History Alive! History

Alive!History Alive!Teaching U.S. History Beyond the TextbookCorwin Press Learning Islam Level 1 WB Stenhouse Publishers Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms. AMER STORY VOL 1 SET Teachers Curriculum Inst

Annotation World History: Cultures, States, and Societies to 1500 offers a comprehensive introduction to the history of humankind from prehistory to 1500. Authored by six USG faculty members with advance degrees in History, this textbook offers up-to-date original scholarship. It covers such cultures, states, and societies as Ancient Mesopotamia, Ancient Israel, Dynastic Egypt, India's Classical Age, the Dynasties of China, Archaic Greece, the Roman Empire, Islam, Medieval Africa, the Americas, and the Khanates of Central Asia. It includes 350 high-quality images and maps, chronologies, and learning questions to help guide student learning. Its digital nature allows students to follow links to applicable sources and videos, expanding their educational experience beyond the textbook. It provides a new and free alternative to traditional textbooks, making World History an invaluable resource in our modern age of technology and advancement. Our Country's Regions McGraw-Hill/Glencoe
“ Every teacher, every student of

history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself. ” —Howard Zinn A new edition of the national bestseller and American Book Award winner, with a new preface by the author Since its first publication in 1995, *Lies My Teacher Told Me* has become one of the most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the *New York Times*. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “ objective. ” What started out as a survey of the twelve leading

American history textbooks has ended up being what the *San Francisco Chronicle* calls “ an extremely convincing plea for truth in education. ” In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

History Alive!. Routledge United States History & Geography explores the history of our nation and brings the past to life for today s high school students. The program s robust, interactive rigor includes a strong emphasis on biographies and primary sources, document-based

History Alive! Pursuing

American Ideals centers on the

five founding ideals from the Declaration of Independence:

equality, rights, liberty, opportunity, and democracy.

Each generation has struggled

with these ideals. Some have

made little progress toward

achieving them. Others have

made great progress. This book

invites students to become

engaged in this struggle, from

establishing an American

republic to the making of

modern America. --Website.

The Complete Book of United

States History McDougal

Littell/Houghton Mifflin

Published by OpenStax

College, U.S. History covers the

breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

World History Macmillan

R.C. Davis provided the classic account of the European medieval world; equipping generations of undergraduate and 'A' level students with sufficient grasp of the period to

debate diverse historical perspectives and reputations. His book has been important grounding for both modernists required to take a course in medieval history, and those who seek to specialise in the medieval period. In updating this classic work to a third edition, the additional author now enables students to see history in action; the diverse viewpoints and important research that has been undertaken since Davis' second edition, and progressed historical understanding. Each of Davis original chapters now concludes with a 'new directions and developments' section by Professor RI Moore, Emeritus of Newcastle University. A key work updated in a method that both enhances subject understanding and sets important research in its wider context. A vital resource, now up-to-date for generations of historians to come.

The Monument New Leaf Publishing Group

THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to

Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

Alan Brinkley's American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

Bring Science Alive! America's Story

This engaging textbook teaches students about the Middle Ages, from the fall of Rome to the Renaissance. Follow this story-based approach to world history as you meet numerous historical figures (including St. Patrick, Genghis Khan, Richard the Lionheart, Joan of Arc, and Martin Luther), visit medieval

sites around the world, and trace the rise and fall of numerous empires and kingdoms. Volume 2 in this series for your junior high students includes: A conversational narrative that brings medieval history to life. Gorgeous photographs, artwork, and maps that help students visualize people, places, and events. Educational features that dig deeper into the history of the Christian Church. Throughout the course, students will see God ' s guiding hand through history. They will study the major events of the Middle Ages and delve into how society and culture developed and changed. Students will also study medieval civilizations spanning the whole globe, including the Byzantines, Anglo-Saxons, Muslims, Chinese, Japanese, Mongols, Mughals, Vikings, Normans, Russians, Songhai, and Aztecs!

World History McGraw-Hill/Glencoe

Preparing children to become citizens of a democracy requires recognition of the different ways in which children learn about politics. Kids in the United States currently spend most of their lives in controlled situations such as schools where the dependency they experience in their homes is reinforced. Besides teachers -- books, films, television, and video games influence how children think about democracy. Interviews and surveys of children during three Presidential elections and two non-Presidential years show how some sixth-graders in a Vermont town react to the political issues raised in those elections. Besides presenting the children's voices, Sugarman also examines some aspects of the media and of the school situation to see how they effect the children's thinking. Changes that might improve the children's understanding and knowledge of democracy are also suggested. This book should be of interest to parents,

teachers, those involved in media literacy, popular culture, and child development.
