It is a system of moral, social, political, and religious thought that has had tremendous influence on Chinese history, thought, and culture down to the 20th century. Some Westerners have considered it to have been the "state religion" of imperial China because of its lasting influence on Asian culture.

Chinese history has alternated between periods of political unity and peace, and periods of war and failed statehood—the most recent being the Chinese Civil War(1927–1949). China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population.

Chinese political thought - Oxford Reference. Chinese classical thought was directed primarily to politics in the wider sense, yet China produced relatively little systematic political philosophy. The Chinese cities of the Warring States period (481–221 bc) were not, like Athens, the home of maritime traders with wide experience of other cultures, but centres of Chinese acculturation of the surrounding areas.
