Jennifer McCaffrey has been working hard on her art for years and is thrilled when she is accepted to a prestigious art school. The school is everything she always thought it would be, mostly. There is one group of kids who seem to resent her and say she only got in because of her skin color. Jen, who loves to create new pieces of artwork that incorporate her Indigenous heritage, finds herself a target when the group tells her to stop being "so Indian". The night before the big art show at school, Jen's beading art project is defaced. Jen has to find a way not to let the haters win. Orca Book Publishers is proud to offer this early ebook edition as part of our new Digital First initiative, with the release of the print edition to follow.

Lin Mills and Jill Finn are excited to spend six days at camp. Except, they cannot stand each other. And this could turn out to be a disaster. When things get out of control, Jill and Lin are forced to work things out on their own. Can these girls be able to overcome the past and become friends? Six Days at Camp with Lin and Jill has six chapters and just under 8500 words. Each day is a chapter and is told first from Lin's and then Jill's perspective. This book is written with Dyslexie font. Century Schoolbook font version is also available. Simple Words Books help struggling readers to become better readers, without tears. Our decodable books support improving their reading fluency, comprehension and confidence. In our books, we use decodable, high frequency and basic sight words that early or struggling readers can easily decode. Our short sentences and paragraphs make it easier for our readers to flow through the chapters. The entire word list and word frequency are included in the book and on our website

([simplewordsbooks.com](http://simplewordsbooks.com)). We recommend the use of this list as a tool to determine the reading level match and pre-practice with the reader to improve fluency. Check out Simple Words Books at [simplewordsbooks.com](http://simplewordsbooks.com) and Join READlexia Book Club for FREE to receive FREE decodable materials and special offers. Our promise is not to let dyslexia and other learning differences deprive kids of learning the love of reading.

**Decodable Chapter Books** HarperCollins

The #1 bestselling Magic Tree House series is ready to whisk you away through time with Jack and Annie--this time to South America! When the magic tree house whisks Jack and Annie to a mountainside, they are surprised to find farmers nearby. Then they learn that

the farmer's baby llama has been stolen, and Jack and Annie vow to bring the little animal back to its owners. But the journey is treacherous--they must climb to the peak of Machu Picchu and climb back down in order to complete this mission. Jack and Annie have been on many dangerous travels, but can they survive this one? Track the facts with Jack and Annie in the nonfiction companion to this book: Llamas and the Andes. Did you know that there's a Magic Tree House book for every kid? Magic Tree House: Perfect for readers who are just beginning chapter books Merlin Missions: More challenging adventures for the experienced reader Fact Trackers: Nonfiction companions to your favorite Magic Tree House adventures If you're looking for Merlin Mission #34: Season of the Sandstorms, it was renumbered as part of the rebrand in 2017 as Merlin Mission #6.

**Racer** National Academies Press

In this zany twist on the legend of King Midas and his golden touch, a boy acquires a magical gift that turns everything his lips touch into chocolate! Can you ever have too much of your favorite food? John Midas is about to find out.... The Chocolate Touch has remained a favorite for millions of kids, teachers, and parents for several generations. It's an enjoyable story that pulls in even reluctant readers.

**Reef Dive** Key Education Publishing Company, LLC Meet the Flyy Girls. The group of girls who seem like they can get away with anything. Veteran author Ashley Woodfolk pens a gorgeous and dynamic series of four Harlem highschoolers, each facing a crossroads of friendship, family, and love. Lux Lawson is on a spree. Ever since her dad left, she's been kicked out of every school that would take her, and this is her last chance: Harlem's Augusta Savage School of the Arts. If this doesn't work, Lux is off to military school, no questions asked. That means no more acting out, no more fights, and definitely no boyfriends. Focus on her photography, and make

---

nice friends. That's the deal. Enter the Flyy Girls, three students who have it all together. The type of girls Lux needs to be friends with to stay out of trouble. And after charming her way into the group, Lux feels she's on the right track. But every group has their secrets, including Lux. And when the past starts catching up with her, can she keep her place as a Flyy Girl? In this searing series opener, Lux takes center stage as she figures out just how hard it can be to start over. With simply stated text and compelling characters, Flyy Girls is a series that's perfect for readers of any level.

#### The Noise Down the Trail High Noon Books

The sole survivor on a desperate, last-chance mission to save both humanity and the earth, Ryland Grace is hurtled into the depths of space when he must conquer an extinction-level threat to our species.

#### Sound Out Chapter Books Vintage

Stories of child and animal heroes in a news article format pique student interest and build confidence in reading skills. The multisensory approach involves reading along while listening to the included CD, then independently reading and completing comprehension activities such as puzzles, word searches, creative art, and writing projects. It also supports NCTE standards.

#### The Gold of Black Rock Hill High Noon Books

In a hierarchy, every employee rises to the level of their own incompetence. This simple maxim, defined by this classic book over 40 years ago, has become a beacon of truth in the world of work. From the civil service to multinational companies to hospital management, it explains why things constantly go wrong: promotion up a hierarchy inevitably leads to over-promotion and incompetence. Through barbed anecdotes and wry humour the authors define the problem and show how anyone, whether at the top or bottom of the career ladder, can avoid its pitfalls. Or, indeed, avoid promotion entirely!

Dreaming in Color Heinemann Educational Books  
Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning.... [It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a

kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

#### Fox Hunt Orca Book Publishers

Hi-Lo Chapter Books for Children. This series of short novels was designed to engage a broad spectrum of struggling readers. No longer will upper-elementary students have to read material junior to their maturity and interests. Characters are age appropriate and come from diverse cultures and backgrounds. Science fiction, sports, paranormal, realistic life, historical fiction, and fantasy are just a few of the many genres. Books are no higher than a 1.5 reading level, with illustrations on every spread that support visual literacy and draw kids into the text. Austin has taken up rock hunting ever since a terrible spill on his mountain bike put him in the hospital. No way will he ride again. Ever. He still has nightmares. Worse, Austin knows the accident was deliberate. His rival, Slice, wanted to win. Slice made sure Austin would lose. But now it's Slice who's badly hurt. Will Austin get on a bike to save his enemy?

#### Mack the Cab Dog Random House Books for Young Readers

It is Matt's tenth birthday and he gets a lousy old pen from his rich Grandma Deb. But Matt does not like to write. What was Grandma Deb thinking...The pen turns out to be magical and soon Matt will learn that he has to help an elf clan to defeat King Gris before he destroys the entire Elf Land. Using Leveled Books in Guided Reading, K-3  
High Noon Books

Come join Emma and Parker as they explore the woods behind their house and figure out what could possibly be making the mystery noise! *The Miller Kids Series: The Noise Down the Trail* is a high-interest, low-readability chapter book perfect for boys and girls age 10-13.

*Six Days at Camp with Lin and Jill: (dyslexie Font)* Decodable Chapter Books National Academies Press

While most children learn to read fairly well,

there remain many young Americans whose futures are imperiled because they do not read well enough to meet the demands of our competitive, technology-driven society. This book explores the problem within the context of social, historical, cultural, and biological factors. Recommendations address the identification of groups of children at risk, effective instruction for the preschool and early grades, effective approaches to dialects and bilingualism, the importance of these findings for the professional development of teachers, and gaps that remain in our understanding of how children learn to read. Implications for parents, teachers, schools, communities, the media, and government at all levels are discussed. The book examines the epidemiology of reading problems and introduces the concepts used by experts in the field. In a clear and readable narrative, word identification, comprehension, and other processes in normal reading development are discussed. Against the background of normal progress, *Preventing Reading Difficulties in Young Children* examines factors that put children at risk of poor reading. It explores in detail how literacy can be fostered from birth through kindergarten and the primary grades, including evaluation of philosophies, systems, and materials commonly used to teach reading.

Grit Saddleback Educational Publishing

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American

---

exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think."

--Sven Birkerts, *The Atlantic*

*I Survived the Sinking of the Titanic, 1912 (I Survived #1)* Back Bay Books

Significant changes have taken place in the policy landscape surrounding cannabis legalization, production, and use. During the past 20 years, 25 states and the District of Columbia have legalized cannabis and/or cannabidiol (a component of cannabis) for medical conditions or retail sales at the state level and 4 states have legalized both the medical and recreational use of cannabis.

These landmark changes in policy have impacted cannabis use patterns and perceived levels of risk. However, despite this changing landscape, evidence regarding the short- and long-term health effects of cannabis use remains elusive. While a myriad of studies have examined cannabis use in all its various forms, often these research conclusions are not appropriately synthesized, translated for, or communicated to policy makers, health care providers, state health officials, or other stakeholders who have been charged with influencing and enacting policies, procedures, and laws related to cannabis use. Unlike other controlled substances such as alcohol or tobacco, no accepted standards for safe use or appropriate dose are available to help guide individuals as they make choices regarding the issues of if, when, where, and how to use cannabis safely and, in regard to therapeutic uses, effectively. Shifting public sentiment, conflicting and impeded scientific research, and legislative battles have fueled the debate about what, if any, harms or benefits can be attributed to the use of cannabis or its

derivatives, and this lack of aggregated knowledge has broad public health implications. *The Health Effects of Cannabis and Cannabinoids* provides a comprehensive review of scientific evidence related to the health effects and potential therapeutic benefits of cannabis. This report provides a research agenda â€"outlining gaps in current knowledge and opportunities for providing additional insight into these issues â€"that summarizes and prioritizes pressing research needs.
