Having made her choice between living a fully human life or joining the world of immortals to be with her beloved Edward, Bella finds her future threatened by a series of events with potentially disastrous consequences.

Liar Harper Collins

Sam Parker is a vampire with a gift so strong and substantial that she is invited to partake in a test for a place in the Grand High Master Vampire's private army. She finds that not only has the army never included a woman, but it has never included a Sventé vampire; a breed that is regarded by the super strong Pagori breed and the hypnotically beautiful Keja breed to be

too tame and human-like. Most refuse to take her seriously, especially a Pagori commander named Jared who she craves in spite of herself. The Grand High Master, however, sees her potential and offers her the position of Jared's co-commander to help train the newest squad in time for the impending attack on his home. Sam has to demonstrate to Jared and the squad of chauvinists why it is incredibly foolish to underestimate a wilful, temperamental, borderline-homicidal Sventé female. Warning: This novel contains an iron-willed female vampire with an energy whip, a sexist male vampire who is determined to have her, explicit vampy sex, and a romance story with real bite.

The Favor Rowman & Littlefield Cat shifter Bree Dwyer doesn't fear much. Ironically, what she fears most is the person who was put on the Earth just for her. Bree's intent on moving forward with her life and building a future with

someone else. Sadly, the male she wants most is one she can never have--a hot-as-sin wolverine shifter who happens to be her boss ... and the cousin of her predestined mate. Aleksandr "Alex" Devereaux detests being bullshitted, but he's been lying to himself for years--pretending he thinks of Bree as extended family; that he doesn't want her so bad he aches with it; that he can't feel himself weakening against her pull. The night they spend together changes everything. He's done fighting himself on what he wants. Someone isn't happy about that. Possibly the same 'someone' who's playing mind games with Bree, trying to scare her. They're succeeding, because too many leads

point to the possibility that the culprit could be the one person that she's determined to believe is dead.
