The correct engine  
designation on my  
1990 4588 is EH700TI.  
The riser was actually  
functional but had a  
pin hole which is  
being re-welded. The  
turbo was toast. I  
ordered a new one  
from Anchorage  
Marine Parts. When  
tech disassembled  
there was a large heavy  
right angle bracket  
that was rusting away.

AM. I'm getting

ready to change the  
oil, water strainers,  
and fuel filters on my  
3870 for the first time  
(for me). The oil is  
really black and I'm  
wondering if it is  
worth looking into  
running some extra  
stuff through the  
crankcase before I  
change the oil. Has  
anybody done that  
sort of thing?

The HINO J05 series  
diesel engine was  
developed based on  
an engine for HINO  
medium duty trucks  
and buses. It belongs  
to the same family as  
the HINO J08 series  
and both series  
employ lots of  
common parts, such  
as pistons, cylinder  
liners, etc., which  
allows better  
availability of spare  
parts.
