Scholars and Poets Talk About Queens is a lively and erudite collection, unusual in an especially appealing way. This collection of essays shows how queens were represented in the Middle Ages and Renaissance through primary accounts, chronicles, and literary representations. The book also contains modern poetry and short plays about these same queens, allowing readers to understand and appreciate them both intellectually and emotionally. Contributors study a wide range of queens including such famous and fascinating women as Queen Elizabeth I, Cleopatra, Hecuba, the Empress Matilda, Mary Stuart, Margaret of Anjou, Catherine of Aragon, and the pirate queen Grace O'Malley. By pairing scholarly essays with contemporary poems about them, the collection demonstrates the continued relevance and immediacy of these powerful and fascinating women.

History of Margaret of Anjou, Queen of Henry VI. of England Fonthill Media

A tale of the Wars of the Roses follows Elizabeth Woodville, who ascends to royalty and fights for the well-being of her family, including

two sons whose imprisonment in the Tower of London precedes a devastating unsolved mystery.

Henry VI, Margaret of Anjou and the Wars of the Roses Boydell Press
A man other than my husband sits on England's throne today. What would happen if this king suddenly went mad? What would his queen do? Would she make the same mistakes I did, or would she learn from mine? Margaret of Anjou, queen of England, cannot give up on her husband-even when he slips into insanity. And as mother to the House of Lancaster's last hope, she cannot give up on her son-even when England turns against them. This gripping tale of a queen forced to stand strong in the face of overwhelming odds is at its heart a tender tale of love. Award-winning author Susan Higginbotham will once again ask readers to question everything they know about right and wrong, compassion and hope, duty to one's country and the desire of one's own heart. Praise for Susan Higginbotham "A beautiful blending of turbulent history and deeply felt fiction, Susan Higginbotham's The Queen of Last Hopes brings alive an amazing woman often overlooked or slandered by historians. Higginbotham has given readers of historical fiction a gift to treasure." -Karen Harper, New York Times bestselling author of The Irish Princess "A compelling, fast paced, and well-written saga that is destined to both entertain and educate anyone interested in the spirited and fascinating Margaret of Anjou for generations to come!" -D. L. Bogdan, author of Secrets of the Tudor Court "The Queen of Last Hopes is an inspiring novel of a woman who, in the face of betrayal and loss, would not surrender. Susan Higginbotham brings Margaret of Anjou to life and tells the story of the Frenchwoman who was one of the strongest queens England has ever known." -Christy English, author of The Queen's Pawn and To Be Queen

Edward IV (king from 1461-83), so often overshadowed by his younger brother and eventual successor Richard III is a controversial figure in his own right. Was he a lazy and licentious lightweight who much preferred his mistresses to his ministers and had little taste for the arduous day-to-day business of government? Or was he, rather, a wise and successful monarch who laid the foundations for over a century of Tudor rule? This documentary study by the author of Richard III in the same series, presents contemporary and near-contemporary sources for Edward IV and his reign, enabling the reader to appreciate why the king's reputation has fluctuated so markedly, and provides an indispensable compendium for all who wish to enter the political world of Yorkist England."

New study and edition of the remarkable letter collection of Margaret of Anjou, bringing all her correspondence together in one volume for the first time.

The Lady of the Rivers Head of Zeus Ltd
He became king before his first birthday, inheriting a vast empire from his military hero father; she was the daughter of a king without power, who made an unexpected marriage at the age of fifteen. Almost completely opposite in character, together they formed an unlikely but complimentary partnership. Henry VI and Margaret of Anjou have become famous as the Lancastrian king and queen who were deposed during the Wars of the Roses but there is so much more to their story. The political narrative of their years together is a tale of twists and turns, encompassing incredible highs, when they came close to fulfilling their desires, and terrible, heart-breaking lows. Personally, their story is an intriguing one that raises may questions. Henry was a complex, misunderstood man, enlightened and unsuited to his times and the pressures of kingship. In the end, overcome by fortune and the sheer determination of their enemies, their alliance collapsed. England simply wasn't ready for a gentle king like Henry, or woman like Margaret who defied contemporary stereotypes of gender and queenship. History has been a harsh judge to this royal couple. In this discerning dual biography, Amy Licence leads the way in a long-overdue re-evaluation of their characters and contributions during a tumultuous and defining period of British history. King Ren é is little known beyond France, yet, through his controversial daughter Margaret of Anjou, he affected events in England during the Wars of the Roses. Ren é's court rivalled Burgundy in its rich artistic culture and his claim to the kingdom of Naples started a process that led to enormous changes in the power structure of Southern Europe.

The Letters of Margaret of Anjou Gale, Cengage Learning
A stunning and provocative new novel by the internationally celebrated author of The Blind Assassin, winner of the Booker Prize. Margaret Atwood's new novel is so utterly compelling, so prescient, so relevant, so terrifyingly-all-too-likely-to-be-true, that readers may find their view of the world forever changed after reading it. This is Margaret Atwood at the absolute peak of her powers. For readers of Oryx and Crake, nothing will ever look the same again. The narrator of Atwood's riveting novel calls himself Snowman. When the story opens, he is sleeping in a tree, wearing an old bedsheet, mourning the loss of his beloved Oryx and his best friend Crake, and slowly starving to death. He searches for supplies in a wasteland where insects proliferate and pigeons and wolovgs ravage the pleeblands, where ordinary people once lived, and the Compounds that sheltered the extraordinary. As he tries to piece together what has taken place, the narrative shifts to decades earlier. How did everything fall apart so quickly? Why is he left with nothing but his haunting memories? Alone except for the green-eyed Children of Crake, who think of him as a kind of monster, he explores the answers to these questions in the double journey he takes - into his own past, and back to Crake's high-tech bubble-dome, where the Paradise Project unfolded and the world came to grief. With breathtaking command of her shocking material, and with her customary sharp wit and dark humour, Atwood projects us into an outlandish yet wholly believable realm populated by characters who will continue to inhabit our dreams long after the last chapter.

The History of Margaret of Anjou, Queen of Henry VI of England Simon and Schuster

The Wars of the Roses, which tore apart the ruling Plantagenet family in fifteenth-century England, was truly a domestic drama, as fraught and intimate as any family feud before or since. But as acclaimed historian Sarah Gristwood reveals, while the events of this turbulent time are usually described in terms of the men who fought and died seeking the throne, a handful of powerful women would prove just as decisive as their kinfolks' clashing armies. A richly drawn, absorbing epic, Blood Sisters reveals how women helped to end the Wars of the Roses, paving the way for the Tudor age—and the creation of modern England.

Margaret of Anjou and Her Relation to the Wars of the Roses BoD – Books on Demand

Abraham Lincoln raved that this series of historical biographies gave him "just that knowledge of past men and events which I need. I have read them with the greatest interest. To them I am indebted for about all the historical knowledge I have." Considered what we would now call "young adult" literature, this collection, first published between 1848 and 1871, was designed to present a clear, distinct, connected narrative of the lives of the great figures of world history, those people who have been most influential, at least as American author and educator JACOB ABBOTT (1803-1879) saw it from his 19th-century perspective. Wildly popular and republished many times under different collected names, this replica set mimics the 1904 reprint known as the "Makers of History" series. It will delight students of history as well as show the scholar how history telling has changed over the last few centuries. More than 30 other volumes in the series are also available from Cosimo Classics. This volume, dating from 1861, covers Margaret of Anjou (1430-1482)-the wife of King Henry VI of England and an influential figure in that nation's War of the Roses-from her courtship with the king to the plots and schemes of her reign and her eventual exile, and more.
