Hellhound On His Trail Anchor

Summary of Hampton Sides' Hellhound On His Trail

Simon and Schuster

In this Pygmalion tale of a novelist turned bond trader, Martha McPhee brings to life the greed and riotous wealth of New York during the heady days of the second gilded age. India Palmer, living the cash-strapped existence of the writer, is visiting wealthy friends in Maine when a yellow biplane swoops down from the clear blue sky to bring a stranger into her life, one who will change everything. The stranger is Win Johns, a swaggering and intellectually bored trader of mortgage-backed securities. Charmed by India's intelligence, humor, and inquisitive nature—and aware of her near-desperate financial situation—Win poses a proposition: "Give me eighteen months and I'll make you a world-class bond trader." Shedding her artist's life with surprising ease, India embarks on a raucous ride to the top of the income chain, leveraging herself with crumbling real estate, never once looking back . . . Or does she? With a light-handed irony that is by turns as measured as Claire Messud's and as biting as Tom Wolfe's, Martha McPhee tells the classic American story of people reinventing themselves, unaware of the price they must pay for their transformation.

Blood and Thunder Schwartz & Wade

NATIONAL BESTSELLER • On April 4, 1968, James Earl Ray shot Martin Luther King Jr. at the Lorraine Motel. The nation was shocked, enraged, and saddened. As chaos erupted across the country and mourners gathered at King's funeral, investigators launched a sixty-five day search for King's assassin that would lead them across two continents. With a blistering, cross-cutting narrative that draws on a wealth of dramatic unpublished documents, Hampton Sides, bestselling author of *Ghost Soldiers*, delivers a non-fiction thriller in the tradition of William Manchester's *The Death of a President* and Truman Capote's *In Cold Blood*. With *Hellhound On His Trail*, Sides shines a light on the largest manhunt in American history and brings it to life for all to see. With a New Afterword

Hellfire Boys HarperCollins

This explosive look into the dawn of chemical warfare during World War I is "a terrifying piece of history

that almost no one knows" (Hampton Sides). In 1915, when German forces executed the first successful gas attack of World War I, the world watched in horror as the boundaries of warfare were forever changed. Cries of barbarianism rang throughout Europe, yet Allied nations immediately jumped into the fray, kickstarting an arms race that would redefine a war already steeped in unimaginable horror. Largely forgotten in the confines of history, the development of the U.S. Chemical Warfare Service in 1917 left an indelible imprint on World War I. This small yet powerful division, along with the burgeoning Bureau of Mines, assembled research and military units devoted solely to chemical weaponry, outfitting regiments with hastily made gas-resistant uniforms and recruiting scientists and engineers from around the world into the fight. As the threat of new gases and more destructive chemicals grew stronger, the chemists' secret work in the laboratories transformed into an explosive fusion of steel, science, and gas on the battlefield. Drawing from years of research, Theo Emery brilliantly shows how World War I quickly spiraled into a chemists' war, one led by the companies of young American engineers-turned-soldiers who would soon become known as the "Hellfire Boys." As gas attacks began to mark the heaviest and most devastating battles, these brave and brilliant men were on the front lines, racing against the clock -- and the Germans -- to protect, develop, and unleash the latest weapons of mass destruction. Americana Catapult

First in a brand new urban fantasy series that's "fresh and funny, with a great new take on zombies" (Karen Chance) and "full of dangerous magic and populated with characters so realistic, they almost jump off the page" (Ilona Andrews). If you were undead, you'd be home by now... They call it Deadtown: the city's quarantined section for its inhuman and undead residents. Most humans stay far from its borders—but Victory Vaughn, Boston's only professional demon slayer, isn't exactly human.

Lee Harvey Oswald: 48 Hours to Live Anchor

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Hellhound on His Trail: The Stalking of Martin Luther King, Jr. and the International Hunt for His Assassin." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

The Word of the Lord is Upon Me Potter Style

One of them was a thief and con man who'd just broken out of jail.

The other was one of the greatest American figures of the twentieth century. This is the sensational story of James Earl Ray and Martin Luther King, and how their lives would fatally intertwine - ending with a gunshot at a Memphis hotel in 1968 and the biggest manhunt in US history.

Dangerous Friendship Hellhound On His Trail

Acclaimed journalist Ted Conover sets a new standard for bold, in-depth reporting in this first-hand account of life inside the penal system at Sing Sing. When Ted Conover's request to shadow a recruit at the New York State Corrections Officer Academy was denied, he decided to apply for a job as a prison officer himself. The result is an unprecedented work of eyewitness journalism: the account of Conover's year-long passage into storied Sing Sing prison as a rookie guard, or "newjack." As he struggles to become a good officer, Conover angers inmates, dodges blows, and attempts, in the face of overwhelming odds, to balance decency with toughness. Through his insights into the harsh culture of prison, the grueling and demeaning working conditions of the officers, and the unexpected ways the job encroaches on his own family life, we begin to see how our burgeoning prison system brutalizes everyone connected with it. An intimate portrait of a world few readers have ever experienced, *Newjack* is a haunting journey into a dark undercurrent of American life.

Dirty Leeds Haymarket Books

"Superb...A masterpiece of thorough research, deft pacing and arresting detail...This war story — the fight to break out of a frozen hell near the Chosin Reservoir — has been told many times before. But Sides tells it exceedingly well, with fresh research, gritty scenes and cinematic sweep."—Washington Post From the New York Times bestselling author of *Ghost Soldiers* and *In the Kingdom of Ice*, a chronicle of the extraordinary feats of heroism by Marines called on to do the impossible during the greatest battle of the Korean War On October 15, 1950, General Douglas MacArthur, Supreme Commander of UN troops in Korea, convinced President Harry Truman that the Communist forces of Kim Il-sung would be utterly defeated by Thanksgiving. The Chinese, he said with near certainty, would not intervene in the war. As he was speaking, 300,000 Red Chinese soldiers began secretly crossing the Manchurian border. Led by some 20,000 men of the First Marine Division, the Americans moved deep into the snowy mountains of North Korea, toward the trap Mao had set for the vainglorious MacArthur along the frozen shores of the Chosin Reservoir. What followed was one of the most heroic--and harrowing--operations in American military history, and one of the classic battles of all time. Faced with probable annihilation, and temperatures plunging to 20 degrees below zero, the surrounded, and hugely outnumbered, Marines fought through the enemy forces with ferocity, ingenuity, and nearly unimaginable courage as they marched their way to the sea. Hampton Sides' superb account of this epic clash relies on years of archival research, unpublished letters, declassified documents, and interviews with scores of Marines and Koreans who survived the siege. While expertly detailing the follies of the American leaders, *On Desperate Ground* is an immediate, grunt's-eye view of history, enthralling in its narrative pace and powerful in its portrayal of what ordinary men are capable of in the most extreme circumstances. Hampton Sides has been hailed by critics as one of the best nonfiction writers of his generation. As the *Miami Herald* wrote, "Sides has a novelist's eye for the propulsive elements that lend momentum and dramatic pace to the best nonfiction narratives."

Hellhound True Nature Books

A comprehensive dictionary of blues lyrics invites listeners to interpret what they hear in blues songs and blues culture, including excerpts from original interviews with Dr. John, Bonnie Raitt, Hubert Sumlin, Buddy Guy, and many others.

Dear Money Tonto

A social analysis of eight uniquely American groups, from the Bohemian Club to the Church of God in Christ, shows to what extent American identities are shaped by involvement in groups and pastimes. 50,000 first printing. \$50,000 ad/promo. Tour.

Marching to the Mountaintop Lennex

In a green town in the middle of America, a bright 18-year-old Hispanic student named Isaias Ramos sets out on the journey to college. Isaias, who passed a prestigious national calculus test as a junior and leads the quiz bowl team, is the hope of Kingsbury High in Memphis, a school where many students have difficulty reading. But Kingsbury's dysfunction, expensive college fees, and forms printed in a language that's foreign to his parents are all obstacles in the way of

getting him to a university. Isaias also doubts the value of college and says he might go to work in his family's painting business after high school, despite his academic potential. Is Isaias making a rational choice? Or does he simply hope to avoid pain by deferring dreams that may not come to fruition? This is what journalist Daniel Connolly attempts to uncover in *The Book of Isaias* as he follows Isaias, peers into a tumultuous final year of high school, and, eventually, shows how adults intervene in the hopes of changing Isaias' life. Mexican immigration has brought the proportion of Hispanics in the nation's youth population to roughly one in four. Every day, children of immigrants make decisions about their lives that will shape our society and economy for generations. This engaging, poignant book captures an American microcosm and illustrates broader challenges for our collective future.

The Lost Summer of Louisa May Alcott Anchor

For fans of Johanna Basford's *Secret Garden* and *Enchanted Forest* comes a hip, gorgeous doodle coloring book about all things hair. Unlike other adult coloring books, which depict nature scenes and cityscapes, this title celebrates strong, confident women with a passion for style, design, and fashion. Revel in the mesmerizing patterns and intricate details of Andrea Pippins's delicate pen-and-ink illustrations, ready for you to color, complete, and embellish. Lose yourself in page after page of bold hairstyles and accessories, from rows of braids, to Mohawks, to sweeping updos, to cascades of ribbons and beads. Be transported to another world as you ink in Medusa's slithering coiffure, Cleopatra's elaborate headdress, and Marie Antoinette's towering bouffant. Perfect for experienced color-inners and newcomers alike. Coloring enthusiasts of all ages will love this empowering and stylish book. So go ahead--let your hair down, grab some pens or pencils, and add some color to your life. "Pippins's imaginative images will inspire your inner artist and fashionista." --The Huffington Post "The girl power stress-reliever we all needed." --Bustle

I Love My Hair HarperCollins

A colorful treasury of rejection letters includes examples by such famous figures as Jimi Hendrix and Andy Warhol and features entries ranging from Dear John letters and child runaway notes to stinging employer turn-downs and insurance denials.

Deadtown Penguin

NATIONAL BESTSELLER • From the author of *Ghost Soldiers* comes a magnificent history of the American conquest of the West—"a story full of authority and color, truth and prophecy" (*The New York Times Book Review*). In the summer of 1846, the Army of the West marched through Santa Fe, en route to invade and occupy the Western territories claimed by Mexico. Fueled by the new ideology of "Manifest Destiny," this land grab would lead to a decades-long battle between the United States and the Navajos, the fiercely resistant rulers of a huge swath of mountainous desert wilderness. At the center of this sweeping tale is Kit Carson, the trapper, scout, and soldier whose adventures made him a legend. Sides shows us how this illiterate mountain man understood and respected the Western tribes better than any other American, yet willingly followed orders that would ultimately devastate the Navajo nation. Rich in detail and spanning more than three decades, this is an essential addition to our understanding of how the West was really won.

Salvation City Doubleday Books

From the acclaimed bestselling author of *"Ghost Soldiers"* comes a taut, intense narrative about the assassination of Martin Luther King, Jr., and the largest manhunt in American history. Magnificent in scope, drawing on a wealth of previously unpublished material, this nonfiction thriller illuminates one of the darkest hours in American life.

The Awful Grace of God Anchor

"For Christmas the woman who would become my wife bought me a dog—a little terrier. The next year her Christmas gift to me was a shotgun. Most of the people in my family believe that those two gifts were not unrelated." So begins *Born to Bark*, the charming new memoir by psychologist and beloved dog expert Stan Coren of his relationship with an irrepressible gray Cairn terrier named Flint. Stan immediately loved the pup for his friendly nature and indefatigable spirit, though his wife soon found the dog's unpredictable exuberance difficult to deal with, to say the least. Even though Flint drove Stan's wife up the wall, he became the joy of Stan's life. The key to unlocking this psychologist-author's way of looking at dog behavior, Flint also became the inspiration behind Coren's classic, *The Intelligence of Dogs*. Undeterred by Flint's irrepressible behavior (and by the breeder's warning that he might be untrainable), Coren set out to prove that his furry companion could pass muster with the best of them. He persevered in training the unruly dog and even ventured into the competitive circles of obedience trials in dog shows, where Flint eventually made canine history as the highest-scoring Cairn terrier in obedience competition up to that time. (Stan chose not to tell his wife that the highest-ranking obedience dog of that year, a border collie, earned a total score that was fifty times higher.) The longest-running popular expert on human-dog bonding, Coren has enlivened his respected books and theories about dogs with accounts of his own experiences in training, living with, loving, and trying to understand them. A consummate storyteller, Coren now tells the wry, poignant, goofy, and good-hearted tale of his life with the dog who (in the words of his own book titles) taught him *How to Speak Dog* and *How Dogs Think* and whose antics made him ask *Why Does My Dog Act That Way?* Illustrated with Coren's own delightful line drawings and photos, and interwoven with his heartfelt anecdotes of other beloved dogs from his earlier life, *Born to Bark* is an irresistible good dog/bad dog tale of this extraordinary, willful pooch and his profound impact on his master's insights into canine behavior as a research psychologist and on his outlook on life as a whole.

Custer Penguin

The Sibert Honor-winning author of *Freedom Riders* explores how the media, politics, the Civil Rights Movement and labor protests all converged to set the scene for one of Dr. King's greatest speeches and for his tragic death on April 4, 1968, in Memphis, Tennessee.

The Language of the Blues Penguin UK

Please note: This is a companion version & not the original book.
Sample Book Insights: #1 In May 1967, the citizens of Memphis stood along the banks of the Mississippi River, watching as three hundred miles downstream, the floodplain of Arkansas was transformed into a landscape of cotton fields. #2 The high pageant that kicked off the week was the arrival of the King and Queen, sitting upon their thrones with their sequined court all around them. Cotton was still king, but life on the plantations had changed so quickly that it was hardly recognizable. #3 Memphis, Tennessee, was a city that had always been on the racial fault line. It was a town known for its outlandish characters and half-demented geniuses. #4 The music of Memphis was about the intermingling of black and white. Elvis Presley, a redneck wizard, found a way to transmute the raw sound of Beale Street into something that would resonate across the world.
