The Aztec Empire University of Texas Press
Did you know that the Aztecs sacrificed 500 to 700 people every year in order to satisfy Gods? For many years, the Aztecs have captured our imaginations. Stories from the original European invaders combined with unique, awe-inspiring ruins and legends that speak of palaces of gold create an image of Aztec society defined by grandeur, wealth, and splendor. But who exactly were the Aztecs? Where did they come from? How did they rise to control such a wide expanse of land? And if they were so powerful, how was it possible for them to fall from power and dominance just three years after contact was first made with the Spaniards? These are just some of the questions that this new captivating history book aims to answer. In *Aztec History: A Captivating Guide to the Aztec Empire, Mythology, and Civilization* you will discover topics such as: Where Did the Aztecs Live? The Truth About Who the Aztecs Really Were Remarkable Insights into Government, City-States, and Expansion The Arrival of the Spanish and the Decline of the Empire A Day in the Life of an Aztec Citizen The Sovereign, the Dignitaries, and the Nobles Agriculture and Diet Religion Shocking Discoveries of Human Sacrifice And much, much more! Get the book now to learn more about the Aztecs!

For any literature project, trust Poetry for Students for all of your research needs.

The Codex Mexicanus Oxford University Press, USA

For at least two millennia before the advent of the Spaniards in 1519, there was a flourishing civilization in central Mexico. During that long span of time a cultural evolution took place which saw a high development of the arts and literature, the formulation of complex religious doctrines, systems of education, and diverse political and social organization. The rich documentation concerning these people, commonly called Aztecs, includes, in addition to a few codices written before the Conquest, thousands of folios in the Nahuatl or Aztec language written by natives after the Conquest. Adapting the Latin alphabet, which they had been taught by the missionary friars, to their native tongue, they recorded poems, chronicles, and traditions. The fundamental concepts of ancient Mexico presented and examined in this book have been taken from more than ninety original Aztec documents. They concern the origin of the universe and of life, conjectures on the mystery of God, the possibility of comprehending things beyond the realm of experience, life after death, and the meaning of education, history, and art. The philosophy of the Nahuatl wise men, which probably stemmed from the ancient doctrines and traditions of the Teotihuacans and Toltecs, quite often reveals profound intuition and in some instances is remarkably "modern." This English edition is not a direct translation of the original Spanish, but an adaptation and rewriting of the text for the English-speaking reader.

Ancient Civilizations: Egyptians! Tqs Publications

From the author of *Guns, Germs and Steel*, Jared Diamond's *Collapse: How Societies Choose to Fail or Survive* is a visionary study of the mysterious downfall of past civilizations. Now in a revised edition with a new afterword,

Jared Diamond's *Collapse* uncovers the secret behind why some societies flourish, while others founder - and what this means for our future. What happened to the people who made the forlorn long-abandoned statues of Easter Island? What happened to the architects of the crumbling Maya pyramids? Will we go the same way, our skyscrapers one day standing derelict and overgrown like the temples at Angkor Wat? Bringing together new evidence from a startling range of sources and piecing together the myriad influences, from climate to culture, that make societies self-destruct, Jared Diamond's *Collapse* also shows how - unlike our ancestors - we can benefit from our knowledge of the past and learn to be survivors. 'A grand sweep from a master storyteller of the human race' - Daily Mail 'Riveting, superb, terrifying' - Observer 'Gripping ... the book fulfils its huge ambition, and Diamond is the only man who could have written it' - Economist 'This book shines like all Diamond's work' - Sunday Times

The Tira de Tepechpan Wiley-Blackwell

For more than three millennia the cultures of Mesoamerica flourished, building the first cities of the Western Hemisphere and developing writing systems that could rival those of the Eastern Hemisphere in their creativity and efficiency. The Nahuatl-speaking Aztecs reigned over one of the greatest imperial civilizations the Americas had ever seen, and up until now their intricate and visually stunning hieroglyphs have been overlooked in the story of writing. In this innovative volume Gordon Whittaker provides the reader with everything they need to know to appreciate and understand Aztec hieroglyphs: a step-by-step, illustrated guide of how to read Aztec glyphs; an explanation of the special features of this writing system in comparison to others from around the globe; the story of how this enigmatic language has been deciphered; a tour through Aztec history as recorded in hieroglyphic codices; and demonstrations of how the writing system was adapted to transliterate Spanish words during the Conquest.

The Aztec Empire Beacon Press

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

A Guide to Life in Late Sixteenth-Century New Spain Forge Books

After the Aztec empire falls to the Spaniards, a young Aztec named Tenama+a7xtli begins recruiting from among his fellow survivors of the Conquest to once again challenge the Spaniards and restore the Aztec empire. By the author of *Aztec*. 250,000 first printing.

Incans, Aztecs, Mayans The Salariya Book Company

At an excavation of the Great Aztec Temple in Mexico City, amid carvings of skulls and a dismembered warrior goddess, David Carrasco stood before a container filled with the decorated bones of infants and children. It was the site of a massive human sacrifice, and for Carrasco the center of fiercely provocative questions: If ritual violence against humans was a profound necessity for the Aztecs in their capital city, is it central to the construction of social order and the authority of city states? Is civilization built on violence? In *City of Sacrifice*, Carrasco chronicles the fascinating story of Tenochtitlan, the Aztec capital, investigating Aztec religious practices and demonstrating that religious violence was integral to urbanization; the city itself was a temple to the gods. That Mexico City, the largest city on earth, was built on the ruins of Tenochtitlan, is a point Carrasco poignantly considers in his comparison of urban life from antiquity to modernity. Majestic in scope, *City of Sacrifice* illuminates not only the rich history of a major Mesoamerican city but also the inseparability of two passionate human impulses: urbanization and religious engagement. It has much to tell us about many familiar events in our own time, from suicide bombings in Tel Aviv to rape and murder in the Balkans.

The Aztecs University of Oklahoma Press

Describes the history, geography, culture, and people of the Aztec empire, including information on the city of Tenochtitlan.

Aztec Peace Hill Press

You are a young man from a noble family in Mexico. Little do you suspect that you are about to fall victim to one of the most powerful South American civilisations and become an Aztec sacrifice! This title in the best-selling children's history series, *You Wouldn't Want To...*, features full-colour illustrations which

combine humour and accurate technical detail and a narrative approach placing readers at the centre of the history, encouraging them to become emotionally-involved with the characters and aiding their understanding of what life would have been like living in the Aztec civilisation. Informative captions, a complete glossary and an index make this title an ideal introduction to the conventions of information books for young readers. It is an ideal text for Key Stage 2 shared and guided reading and helps achieve the goals of the Scottish Standard Curriculum 5-14.

History and Treasures of an Ancient Civilization University of Texas Press

Political history of the Aztecs and their pre-Hispanic empire in the Valley of Mexico.

At Home with the Aztecs *Aztec History: A Captivating Guide to the Aztec Empire, Mythology, and Civilization*

An unabridged translation of a 16th century Dominican friar's history of the Aztec world before the Spanish conquest, based on a now-lost Nahuatl chronicle and interviews with Aztec informants. Duran traces the history of the Aztecs from their mythic origins to the destruction of the empire, and describes the court life of the elite, the common people, and life in times of flood, drought, and war. Includes an introduction and annotations providing background on recent studies of colonial Mexico, and 62 b&w illustrations from the original manuscript. Annotation c. by Book News, Inc., Portland, Or.

City of Sacrifice Thames & Hudson

The author describes the advancing civilization of the Aztecs destroyed by Spanish conquest

Mesoamerican History: a Captivating Guide to Four Ancient Civilizations That Existed in Mexico - the Olmec, Zapotec, Maya and Aztec Civilization Stanford University Press

At Home with the Aztecs provides a fresh view of Aztec society, focusing on households and communities instead of kings, pyramids, and human sacrifice. This new approach offers an opportunity to humanize the Aztecs, moving past the popular stereotype of sacrificial maniacs to demonstrate that these were successful and prosperous communities. Michael Smith also engagingly describes the scientific, logistic and personal dimensions of archaeological fieldwork, drawing on decades of excavating experience and considering how his research was affected by his interaction with contemporary Mexican communities. Through first-hand accounts of the ways archaeologists interpret sites and artifacts, the book illuminates how the archaeological process can provide information about ancient families. Facilitating a richer understanding of the Aztec world, Smith's research also redefines success, prosperity and resilience in ancient societies, making this book suitable not only for those interested in the Aztecs but in the examination of complex societies in general.

A Picture-history of the Inca Civilisation *Early Modern History: Society*

"What was it like to live in ancient Egypt? *Ancient Civilizations: Egyptians!* With 25 Social Studies Projects for Kids combines hands-on STEAM projects with riddles, jokes, fascinating facts, comic strips, essential questions, and links to online resources to encourage kids to develop an understanding of how this ancient civilization contributes to our modern world"--Provided by publisher. Gale, Cengage Learning

The enigmatic and powerful Tlacaélel (1398 – 1487), wrote annalist Chimalpahin, was "the beginning and origin" of the Mexica monarchy in fifteenth-century Mesoamerica. Brother of the first Moteuczoma, Tlacaélel would become "the most powerful, feared, and esteemed man of all that the world had seen up to that time." But this outside figure of Aztec history has also long been shrouded in mystery. In *Tlacaélel Remembered*, the first biography of the Mexica nobleman, Susan Schroeder searches out the truth about his life and legacy. A century after Tlacaélel's death, in the wake of the conquistadors, Spaniards and natives recorded the customs, histories, and language of the Nahua, or Aztec, people. Three of these chroniclers—fray Diego Durán, don Hernando Alvarado Tezozomoc, and especially don Domingo de San Antón Muñón Chimalpahin Quauhtlehuanitzin—wrote of Tlacaélel. But the inaccessibility of Chimalpahin's annals has meant that for centuries of Aztec history, Tlacaélel has appeared, if at all, as a myth. Working from Chimalpahin's newly available writings and exploring connections and variances in other source materials, Schroeder draws the clearest possible portrait of Tlacaélel, revealing him as the architect of the Aztec empire's political power and its military might—a politician on par with Machiavelli. As the advisor to five Mexica rulers, Tlacaélel shaped the organization of the Mexica state and broadened the reach of its empire—feats typically accomplished with the spread of warfare, human sacrifice, and cannibalism. In the annals, he is considered the "second king" to the rulers who built the empire, and is given the title "Cihuacoatl," used for the office of president and judge. As Schroeder traces Tlacaélel through the annals, she also examines how his story was transmitted and transformed in later histories. The resulting work is the most complete and comprehensive account ever given of this significant figure in Mesoamerican history.
