*Pen and Parchment* Cengage Learning

Discusses the techniques, uses, and aesthetics of medieval drawings; and reproduces work from more than fifty manuscripts produced between the ninth and early fourteenth century.

*Slaves and Liberators* Prentice Hall

In a very short time, Marilyn Stokstad's "Art History" has become the gold standard of introductions to the history of art. It has transformed the way the field of art history is perceived and experienced. Engaging, accessible, and, just as important, fun, "Art History" gives today's readers cultural and social context for art along with eloquent visual explanations of art's special qualities and particular vocabularies. Its animated and clear narrative tells the many-sided story of art, starting with the earliest prehistoric paintings and sculpture through today's wildly varying works in new mediums. In addition to offering an outstanding collection of color illustrations, "Art History" features glorious maps, chronologies, and scores of labeled line drawings and architectural plans. Special essays called "The Object Speaks" offer tantalizing insights on topics such as authenticity, patronage, and artistic intention. Thoroughly updated to reflect the latest in scholarship, this Revised Second Edition features even more works in color and more newly cleaned or restored works. Many works of art are completely new to the book, including a wall painting from Chauvet cave, a page from the Morgan Library Picture Bible, Bronzino's "Allegory with Venus and Cupid," Claude Lorrain's "Embarkation of the Queen of Sheba," Rembrandt's "Anatomy Lesson of Dr. Tulp," and Courbet's "The Stone Breakers," among many others. The addition of cutting edge contemporary artists Jeff Wall and Jennifer Steinkamp, and architect Daniel Libeskind bring present-day currency to the book's scope. More attention has been paid to the art and culture of the Islamic world and specifically the Ottoman Empire.

**The Medici: Portraits and Politics 1512 – 1570** Anchor  
"The result of this process, for modern Western society, is a subtle metamorphosis of the notion of the devil, from fear of Satan into an internal evil, 'the demon within', characterized by a distrust of oneself and one's desires. It is this conception of the diabolical that is visible today in our interest in the supernatural, exorcism and, for example, in the role of the 'devilish good' in advertising." --BOOK JACKET.  
**Eating, Drinking, and European Culture from Rome to the Renaissance** Metropolitan Museum of Art

*Introduction to Art: Design, Context, and Meaning* offers a comprehensive introduction to the world of Art. Authored by four USG faculty members with advance degrees in the arts, this textbooks offers up-to-date original scholarship. It includes over

*A Global History* Wadsworth Publishing Company

Flexible organization, inclusive illustration program, expanded media resources.

*A Critical Introduction* John Wiley & Sons

Presents the story of Western art within its historical and cultural context. By focusing on fewer works, the text aims to offer a greater depth of understanding of important historical developments in art.

*The History of Western Art* Penguin Books

Surveys the history of art, including painting, sculpture, architecture, and photography, from cave paintings to modern art.

*The Hungry Eye* McGraw-Hill Humanities Social

Between 1512 and 1570, Florence underwent dramatic political transformations. As citizens jockeyed for prominence, portraits became an essential means not only of recording a likeness but also of conveying a sitter's character, social position, and cultural ambitions. This fascinating book explores the ways that painters (including Jacopo Pontormo, Agnolo Bronzino, and Francesco Salviati), sculptors (such as Benvenuto Cellini), and artists in other media endowed their works with an erudite and self-consciously stylish character that made Florentine portraiture distinctive. The Medici family had ruled Florence without interruption between 1434 and 1494. Following their return to power in 1512, Cosimo I de' Medici, who became the second Duke of Florence in 1537, demonstrated a particularly shrewd ability to wield culture as a political tool in order to transform Florence into a dynastic duchy and give Florentine art the central position it has held ever since. Featuring more than ninety remarkable paintings, sculptures, works on paper, and medals, this volume is written by a team of leading international authors and presents a sweeping, penetrating exploration of a crucial and vibrant period in Italian art.

*History* Naxos Audiobooks

An enticing history of food and drink in Western art and culture Eating and drinking can be aesthetic experiences as well as sensory ones. *The Hungry Eye* takes readers from antiquity to the Renaissance to explore the central role of food and drink in literature, art, philosophy, religion, and statecraft. In this

beautifully illustrated book, Leonard Barkan provides an illuminating meditation on how culture finds expression in what we eat and drink. Plato's Symposium is a timeless philosophical text, one that also describes a drinking party. Salome performed her dance at a banquet where the head of John the Baptist was presented on a platter. Barkan looks at ancient mosaics, Dutch still life, and Venetian Last Suppers. He describes how ancient Rome was a paradise of culinary obsessives, and explains what it meant for the Israelites to dine on manna. He discusses the surprising relationship between Renaissance perspective and dinner parties, and sheds new light on the moment when the risen Christ appears to his disciples hungry for a piece of broiled fish. Readers will browse the pages of the Deipnosophistae—an ancient Greek work in sixteen volumes about a single meal, complete with menus—and gain epicurean insights into such figures as Rabelais and Shakespeare, Leonardo and Vermeer. A book for anyone who relishes the pleasures of the table, *The Hungry Eye* is an erudite and uniquely personal look at all the glorious ways that food and drink have transfigured Western arts and high culture.

#### A Concise History of Modern Painting Harry N. Abrams

As fascinating as a real visit to the world's famous museums and architectural sites, **GARDNER'S ART THROUGH THE AGES: A GLOBAL HISTORY** gives you a comprehensive, beautifully illustrated tour of the world's great artistic traditions--plus all the study tools you need to excel in your art history course! Environmental Thought Oxford University Press, USA

Libya is teetering on the edge of collapse, having become a new haven for terrorist organizations and an epicenter of the refugee crisis. Few could have imagined that the uprising against the longstanding regime of Mu ' ammar Al-Gaddafi would expose a polity deeply fractured by internal divisions. Fewer still could have predicted the intractability of the conflicts that emerged in the wake of this revolution. Jacob Mundy ' s *Libya* is the first book to explain the political, security, and humanitarian crises that have engulfed Libya – Africa ' s largest oil-exporting country – since the Arab Spring of 2011. Examining the roots of the anti-Gaddafi revolution and the failures that resulted in the country ' s descent into chaos, Mundy identifies new centers of power that coalesced in the wake of the regime ' s collapse. The more these rival coalitions vied for political authority and control over Libya ' s vast oil wealth, the more they reached out to external actors who were playing their own “ great game ” in Libya and across the region. In the face of such a multifaceted crisis, the future looks grim as the international community seems unable to bring peace to this divided and conflict-ridden nation.

Gardner's Art through the Ages: A Concise Global History Polity Presents a collection of art that showcases visual tropes of masters with their adoring slaves and Africans as victims and individuals. Drawing in the Middle Ages Information Today, Inc.

History of Art for Young People Pearson College Division

**NEW YORK TIMES BESTSELLER** The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

#### A Survival Guide for Art History Students W. W. Norton

Environmental thought has a rich and extensive history. Leading philosopher Robin Attfield guides readers through the key developments and debates that have defined the field from ancient times to the present. Attfield investigates ancient, medieval and early modern environmental contributions; Darwin and his successors; the debate in America involving Thoreau, Marsh, Muir and Pinchot; and the foundation of the science of ecology in the western world. He goes on to discuss the central themes of key environmentalist works of the 1970s and 1980s, along with the major debates in environmental philosophy, including Lovelock ' s Gaia hypothesis. Ultimately, he confronts the current environmental emergency and the crises of climate change, air pollution and biodiversity loss. Each chapter concludes with a list of recommended reading, selected to invite readers to explore the book ' s fascinating topics in greater depth. A pivotal text in its field, *Environmental Thought: A Short History* will be of interest to students and scholars of history, philosophy, ethics, geography, religion, biology and environmental studies.

From the Middle Ages to the Present Multy

W.E.B Du Bois is widely considered one of the most accomplished and controversial African American intellectuals in U.S. history. A pioneering historian, sociologist, political economist, and civil rights activist, his masterpiece *The Souls of Black Folk* remains one of the most widely read books in the history of American literature. In this new book, Reiland Rabaka critically explores Du Bois ' s multidimensional legacy, lucidly introducing his main contributions in areas ranging from American sociology and critical race studies to black feminism and black Marxism. Rabaka argues that Du Bois ' s corpus, particularly when attention is given to his contributions to the critique of racism, sexism, capitalism and colonialism, can be persuasively interpreted as both an undeniable and unprecedented contribution to the origins and evolution of one of our most important

---

contemporary critical concepts: intersectionality. Du Bois: A Critical Introduction is an indispensable resource for scholars and students of history, sociology, politics, and economics. It will also be very valuable for those working in interdisciplinary fields, ranging from African American studies, critical race studies, and critical white studies to black feminism, black Marxism, and black internationalism.

The Image of the Black in Western Art Flammarion
