The Aztec Chronicles Speedy Publishing LLC

"Aztec" is the extraordinary story of the last and greatest native civilization of North America. Told in the words of one of the most robust and memorable characters in modern fiction, Mixtli-Dark Cloud, "Aztec" reveals the very depths of Aztec civilization from the peak and feather-banner splendor of the Aztec Capital of Tenochtitlan to the arrival of Hern á n Cort á s and his conquistadores, and their destruction of the Aztec empire. The story of Mixtli is the story of the Aztecs themselves---a compelling, epic tale of heroic dignity and a colossal civilization's rise and fall.

Helm Greycastle #1 (of 4) NCHS UCLA

The enigmatic and powerful Tlacaehel (1398 – 1487), wrote annalist Chimalpahin, was “ the beginning and origin ” of the Mexica monarchy in fifteenth-century Mesoamerica. Brother of the first Moteuczoma, Tlacaehel would become “ the most powerful, feared, and esteemed man of all that the world had seen up to that time. ” But this outsize figure of Aztec history has also long been shrouded in mystery. In *Tlacaehel Remembered*, the first biography of the Mexica nobleman, Susan Schroeder searches out the truth about his life and legacy. A century after Tlacaehel ' s death, in the wake of the conquistadors, Spaniards and natives recorded the customs, histories, and language of the Nahua, or Aztec, people. Three of these chroniclers—fray Diego Dur á n, don Hernando Alvarado Tezozomoc, and especially don Domingo de San Ant ó n Mu ñ ó n Chimalpahin Quauhtlehuauhtzin—wrote of Tlacaehel. But the inaccessibility of Chimalpahin ' s annals has meant that for centuries of Aztec history, Tlacaehel has appeared, if at all, as a myth. Working from Chimalpahin ' s newly available writings and exploring connections and variances in other source materials, Schroeder draws the clearest possible portrait of Tlacaehel, revealing him as the architect of the Aztec empire ' s political power and its military might—a politician on par with Machiavelli. As the advisor to five Mexica rulers, Tlacaehel shaped the organization of the Mexica state and broadened the reach of its empire—feats typically accomplished with the spread of warfare, human sacrifice, and cannibalism. In the annals, he is considered the “ second king ” to the rulers who built the empire, and is given the title “ Cihuacoatl, ” used for the office of president and judge. As Schroeder traces Tlacaehel through the annals, she also examines how his story was transmitted and transformed in later histories. The resulting work is the most complete and comprehensive account ever given of this significant figure in Mesoamerican history.

Aztec Nomad Press (VT)

"Three civilizations that produced architectural marvels, feats of civil engineering unmatched even today, mathematical and astronomical breakthroughs that modern scientists have only recently been able to match. Who were the Incans, Aztecs, and Mayans? And what motivated them to live as they did? John Holzmann examines their physical, social and spiritual cultures from a biblical perspective" -- cover.

A Study of the Ancient Nahuatl Mind Oxford University Press, USA

Did the Aztecs live like you do today? Did they sit down for dinner as a family? Did they go out on weekends to have fun? How did mommies and daddies bond with their kids? If you want to know the answers to these, then you better start reading this history book for kids. Grab a copy today!

Aztec Thought and Culture University of Oklahoma Press

Created in Tepechpan, a relatively minor Aztec city in Central Mexico, the Tira de Tepechpan records important events in the city's history from 1298 through 1596. Most of the history is presented pictographically. A line of indigenous year signs runs the length of the Tira, with images above the line depicting events in Tepechpan and images below the line recording events at Tenochtitlan, capital of the Aztec empire and later the seat of Spanish rule. Written annotations amplify some of the images. In this volume, which includes color plates of the entire Tira, Lori Boornazian Diel investigates the motives behind the creation and modification of the Tira in the second half of the sixteenth century. She identifies the Tira's different contributors and reconciles their various histories by asking why these painters and annotators, working at different times, recorded the events that they did. Comparing the Tira to other painted histories from Central Mexico, Diel demonstrates that the main goal of the Tira was to establish the antiquity, autonomy, and prestige of Tepechpan among the Central Mexican city-states that vied for power and status in the preconquest and colonial worlds. Offering the unique point of view of a minor city with grand ambitions, this study of the Tira reveals imperial strategy from the grassroots up, showing how a subject city negotiated its position under Aztec and Spanish control. *How to Be an Aztec Warrior* *Aztec History* *A Captivating Guide to the Aztec Empire, Mythology, and Civilization*

Some sixty years after the Spanish conquest of Mexico, a group of Nahua intellectuals in Mexico City set about compiling an extensive book of miscellanea, which was recorded in pictorial form with alphabetic texts in Nahuatl clarifying some imagery or adding new information altogether. This manuscript, known as the *Codex Mexicanus*, includes records pertaining to the Aztec and Christian calendars, European medical astrology, a genealogy of the Tenochca royal house, and an annals history of pre-conquest Tenochtitlan and early colonial Mexico City, among other topics. Though filled with intriguing information, the *Mexicanus* has long defied a comprehensive scholarly analysis, surely due to its disparate contents. In this pathfinding volume, Lori Boornazian Diel presents the first thorough study of the entire *Codex Mexicanus* that considers its varied contents in a holistic manner. She provides an authoritative reading of the *Mexicanus* ' s contents and explains what its creation and use reveal about native reactions to and negotiations of colonial rule in Mexico City. Diel makes sense of the codex by revealing how its miscellaneous contents find counterparts in Spanish books called *Reportorios de los tiempos*. Based on the medieval almanac tradition, *Reportorios* contain vast assortments of information related to the issue of time, as does the *Mexicanus*. Diel masterfully

demonstrates that, just as *Reportorios* were used as guides to living in early modern Spain, likewise the *Codex Mexicanus* provided its Nahua audience a guide to living in colonial New Spain.

Aztec Autumn University of Oklahoma Press

Since its violent dissolution in 1521, the Aztec Empire of Mexico has continually intrigued us. Recent discoveries resulting from the excavation of the Templo Mayor in the heart of Mexico City have taught us even more about this fascinating culture. The increasing recognition that the achievements of Mesoamerican civilizations were among the most sophisticated of the ancient world has led to a demand for introductions to the basic methods and theories of scholars working throughout the region. *Handbook to Life in the Aztec World* gathers the results from recent archaeological discoveries and scholarly research into a single accessible volume. Organized thematically, the handbook covers all aspects of life in the Aztec world: Mesoamerican civilizations and Aztec archeology; evolution of Aztec civilization; geography of the Aztec world; society and government; religion, cosmology, and mythology; funerary beliefs and customs; Aztec art; Aztec architecture; Nahuatl literature; the calendar, astronomy, and mathematics; economy, industry, and trade; daily life; the Aztec after conquest and today. Each chapter includes an extensive bibliography, and more than 165 original line drawings, photographs, and maps complement the text. *Handbook to Life in the Aztec World* provides all the essential information required by anyone interested in Aztec history or culture.

A Captivating Guide to the Aztec Empire, Mythology, and Civilization Childrens Press

For at least two millennia before the advent of the Spaniards in 1519, there was a flourishing civilization in central Mexico. During that long span of time a cultural evolution took place which saw a high development of the arts and literature, the formulation of complex religious doctrines, systems of education, and diverse political and social organization. The rich documentation concerning these people, commonly called Aztecs, includes, in addition to a few codices written before the Conquest, thousands of folios in the Nahuatl or Aztec language written by natives after the Conquest. Adapting the Latin alphabet, which they had been taught by the missionary friars, to their native tongue, they recorded poems, chronicles, and traditions. The fundamental concepts of ancient Mexico presented and examined in this book have been taken from more than ninety original Aztec documents. They concern the origin of the universe and of life, conjectures on the mystery of God, the possibility of comprehending things beyond the realm of experience, life after death, and the meaning of education, history, and art. The philosophy of the Nahuatl wise men, which probably stemmed from the ancient doctrines and traditions of the Teotihuacans and Toltecs, quite often reveals profound intuition and in some instances is remarkably “ modern. ” This English edition is not a direct translation of the original Spanish, but an adaptation and rewriting of the text for the English-speaking reader.

Describes the history, geography, culture, and people of the Aztec empire, including information on the city of Tenochtitl á n.

At Home with the Aztecs Stanford University Press

Modern peoples have always been fascinated with the iconic architecture, mystical religious beliefs, and once-thriving societies of the ancient Aztecs. From the fertile areas of the Oaxaca Valley and the Valley of Mexico to the great deserts of the north, this authoritative resource explores the development of the ancient civilizations of the Aztecs and their predecessors. Organized chronologically, it describes the native cultures, from the earliest farming villages to the establishment of great states and urban civilizations such as Teotihuacan and Monte Alban. By investigating the connections between these civilizations and the more obscure civilizations of northern Mexico, it offers readers insight into the birth of new cultures such as the Toltec Empire. An engagingly written, thoroughly researched

text and superb photography explore, in-depth, such topics as the Aztec calendar, religion, society, and political organization, providing fresh insight into the rich cultural and artistic heritage of the Aztecs.

[Aztec History](#) Early Modern History: Society

If you are curious about how the extraordinary Aztecs lived and ran their empire, then keep reading! The remarkable Aztecs formed a vast, organized empire renown for military prowess, expansive trade, intriguing culture, and ingenious agriculture - all from an island in a swamp. But where was their mysterious homeland of Aztlan? How did they ascend to dominance in the Valley of Mexico? Explore the mesmerizing origins of the Aztecs, discover how a wandering desert tribe came to rule much of present-day Mexico, and investigate the spectacular - albeit somewhat depraved - culture that set their civilization apart. This easy-to-read, comprehensive, and engaging history of the Aztec Empire will unlock the little-known and awe-inspiring stories and culture of a legendary people. This well-researched and authoritative presentation, accompanied by striking illustrations, brings the Aztec civilization to life. Here are some of the fascinating questions you will explore: What secrets have recent archaeological finds uncovered about the Aztecs and other Mesoamerican cultures? How did the startling cultures that existed before the Aztecs influence them? What made these pre-existing cultures famous? What prophecies propelled the Mexica into their empire-building destiny and formed their self-identity? Why did the Mexica build their astonishing city on an island in the middle of a lake? How did it grow into one of the largest cities in the world at that time? Was their mysterious homeland of Aztlan a real place? If so, where was it? What's this story about an eagle on a cactus eating a rattlesnake? How did the Mexica turn the tables to rule over the tribes that once dominated them? What intrigue led to the coalition armies and the Triple Alliance? How did the Aztecs form their extensive network of power and organize their far-flung city-states? What were their mythology and religion like? Did they actually practice human sacrifice? How did they use their stunning sculptures and brilliant artwork as a type of propaganda? Were they really one of the first civilizations to require education for all classes and both boys and girls? What did they eat? Was it anything like present-day Mexican food? How did the common people live? What did they do for fun? What did the Aztecs do when the Spaniards landed in their territory? How did conquistador Hernán Cortés cunningly form alliances with the Aztecs' enemies? And much, much more! Scroll up and click the "add to cart" button to learn more about the incredible Aztecs!
