family, to figure out whodunit. Unpopular opinion is divided: it was either Eddie's best girl, Molly, or Eddie himself. And Eddie knows he didn't do it. From Hell with Love is the fourth title in New York Times bestselling author Simon R. Green's Secret History series featuring Eddie Drood.

### *The Perdition Score* Back Bay Books

The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth.

### *Heart of Venom* Penguin

Quests are overrated All his life, Prince Rupert thrilled in the glorious exploits of his royal ancestors. Finally embarking on his own heroic journey, Rupert realizes there's a lot the minstrels leave out of their

---

songs. On the hunt for a mythical dragon, besieged by demons, and navigating the cursed Darkwood with a smart-mouthed unicorn, Rupert is becoming somewhat disenchanted with legends. But even if he succeeds, peril awaits, because the king never intended for his spare heir to return from this fool's errand. Now, with the help of a few unusual allies, Rupert must make up the story as he goes--outmaneuvering assassins, thwarting the voracious spread of the Darkwood, and grappling with rumors of a powerful evil's return. Rupert may not be the hero Forest Kingdom wanted, but at this rate, he's the only one they're going to get. New York Times bestselling author Simon R. Green's trademark wit and genre-twisting narrative sparkles in *Blue Moon Rising*, the first book of The Forest Kingdom series.
