The Yearly Current Affairs 2020 for Competitive Exams 5th Edition Springer Nature

?This volume decentres the view of urbanisation in India from large agglomerations towards smaller urban settlements. It presents the outcomes of original research conducted over three years on subaltern processes of urbanization. The volume is organised in four sections. A first one deals with urbanisation dynamics and systems of cities with chapters on the new census towns, demographic and economic trajectories of cities and employment transformation. The interrelations of land transformation, social and cultural changes form the topic of the “land, society, belonging” section based on ethnographic work in various parts of India (Karnataka, Himachal Pradesh, Arunachal Pradesh and Tamil Nadu). A third section focuses on public policies, governance and urban services with a set of macro-analysis based papers and specific case studies. Understanding the nature of production and innovation in non-metropolitan contexts closes this volume. Finally, though focused on India, this research raises larger questions with regard to the study of urbanisation and development worldwide.

The Springtime of the People: The Athenian Ephebeia and Citizen Training from Lykourgos to Augustus Arihant Publications India limited FUNCTIONAL COATINGS A must-own resource for understanding functional coatings and their revolutionary potential Functional coatings are those which provide not only the protection and performance enhancement of a conventional coating, but also offer additional properties tailored to meet the specific requirements of a given industry or application. They have applications in a huge range of sectors, including automotive, aerospace, healthcare, energy, and more. Coatings with properties like fire retardancy, antimicrobial properties, or controlled drug release have the potential to revolutionize entire industries. Functional Coatings offers a comprehensive resource for engineers and researchers looking to understand these coatings and the opportunities they provide. Beginning with an overview of the subject ’ s foundations and industrial significance, the book analyzes numerous coating methods and their properties, with a particular focus on anticorrosion coatings. The result is an indispensable resource for professionals in virtually any technological industry looking to understand the benefits of a cutting-edge toolkit. Functional Coatings readers will also find: Coverage of synthesis, durability, reproducibility, cost-effectiveness, specialized surface morphology, and environmental friendliness of each coating Detailed discussion of antimicrobial coatings, fire-retardant coatings, self-healing coatings, nanopowder coatings, coatings for marine applications, and many more Applications of additives, machine learning, and sophisticated characterizations, etc. as per industry requirements Functional Coatings is ideal for researchers, engineers, and industry professionals working with any area of technology where coatings have purchase.

Environmental Sustainability Disha Publications Avi Sagi is Professor of Philosophy at Bar Ilan University in Ramat Gan, Israel, and Senior Fellow at the Shalom Hartman Institute in Jerusalem, Israel. A philosopher, literary critic, scholar of cultural studies, historian and philosopher of halakhah, public intellectual, social critic, and educator, Sagi has written most lucidly on the challenges that face humanity, Judaism, and Israeli society today. As an intertextual thinker, Sagi integrates numerous strands within contemporary philosophy, while critically engaging Jewish and non-Jewish philosophers. Offering an insightful defense of pluralism and multiculturalism, his numerous writings integrate philosophy, religion, theology, jurisprudence, psychology, art, literature, and politics, charting a new path for Jewish thought in the twenty-first century.

Indian Army MER Technical Allied Publishers This first-of-a-kind volume provides a snapshot of existing science communication policy and practice in India across different S&T sectors, and offers solutions to building effective communication. It provides an understanding on how to avoid societal clashes in situations when science meets the public in these sectors. The editors and contributors argue that effective S&T communication leads not only to a more informed public but also benefits research itself, and in a changing society like India this is a crucial element related to good governance and policy making. In this volume, experienced masters of the craft provide practical solutions to making S&T communication more effective in a vast democracy like India, which has complex issues related to literacy levels, diverse languages, varying political will, reach, and resources. Through, discussions on cases of creating information modules for the public on the Internet, television and radio, social media, as well a s traditional ways of outreach like

people’s science movements, holding popular science events, and fairs, the volume provides highly valuable directions on how developing countries with low resources and complex populations can communicate S&T research to the public and bridge communication gaps. This volume will interest researchers from science, social science, mass communication and public relations departments, journalists, as well as practitioners and policy makers from government and non-government institutions involved in S&T policy, practice and communication and people who want to understand the complex S&T landscape of India.

**Plant Resources Utilization** BRILL

**14000 + Objective Questions - General Studies** Disha Publications  
Over the last two decades, the exploits of one man, an IIT-Bombay alumnus, changed the way mainstream India looked at Goa and the political goings-on in the country's smallest state. An Extraordinary Life traces the life and times of Manohar Parrikar through the informed voices of his relatives, friends, foes, bureaucrats and IIT contemporaries. The daily battles of a gifted individual are brought to the fore as he encounters love and vices. But more importantly, it showcases his rise in politics from the son of a grocery store owner in a nondescript town, a sanghachalak in Mapusa town, an Opposition MLA and leader, to a chief minister (on multiple occasions) and, finally, to a defence minister.  
**Child Development & Pedagogy for CTET & STET (Paper 1 & 2) with Past Questions 3rd Edition** Gyan Publishing House  
The new edition of the book "Child Development & Pedagogy for CTET & STET" has been updated with past CTET papers upto 2016 (September). Further some past papers of various State TETs have also been added. The book provides an exclusive treatment to the subject with special emphasis upon Child Development, Inclusive Education, Learning and the Pedagogical Issues. The book has been divided into 10 chapters. For each chapter an exhaustive theory has been provided which covers the complete syllabus as prescribed by the CBSE/ NCERT/ NCF 2005. This is followed by 2 set of exercises. The exercise 1 contains a set of MCQs from the PREVIOUS YEAR Question Papers of CTET and various STET's. The exercise 2, "TEST YOURSELF" provides carefully selected MCQs for practice. The book is a must for all the candidates appearing in the Paper 1 and 2 of the CTET and all State TETs.

**Directory of Libraries in India** Springer

**Census of India, 1971, Series 7, Himachal Pradesh** Arihant Publications India limited  
In today s situation the security and safety of our countrymen is not only into the hands of Indian army and state police but also forces known as Paramilitary Forces. The security of Indian borders and internal matters are being looked after by these brave men working in these Paramilitary Forces including their history, origin, organization, duties and functions, role and future. It also examines the role of these forces in counter-insurgency and also international peacekeeping under UN. Covering all paramilitary organizations of India, this volume provides valuable information to students, researchers and laymen. An excellent book, which will serve as a sound and lively introduction for all, and also will, makes an impressive and substantial contribution to study of Paramilitary Forces of India.

**The Republic of India** Penguin Random House India Private Limited  
Arihant has come up with a revised edition of a compendium of over 14000 questions which will significantly improve the knowledge of aspiring students by providing them with ready and reliable practice material for General Studies. The book has been designed for the aspirants preparing for IAS (CSAT), State PCS, CDS, NDA and other competitive examinations. The revised edition of this question bank focuses on Indian History & Culture, India & World Geography (Env & Eco), Indian Polity, Indian Economy, General Science, Science & Technology, General Knowledge and Current Affairs. The book contains the collection of over 14000 questions covering General Studies. The History section covers ancient, medieval and modern history whereas the Geography section covers world geography, Indian geography and environment & ecology. The General Science section covers Physics, Chemistry, Biology and Science & Technology. The questions covered in the book contain answers side by side to help aspirants evaluate themselves after attempting a certain number of questions. Also the questions asked in recent years’ General Studies examinations have been provided in the book with authentic and detailed solutions to help aspirants get an insight into the recent examination pattern and the types of questions asked therein. Each chapter in the book contains a variety of questions according to the latest pattern Assertion-Reason, Matching, Multi-Statements, Arrangements, Pairing, etc. Also more than 500 questions based on Current Affairs have been provided in the book to give an additional advantage to the aspirants. As the book contains ample number of objective questions which have been designed for students of various competitive examinations, it for sure will act as the best preparation material for general studies for UPSC (CSAT), State PCS, CDS, NDA, etc.

**An Extraordinary Life** Atlantic Publishers & Dist  
This book presents selected peer reviewed papers from the International Conference on Advanced Production and Industrial Engineering (ICAPIE 2019). It covers a wide range of topics and latest research in mechanical systems engineering, materials engineering, micro-machining, renewable energy, industrial and production engineering, and additive manufacturing. Given the range of topics discussed, this book will be useful for students and researchers primarily working in mechanical

and industrial engineering, and energy technologies.  
**Netaji Collected Works: without special title** BRILL  
The #1 Indian bestseller now available to Kindle readers worldwide When it was published in paperback in India in 2005, Open Secrets became an instant sensation. It became the #1 Non-Fiction bestseller, a position it held for many months and generated a firestorm of controversy. There were court cases, death threats against the author, intense debates in the media and a change in India's Official Secrets Act after the issues raised in the book caused uproar in Parliament. All of this is in hindsight not surprising as Open Secrets was the first of its kind- the first time a retired Indian Intelligence Bureau Officer penned his memoirs- detailing his thirty-year career and offering unprecedented insights into some of the pivotal moments of Indian history and a peek into the political machinations that underly them. More than an expose, Open Secrets was a heartfelt plea for more transparency and accountability in India's security and intelligence apparatus- to free them to serve and protect the people of India, and not just their political masters. That debate has special resonance today in the light of the growing popular movement demanding more transparency and less corruption in Indian public life. Open Secrets is regarded as a seminal work for its fearless exposure of the Indian political system and its insightful detailing of the course of modern Indian history's turning points.  
**ABOUT THE AUTHOR** Maloy Krishna Dhar began life as a journalist and a teacher, but ended up spending more than thirty years as an officer in India's Intelligence Bureau, retiring as its Joint Director. During his highly decorated career, he handled the sensitive Pakistan and Counter-terror desks, when he got a first-hand exposure to fighting the specter of Islamic terror that many Western readers were to remain blissfully unaware of till the tragic events of 9/11. After his retirement, he went back to his original love, and became a bestselling author and a recognized and highly respected authority on security matters. He passed away in May 2012, and his son, Amazon.com bestselling author Mainak Dhar, is now bringing his work to readers worldwide. Learn more about Maloy's remarkable life and work at [www.maloykrishnadhar.com](http://www.maloykrishnadhar.com).
