What do we know about ordinary people in our towns and cities, about what really matters to them and how they organize their lives today? This book visits an ordinary street and looks into thirty households. It reveals the aspirations and frustrations, the tragedies and accomplishments that are played out behind the doors. It focuses on the things that matter to these people, which quite often turn out to be material things – their house, the dog, their music, the Christmas decorations. These are the means by which they express who they have become, and relationships to objects turn out to be central to their relationships with other people – children, lovers, brothers and friends. If this is a typical street in a modern city like London, then what kind of society is this? It ' s not a

community, nor a neighbourhood, nor is it a collection of isolated individuals. It isn ' t dominated by the family. We assume that social life is corrupted by materialism, made superficial and individualistic by a surfeit of consumer goods, but this is misleading. If the street isn ' t any of these things, then what is it? This brilliant and revealing portrayal of a street in modern London, written by one the most prominent anthropologists, shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming. It reveals the forms by which ordinary people make sense of their lives, and the ways in which objects become our companions in the daily struggle to make life meaningful.

"Henry Beck, the gorgeous CEO of an advertising company, was in need of a new personal assistant. He expected HR to hire someone older, more experienced, maybe even with gray hair. Who he got instead was the beautiful, young, single mother - Claire Russell. Claire never expected her new boss to be the most gorgeous man

she's ever laid eyes on. But Henry is her boss and there is no future with him. Will Henry and Claire be able to fight the obvious attraction between them? Will Henry's overbearing mother come between them?"--Back cover.

Broke Little Simon

In 1965 the Second Vatican Council declared that God loves the Jews. Yet the Church had taught for centuries that Jews were cursed by God, and had mostly kept silent as Jews were slaughtered by Nazis. How did an institution whose wisdom is said to be unchanging undertake one of the largest, yet most undiscussed, ideological swings in modern history?

Caught Simon and Schuster

Readers generally know only one of the two famous James brothers. Literary types know Henry James; psychologists, philosophers, and religion scholars know William James. In reality, the brothers' minds were inseparable, as the more than eight hundred letters they wrote to each other reveal. In this book, J. C. Hallman mines the letters for mutual affection and influence, painting a moving portrait of a relationship between two extraordinary men. Deeply intimate, sometimes antagonistic, rife with wit, and on the cutting edge of art and science, the letters portray the brothers' relationship and measure the manner in which their dialogue helped shape, through the influence of their literary and intellectual output, the philosophy, science, and literature of the century that followed. William and Henry James served as each other's muse and critic. For instance, the event of the death of Mrs. Sands illustrates what H'ry never stated: even if the "matter" of his fiction was light, the minds behind it lived and died as though it was very heavy indeed. He seemed to best understand this himself only

after Wm fully fleshed out his system. "I can't now explain save by the very fact of the spell itself . . . that [Pragmatism] cast upon me," H'ry wrote in 1907. "All my life I have . . . unconsciously pragmatized." Wm was never able to be quite so gracious in return. In 1868, he lashed out at the "every day" elements of two of H'ry's early stories, and then explained: "I have uttered this long rigmarole in a dogmatic manner, as one speaks, to himself, but of course you will use it merely as a mass to react against in your own way, so that it may serve you some good purpose." He believed he was doing H'ry a service as he criticized a growing tendency toward "over-refinement" or "curliness" of style. "I think it ought to be of use to you," he wrote in 1872, "to have any detailed criticism fm even a wrong judge, and you don't get much fm. any one else." For the most part, H'ry agreed. "I hope you will continue to give me, when you can, your free impression of my performance. It is a great thing to have some one write to one of one's things as if one were a 3d person & you are the only individual who will do this."

The History and Antiquities of the County Palatine of Durham; Random House

"An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures." —Alison Weir
Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power. As King Henry VIII's right-hand man, Cromwell was the architect of the English Reformation; secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife, Anne Boleyn; and was fatally accused of trying to usurp the king himself. In this engrossing biography, acclaimed British historian Tracy Borman reveals a different side to one of history's most

notorious characters: that of a caring husband and father, a fiercely loyal servant and friend, and a revolutionary who was key in transforming medieval England into a modern state. Thomas Cromwell was at the heart of the most momentous events of his time—from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen—and wielded immense power over both church and state. The impact of his seismic political, religious, and social reforms can still be felt today. Grounded in excellent primary source research, Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever changed the shape of his country. “ An intelligent, sympathetic, and well researched biography. ” —The Wall Street Journal “ Borman unravels the story of Cromwell ’ s rise to power skillfully . . . If you want the inside story of Thomas Cromwell . . . this is the book for you. ” —The Weekly Standard “ An engrossing biography. . . . A fine rags-to-riches-to-executioner ’ s-block story of a major figure of the English Reformation. ” —Kirkus Reviews “ An insightful biography of a much-maligned historical figure. ” —Booklist

Henry (The Beck Brothers) McFarland Briefly surveys more than two centuries of American political history to describe how the country has been broken spiritually, politically and financially and advocates a return to core values to restore America's economic and spiritual health.

A History of American Manufactures from 1608 to 1860 Harvard University Press

The love of my life is dead. Is there really a reason to live anymore? I'm a war veteran who has suffered great tragedies overseas. Not only have I lost my right foot, but I have also lost my wife. Both at the hands of terrorists. Recurrent nightmares, a dead end job, and a painful limp are all I have left. Not much of a reason to wake up in the morning if you ask me. I'm struggling to carry on in this very lonely excuse of a life. The only reason I'm still

swimming is because I have my best friend, Tucker, and my sister, Lizette, keeping me afloat. Tucker has been my saving grace. I would not be here if it weren't for him...literally. We have become practically inseparable since moving in together. And then, out of nowhere, there are these feelings and emotions. The kind that I haven't felt in years; not since I lost the love of my life. The kind that I'm not sure I can handle, or even want to. But they have started wrapping around my broken and shattered heart, trying to mend it - whether I'm ready for it or not. Only they are not for a woman as you would expect, but for the man suddenly sharing my bed. Am I ready to give love another go? I'm not so sure that I have it in me. But then again, I'm tired of being at war.*Warning: For mature audiences only. Contains some sensitive situations and graphic m/m sex scenes. Please remember that this is a work of fiction and comes from my own imagination.

Henry Heckelbeck and the Haunted Hideout Random House Digital, Inc. Chronicles Helen Clay Frick's lifelong commitment to social welfare, the environment, and her purchase of many significant works of art for her private collection, the Frick Collection in New York, the University of Pittsburgh teaching collection, and the Frick Art Museum. Henry is just like any other normal kid. He plays soccer. He isn ’ t a huge fan of homework. He even has an older sister, Heidi. What ’ s not so normal about Henry is his family. His sister and his mom are magic. Not Henry, though. He ’ s just a normal kid. Or is he? In his third book, Henry needs a hideout. He needs a place to play with his best friend where his sister can ’ t bother them. A hideout like this calls for a magic spell. But can magic make a hideout haunted? With easy-to-read

language and illustrations on almost every page, the Henry Heckelbeck chapter books are perfect for beginning readers.

The Genesee Farmer John Wiley & Sons

The single-wire telegraph revolutionized long distance communication but it was not the brainchild of one inventor, Samuel Morse. His colleagues and employees--specifically Ezra Cornell and Joseph Henry--made crucial contributions. Examining the careers of the three men and the key events, this book presents Morse as primarily a businessman and consolidator of ideas who, frequently in conflict with his associates, sought to present the telegraph as a uniform system under his sole imprimatur. The battle between Morse and Cornell over the invention of the magnetic relay was central to the drama. What emerges is a complex portrait of three ambitious and brilliant innovators and the age in which they lived.

Liberal Terror Candlewick

Well, there 's overprotective—and then there 's Little Red Henry 's family! A hilarious tale about what happens when a coddled kid asserts his independence. Little redheaded Henry 's family treats him like a baby. They dress him. They feed him. They brush his “ widdle toofers. ” But he 's not a baby anymore. He 's a little boy who wants to do things for himself. So with his family watching anxiously from the wings, Henry sets out on a glorious day of independence. But will things swing too far in the other direction? In this charming reworking of the classic tale of the Little Red Hen, author Linda Urban and illustrator Madeline Valentine gently and humorously depict a family trying to find a middle ground between hovering over their youngest member and giving him room to grow.

God Underneath Simon and Schuster

After his wife cheated on him and then asked for a divorce, Sebastian Beck was devastated. The solution? Never let another woman get close enough to hurt him. His mind was made up. He would never fall in love again. And he most certainly would never get married again. Except, he never expected the one night that he was forced to

protect his nephews with deadly force to bring him back in contact with the one woman he thought he'd never see again. When Detective Raelynn Reynolds bent some hot guy's finger back in a bar a little over a year ago, she never thought she'd see him again. Honestly...she never expected to see him ever again. She definitely never expected to see him at the scene of a break-in that had a dead body just inside the back door. As Sebastian and Raelynn's lives become more intertwined with each passing day, can Sebastian get over his fear of love to keep the one woman who makes him insanely happy? Will Sebastian be able to get over his fear before it's too late? Before he could possibly lose Raelynn forever? Could fate really be that cruel?

I Hate Reading Createspace Independent Pub Security is meant to make the world safer. Yet despite living in the most secure of times, we see endangerment everywhere. Whether it is the threat of another devastating terrorist attacks, a natural disaster or unexpected catastrophe, anxieties and fears define the global political age. While liberal governments and security agencies have responded by advocating a new catastrophic topography of interconnected planetary endangerment, our desire to securitize everything has rendered all things potentially terrifying. This is the fateful paradox of contemporary liberal rule. The more we seek to secure, the more our imaginaries of threat proliferate. Nothing can therefore be left to chance. For everything has the potential to be truly catastrophic. Such is the emerging state of terror normality we find ourselves in today. This illuminating book by Brad Evans provides a critical evaluation of the wide ranging terrors which are deemed threatening to advanced liberal societies. Moving beyond the assumption that liberalism is integral to the realisation of perpetual peace, human progress, and political emancipation on a planetary scale, it exposes how liberal security regimes are shaped by a complex life-centric rationality which directly undermines any claims to universal justice and co-habitation. Through an incisive and philosophically

enriched critique of the contemporary liberal practices of making life more secure, Evans forces us to confront the question of what it means to live politically as we navigate through the dangerous uncertainty of the 21st Century. Wm & H'ry Scholastic Inc.

“ Second First Impressions is the warmest, coziest, sweetest book of the year, an absolutely perfect blend of humor and heart. I want to live inside Sally Thorne ’ s brain. ” —Emily Henry, New York Times bestselling of Beach Read From the USA Today bestselling author of The Hating Game, soon to be a movie starring Lucy Hale and Austin Stowell, and 99 Percent Mine comes the clever, funny, and unforgettable story of a muscular, tattooed man hired as an assistant to two old women—under the watchful eye of a beautiful retirement home manager. Dazzle (n): Brightness that blinds someone temporarily. Position Vacant: Two ancient old women residing at Providence Retirement Villa seek male assistant for casual exploitation and good-natured humiliation. Duties include boutique shopping, fast-food fetching, and sincerely rendered flattery. Good looks a bonus—but we aren ’ t picky. An advertisement has been placed (again!) by the wealthy and eccentric Parlioni Sisters. The salary is generous and the employers are 90 years old, so how hard could the job be? Well, none have lasted longer than a week. Most boys leave in tears. Ruthie Midona will work in Providence ’ s front office, and be at the Parlioni ’ s beck and call, forever. That ’ s sort of her life plan. If Ruthie can run the place in her almost-retired bosses ’ absence, with no hijinks/hiccups, she has a shot at becoming the new manager. She might also be able to defend her safe little world from Prescott Development, the new buyer of the prime site. Maybe after all that, she can find a cute guy to date. All she needs to do is stay serious—and that ’ s what she does best. Until, one day, someone dazzling blows into town. Teddy Prescott devotes his life to sleeping, tattooing,

and avoiding seriousness. When Teddy needs a place to crash, he makes a deal with his developer dad. Teddy can stay in one of Providence ’ s on-site maintenance cottages—right next door to an unimpressed Ruthie—but only if he works there and starts to grow up. Ruthie knows how this sweetly selfish rich boy can earn his keep—and be out of her hair in under a week. After all, there is a position vacant...

A History of American Manufactures from 1608 to 1860: Exhibiting the Origin and Growth of the Principal Mechanic Arts and Manufactures, from the Earliest Colonial Period to the Adoption of the Constitution and Comprising Annals of the Industry of the United States in Machinery, Manufactures and Useful Arts... Createspace Independent Publishing Platform
Back is, according to Jeremy Treglown in his introduction, "Henry Green's most extended attempt to plumb the world of the hunted - and haunted". First published in 1946, it has indeed remained one of Green's most haunting, elegiac novels and one of the most enduring to have focused on the individual human tragedy of the war.

Sebastian Pickle Partners Publishing
Winner of Library Media Connection Editors' Choice Award."I was howling with laughter!" --Jeff Crosby
Do you dread sitting down with a book? We do, too. That's why we wrote this--a book for kids who don't like to read. If someone's bugging you to open a book, grab this one. Once you start flipping through the pages, you'll probably start laughing. Things always seem to go by faster when you're laughing. In this book, you'll find out how the Bacon brothers get through their 20-minute reading requirement without really reading. Tips range from practical (bathroom reading), to gross (bloody noses), to outrageous (man-eating monsters). You'll also learn what to do when someone makes you read on vacation and how to deal with the kids in your class who actually like to read. This book is full of easy words. And if you come across a word you don't know, you can just skip it. Really, you won't miss any of the good parts. We know, sitting down with any book, including this one, isn't the same as playing outside,

or singing, or building a pillow fort, or even washing the car. But if you have to read, you may as well pick a book written by people who feel the same way you do. Try it. Pretty soon you may be surprised you've actually finished a book!

Heidi Heckelbeck 's younger brother Henry finds his own magical Book of Spells in this first Henry Heckelbeck adventure! Henry Heckelbeck is just like any other normal kid. He plays soccer. He isn ' t a huge fan of homework. He even has an older sister, Heidi. What ' s not so normal about Henry is his family. His sister and mom are magic. Not Henry, though...he ' s just a normal kid. Or is he? Henry Heckelbeck is starting a new year of school. He has a new teacher, makes new friends, and discovers that he has some magical powers of his own thanks to a Book of Spells he finds in his bedroom. But magic can be tricky and when Henry accidentally brings his toy dragon to life, his days of being a normal kid are over. With easy-to-read language and illustrations on almost every page, the Henry Heckelbeck chapter books are perfect for beginning readers.

Henry Heckelbeck Gets a Dragon Simon and Schuster

Best remembered today for his fierce opposition to labor, especially during the Homestead Strike of 1892, Henry Clay Frick was also one of the most powerful and innovative industrialists of the nineteenth century. After consolidating the vital bituminous coke fields of the Connellsville region in western Pennsylvania, Frick became the most important of Andrew Carnegie's partners and the manager of Carnegie's steel interests. Later, his bitter opposition to Carnegie was one factor in the events leading to the 1901 purchase of the

Carnegie Steel Company by J. P. Morgan and the formation of the United States Steel Corporation. Kenneth Warren is the first historian to be given unrestricted access to the extensive Frick archives in Pittsburgh. Drawing on Frick's personal and business papers, as well as the records of the H. C. Frick Coal & Coke Company, the Carnegie Steel Company, and the U.S. Steel Corporation, Warren provides a wealth of new insights into Frick's relationship with such contemporaries as Carnegie, J. P. Morgan, Charles Schwab, and Elbert Gary. He describes and analyzes the key decisions that formed labor and industrial policy in the iron and steel industry during a period of growth that remains unparalleled in American business history. Not only an industrial biography of a driving force in American industry and the organization of American business, *Triumphant Capitalism*, now available in paperback, makes a major contribution to our understanding of the history of the basic industries, the shaping of society, locality, and region - and thereby of laying the foundations for the value systems and landscapes of present-day America. The *Sterling Genealogy* Harper Collins A delightfully different approach to religion and spirituality, this collection of engaging personal tales transcends specific doctrines to reveal the presence of God in everyday life. Father Edward L. Beck spins tales like a master, presenting with candor and a touch of irreverence incidents and events that will resonate with readers. Exploring such universal themes and concerns as friendship, sexuality, illness, alcoholism, loss, and death, the vignettes and stories in this collection are animated by intriguing characters, pitch-perfect dialogue - and a surprising twist. Probing beneath the surface of ordinary life, each selection contains a hidden message, a subtle

but powerful reminder of the signposts that mark a spiritual journey. Quotations from the Scriptures introduce the tales, providing a context that will help readers uncover the meaning the story holds for their own personal lives and beliefs. To encourage further reflection and rumination, Beck offers insights into the specific religious and theological themes that inspired the writing of each tale. A lively, unabashed look at the challenges of living a spiritual life in contemporary times, *God Underneath* will appeal not only to Catholics, but to all spiritual seekers, regardless of religious affiliation.

The Transylvanian Trilogy, Volumes II & III

Open Road + Grove/Atlantic

Collects French recipes for everyday dishes and gourmet meals prepared by Clementine, a Burgundian cook for the Chamberlain family living first in post-World War II France, then in Massachusetts.
