The Seventh Sun faces destruction as Mayana and Ahkin race to save their world in the finale to this “compulsively readable” series (Rachel A. Marks, author of *Fire*

and Bone). To the Chicome people, an eclipse is a time of terror. When darkness falls, the barrier separating the heavens and the earth becomes unstable. Then come the ravaging Tzitzimime—the star demons who thirst for human blood. Mayana and Ahkin know the full extent of the coming danger, but they must gather support or the Chicome Empire is doomed. As the eclipse nears, many maneuver for power in this deadly game of worlds ending. Metzti, Ahkin’s treacherous sister, has seized control of the empire with the aid of the malevolent goddess known as the Obsidian Butterfly. But Metzti has no idea what the goddess has in store ... Yemania and Ochix face the wrath of both their peoples. Their

---

forbidden liaison may draw ancient enemies together ... or rip the young lovers apart forever. And the princesses who battled fiercely for Ahkin ' s heart in The Seventh Sun meet again—but this time, they must join forces in order to survive. As for Ahkin and Mayana, the entire empire seems to want to keep them apart. Can their love endure the end of the world?

Hosts of the podcast *Stuff They Don't Want You to Know*, Ben Bowlin, Matthew Frederick, & Noel Brown discern conspiracy fact from fiction regarding "stuff" the government doesn't want you to know. Conspiracies didn't always seem so clear and present. It used to be that people with tin-foil hats who

were convinced of secret messages coming through the radio were easily disregarded as kooks and looney tunes. But these days, conspiracies feel alive and well. From internet rumors to lying politicians to the tinderbox that is social media, it's become remarkably clear that a vast swath of people believe really bonkers things. Why is that? How did these theories proliferate? Is there a kernel of truth to it or are they fully fiction? Ben Bowlin, Matt Frederick, and Noel Brown are the hosts of the popular iHeart podcast that seeks to answer these questions. With cool heads and extensive research, they

---

regularly break down the wildest conspiracy theories: from chemtrails and biological testing to the secrets of lobbying and why the Kennedy assassination is of perennial interest. Written in smart, witty, and conversational style, and with amazing illustrations, *Stuff They Don't Want You to Know* is a vital book in helping to understand the unexplainable and use truth as a powerful weapon against ignorance, misinformation, and lies. [History Alive!](#) Teachers Curriculum Institute  
The role of the Shanghai Cooperation Organization (SCO) in regional politics

and the significance of the organization for U.S. interests are widely misunderstood. The organization is emphatically not a military bloc, and yet engages in joint activities which resemble military cooperation to U.S. eyes. It is, in theory, open to new members; but at present is highly unlikely to accept any. Its rhetoric firmly opposes U.S. presence and activity on the territory of member states, and yet individual member states leverage basing agreements with the U.S. to their advantage. The

author reviews SCO's history and stated aspirations, and measures these against actual achievements. He concludes that, with the notable exception of the Regional Anti-Terrorist Structure (RATS), the great majority of SCO accomplishments are of little significance other than to provide an additional multinational vehicle through which China and in particular Russia can seek to counter U.S. and Western activity in Central Asia. **History Alive!** Yale University Press

The History of the Ancient  
World: From the Earliest  
Accounts to the Fall of Rome  
Heinemann-Raintree Library  
"Magisterial. . . . A learned,  
brilliant and enjoyable  
study."—Géza Vermès, Times  
Literary Supplement In this  
exciting book, Paula  
Fredriksen explains the variety  
of New Testament images of  
Jesus by exploring the ways  
that the new Christian  
communities interpreted his  
mission and message in light  
of the delay of the Kingdom he  
had preached. This edition  
includes an introduction  
reviews the most recent  
scholarship on Jesus and its  
implications for both history

---

and theology. "Brilliant and lucidly written, full of original and fascinating insights."—Reginald H. Fuller, *Journal of the American Academy of Religion* "This is a first-rate work of a first-rate historian."—James D. Tabor, *Journal of Religion* "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark,

Luke, and John."—Thomas D'Evelyn, *Christian Science Monitor*  
The Map of Knowledge  
W. W. Norton & Company  
In this panorama of world history from 4004 BC to AD 29, you will explore creation, the Flood, the Tower of Babel, and the rise of civilizations from Mesopotamia to Rome. You will see God's purposes worked out through His chosen people, Israel, culminating in the birth of the Messiah, Jesus Christ.

[The Ancient World Sample](#)

Lesson Answers in Genesis  
A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own. This is the first volume in a bold new series that tells the stories of all peoples, connecting historical events from Europe to the Middle East to the far coast of China, while still giving weight to the characteristics of each country. Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions

about human history. Dozens of maps provide a clear geography of great events, while timelines give the reader an ongoing sense of the passage of years and cultural interconnection. This old-fashioned narrative history employs the methods of “history from beneath”—literature, epic traditions, private letters and accounts—to connect kings and leaders with the lives of those they ruled. The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world

---

events and the causes behind them.

*History Alive!* Penguin History Alive! The Ancient World introduces students to the beginnings of the human story. legacy of civilizations from Europe, Africa, and the Middle East to Asia and the Americas. History Alive! The United States Through Industrialism immerses students in a powerful journey through the history of the United States from its earliest foundations to the age of industrialism. History Alive! The United States Through Modern Times captures the story of the United States from the precolonial era to the 21st century.

The Monument Routledge \*Includes pictures. \*Includes footnotes and a bibliography for further reading. Many ancient civilizations have influenced and inspired people in the 21st century. The Greeks and Romans continue to fascinate the West today. But of all the world's civilizations, none have intrigued people more than the Mayans, whose culture, astronomy, language, and mysterious disappearance all continue to captivate people. In 2012 especially, there was a renewed focus on the

---

Mayans, whose advanced calendar has led many to speculate the world would end on the same date the Mayan calendar ends, but if anything, the focus on the "doomsday" scenario overshadowed the Mayans' true contribution to astronomy, language, sports, and art. The Maya maintained power in the Yucatan for over a thousand years, and at the height of its "Classical era" (3rd-9th centuries A.D.), the city of Tikal was one of the power centers of the empire. Archaeologists believe Tikal

had been built as early as the 5th or 4th century BC, and eventually it became a political, economic and military capital that was an important part of a far-flung network across Mesoamerica, despite the fact it was seemingly conquered by Teotihuacan in the 4th century AD. It seems the foreign rulers came to assimilate Mayan culture, thus ensuring Tikal would continue to be a power base, and as a result, the city would not be abandoned until about the 10th century AD. As one of

the Ancient Maya's most important sites, construction at Tikal was impressive, and even though it was apparently conquered, the city's records were unusually well preserved. This includes a list of the city's dynastic rulers, as well as the tombs and monuments dedicated to them. Thanks to this preservation, Tikal offers researchers their best look at the Ancient Maya and has gone a long way toward helping scholars understand Mayan history. Tikal: The History of the Ancient Maya's Famous Capital

---

covers the history of the city, as well as the speculation and debate surrounding it. Along with pictures and a bibliography, you will learn about Tikal like you never have before, in no time at all.

Discover Myths, History &

More From The World's

Most Ancient Civilization!

Mesopotamia, the land

"between two rivers" was an

ancient region located in modern-day Iraq and parts of Iran, Syria, and Turkey.

From the founding of Eridu in the sixth millennium BCE to the fall of Babylon in the first, the history of

Mesopotamia spans almost 5,000 years. It was not only the earliest but also the greatest civilization in human history. Sumerians, Assyrians, Akkadians, and Babylonians were just some of the associated cultures.

For a long time, the only way to understand their history has been through dense academic sources. This is in

part due to the huge time frame and the lack of easily understood ancient sources.

Such inaccessibility of information means that few know little about it. As such, it is essential to bring their knowledge and history into the light, allowing everyone to benefit from the

fascinating insights of the very first human civilization.

Inside this book you will discover; Introduction to the Sumerians, Assyrians, Persians & Babylonians.

Epics & mythological stories, including the famous Epic of Gilgamesh, The Babylonian

---

Creation Myth, The Enuma Elish & many more. Sargon of Akkad (Saddam Hussein celebrated this great Akkadian emperor with lavish festivities) How Mesopotamia laid foundations for human civilization - technology, laws, education, languages & more. Learn about civilizations such as The Land of Ur (home to Biblical characters) Old Babylon - fascinating insights from one of the most famous ancient cities. Why the introduction of a syllabic writing system was one of the largest

contributors to the fall of Mesopotamia. And much, much more... Whether you're an ancient history enthusiast or just a reader looking to add to their knowledge...Inside you will discover a wealth of cultural history, mythology and more from in this book.
