This carefully crafted ebook: "The Best of Henrik Ibsen: A Doll's House + Hedda Gabler + Ghosts + An Enemy of the People + The Wild Duck + Peer Gynt (Illustrated)" contains 6 books in one volume and is formatted for your eReader with a functional and detailed table of contents.

1. A Doll's House is a three-act play in prose by Henrik Ibsen. It premiered at the Royal Theatre in Copenhagen, Denmark in 1879. The play is significant for its critical attitude toward 19th century marriage norms. It aroused great controversy at the time, as it concludes with the protagonist, Nora, leaving her husband and children because she wants to discover herself.
2. Hedda Gabler is a play published in 1890. It premiered in 1891 in Germany and gained recognition as a classic of realism, nineteenth century theatre, and world drama. Hedda may be portrayed as an idealistic heroine fighting society, a victim of circumstance, a prototypical feminist, or a manipulative villain.
3. Ghosts is a play written in 1881 and first staged in

1882. Like many of Ibsen's better-known plays, Ghosts is a scathing commentary on 19th-century morality. Ghosts had challenged the hypocrisy of Victorian morality and was deemed indecent for its veiled references to syphilis.

4. An Enemy of the People is an 1882 play originally written in Danish in response to the public outcry against his play Ghosts, which at that time was considered scandalous.
5. The Wild Duck (1884), in a sense, solved Ibsen's own moral dilemma as he struggled between a militant idealism (as in Enemy of the People) and his own worldly temperament. With a pragmatic, anti-romantic viewpoint, this drama presents a continuum between the opposing values of the Ideal and the Real.
6. Peer Gynt is a five-act play in verse, based on the fairy tale Per Gynt. Written in the Dano-Norwegian language, it was first published in 1867. In Peer Gynt, Ibsen satirized the weaknesses of the Norwegian people, incorporating them into the character of Peer. Henrik Johan Ibsen (1828 – 1906)

was a major 19th-century Norwegian playwright, theatre director, and poet. He is often referred to as "the father of realism" and is one of the founders of Modernism in theatre. His major works include Brand, Peer Gynt, An Enemy of the People, Emperor and Galilean, A Doll's House, Hedda Gabler, Ghosts, The Wild Duck, Rosmersholm, and The Master Builder.

**Encyclopedia of Feminist Literature** A Doll's House Blossoms of the Savannah is the story of two sisters, Taiyo and Resian, who are on the verge of womanhood and torn between their personal ambitions and the humiliating duty to the Nasila tradition. Relocation to their rural home heralds a cultural alienation born of their refusal to succumb to female genital mutilation and early marriages. In pursuit of the delicate and elusive socio-economic cultural balance in Nasila, Ole. Kaelo, the girls' father is ensnared by a corrupt extortionist. To extricate himself he sends his daughters into a flat-spin labyrinth from which they have to struggle to escape.

“Smart, funny and utterly engrossing... This unexpectedly rich sequel reminds us that houses tremble and sometimes fall when doors slam, and that there are living people within, who may be wounded or lost... Mr. Hnath has a deft hand for combining incongruous elements to illuminating ends.” —Ben Brantley, New York Times It has been fifteen years since Nora Helmer slammed the door on her stifling domestic life, when a knock comes at that same door. It is Nora, and she has returned with an urgent request. What will her sudden return mean to those she left behind? Lucas Hnath’s funny, probing, and bold play is both a continuation of Ibsen’s complex exploration of traditional gender roles, as well as a sharp contemporary take on the struggles inherent in all human relationships across time.

**Diana of Dobson's** McFarland Set within the framing of a contemporary rehearsal of Henrik Ibsen's A Doll's House, A Doll's Life imagines what happened after Nora slammed the door, leaving her husband Torvald. Borrowing train fare from a young violinist, Otto, she travels to Christiania, where she begins to work in a cafe. Soon she becomes involved not only with Otto, but Eric Didrickson, the wealthy owner of shipping lines and fish canneries, and Johan Blecker, a lawyer. Scenes of her new life mingle with flashbacks to her old.

**News of Norway** A&C Black In search of insight into late Victorian ideas about animals and the animal rights movement, Rod Preece explores animal sensibility in the work of George Bernard Shaw. Shaw's reformist thought particularly what Preece calls inclusive justice, which aimed to eliminate the suffering of both humans and animals emerges in relation to that of fellow reformers such as Edward Carpenter, Annie Besant, and Henry Salt. This fascinating account of the characters and crusades that shaped Shaw's philosophy sheds new light not only on modernist thought but also on the relationship between historical socialism and the ethical treatment of animals.

Amid the hundreds of "how-to" books that have appeared in recent years, there have been very few which attempted to analyze the mysteries of play-construction. This book does that -- and its principles are so valid that they apply equally well to the short story, novel and screenplay. Lajos Egri examines a play from the inside out, starting with the heart of any drama: its characters. For it is people -- their private natures and their inter-relationships -- that move a story and give it life. All good dramatic writing depends upon an understanding of human motives. Why do people act as they do? What forces transform a coward into a hero, a hero into a coward? What is it that Romeo does early in Shakespeare's play that makes his later suicide seem inevitable? Why must Nora leave her husband at the end of A Doll's House? These are a few of the fascinating problems which Egri analyzes. He shows how it is essential for the author to have a basic premise -- a thesis, demonstrated in terms of human behavior -- and to develop his dramatic conflict

on the basis of that behavior. Premise, character, conflict: this is Egri's ABC. His book is a direct, jargon-free approach to the problem of achieving truth in a literary creation.

Very successful when first performed in London in 1908, Diana of Dobson's introduces its audience to the overworked and underpaid female assistants at Dobson's Drapery Emporium, whose only alternative to their dead-end jobs is the unlikely prospect of marriage. Although Cicely Hamilton calls the play "a romantic comedy," like George Bernard Shaw she also criticizes a social structure in which so-called self-made men profit from the cheap labour of others, and men with good educations, but insufficient inherited money, look for wealthy wives rather than for work. This Broadview edition also includes excerpts from Hamilton's autobiography *Life Errant* (1935) and *Marriage as a Trade* (1909), her witty polemic on "the woman question"; historical documents illustrating employment options for women and women's work in the theatre; and reviews of the original production of the play.

Experience one of the most iconic plays of all time in this brand-new adaptation of Henrik Ibsen's classic play *A Doll's House*. Nora Helmer is a typical upper middle-class housewife living an exquisitely divine life, as she would say. But there's much more below the surface than she's willing to let on! When an old friend shows up unexpectedly on Christmas Eve, it sets off a chain of events that, over the course of three days, changes Nora's life forever. While this is more of an adaptation than a literal translation, Henrik Ibsen wrote that "I consider it most important that the dialogue in the translations be kept as close to ordinary, everyday speech as possible...I believe that a translator should employ the style which the original author would have used if he had written in the language of those who are to read him in translation." This adaptation honors Ibsen's original dialogue and intentions (many of which had been lost in translation) while also making the dialogue sound

like it was meant for actors today instead of the Victorian-era. Keep in mind that Ibsen had always intended for this play to be set in the present, not the past. How can we do that when the circumstances of the play are so rooted in the time in which the play was written? We can't set it in the present day because the characters wouldn't behave this way in the present. However, if we set the language in the present day while keeping everything else in the past, the circumstances of the play will work while also feeling like it belongs "in the present."
