Davenport. He gets to pick his own cases, whatever they are, wherever they lead him. And where they've led him this time is into real trouble. A Biloxi, Mississippi, drug-cartel counting house gets robbed, and suitcases full of cash disappear, leaving behind five bodies, including that of a six-year-old girl. Davenport takes the case, which quickly spirals out of control, as cartel assassins, including a torturer known as the "Queen of home-improvement tools" compete with Davenport to find the Dixie Hicks shooters who knocked over the counting house. Things get ugly real fast, and neither the cartel killers nor the holdup men give a damn about whose lives Davenport might have saved; to them, he's just another large target. Filled with his trademark razor-sharp plotting and some of the best characters in suspense fiction, *Golden Prey* is further reason why "Sandford has always been at the top of any list of great mystery writers" (The Huffington Post).

The very first Virgil Flowers novel by internationally bestselling author John Sandford! In the small town of Bluestem, Minnesota, where everybody knows everybody, a house way up on a ridge explodes into flames. Its owner, a man named Judd, is trapped inside and dies. But Judd's death wasn't a tragic accident... someone set his house on fire. Lots of people hated Judd, Flowers discovers. In fact, you'd probably have to look hard to find a person who had actually liked the man. But the thing is, Judd's death isn't the first in this small town in recent weeks. Three weeks earlier there'd been another murder — two, in fact — a doctor and his wife. The doctor was found propped up in his backyard, both eyes shot out. Before this, there hadn't been a murder in Bluestem in years — and now, suddenly, three? Flowers knows two things: this wasn't a coincidence, and this had to be personal. But just how personal is something even he doesn't realize, and may not find out until too late. Because the next victim... may be himself. \* \* \* Praise for John Sandford and the Virgil Flowers

Penguin

A Lucas Davenport thriller by internationally bestselling novelist John Sandford Murder, scandal, political espionage and an extremely dangerous woman. Lucas Davenport's going to be lucky to get out of this one alive. A Minnesota political fixer has hit the jackpot - or so he thinks. Hired to take down the incumbent U.S. senator with a vicious smear, to open the way for an ambitious, take-no-prisoners heiress who sees the Senate as merely a stepping-stone, he decides his payoff should be larger. The blackmail demand should yield some pretty large numbers, he thinks. Instead, he gets only a small one - 9 millimeters, to be exact. In the heart. Davenport is investigating the smear when the trail leads to the man's disappearance, then - very troublingly - to the Minneapolis police department, then - most troublingly of all - to a woman who could give Machiavelli

lessons. She has very definite ideas about the way the world should work, and the money, ruthlessness and sheer will to make it happen. No matter who gets in the way.

### **Righteous Prey** Penguin

A Lucas Davenport thriller by internationally bestselling novelist John Sandford When a whole block is torn down in central Minneapolis to make way for a new housing development, an unpleasant surprise is unearthed - the bodies of two girls, wrapped in plastic, underneath an old house. It looks like they've been down there a long time. Lucas Davenport knows exactly how long. In 1985, Davenport was a young cop just about to be promoted out of uniform, despite a reputation for playing fast and loose with the rules. A superb undercover guy, he was part of the massive police effort that followed the kidnapping of two girls who were never found again, dead or alive. The searches turned up nothing, so when the suspected kidnapper was killed in a shoot-out, the case was closed. But not for Davenport. He'd gotten deep into the case, and while he was convinced the suspect knew something, he didn't think he was the perpetrator - something just felt off. He argued hard about it to his bosses, but nobody wanted to hear. Until now. With the bodies discovered, the case is dusted off, just to tie a bow around it - but there's something wrong with the evidence. There are indications of tampering. Police tampering. And as

Davenport investigates, it becomes clear: it wasn't just the bodies that were buried, but the truth - and there are a lot of people with a very strong stake in that truth never being uncovered.
