Alice in Wonderland: The Mad Hatter's Tea Party HarperCollins

THE Madder Hatter Still haunted by Alice's disappearance over twenty years later, Abner is an unpleasant moody adult. He despises everything that is even remotely mad, including his late father, the Mad Hatter. Abner doesn't take the insane asylums in the Kingdom of Hearts

seriously. However, when the queen deems him "evilly" mad, he flees in order to live out the rest of his days alone and unbothered. At least, that is his original plan, before an old (yet new) friend joins him during his travels. Abner is not only saved from himself, but he is given the strength and courage to search for the last person who made him feel happy: Alice. THE Madder WOMAN After twenty painful years, Alice has finally returned to Wonderland. Done with her life on earth, she isn't deterred by Cheshire when he requests her help in rescuing the Madder Hatter: a man who despises everything she cares about, but a man who is a significant part of her past. Alice is desperate to get the life she had in Wonderland back. She is willing to get arrested, to face off with Fire Monarchs, and to carry the burden of a wounded soul to save the maddening world she loves so much. Nothing will stand in her way when it comes to finding happiness--not even the Madder Hatter.
