Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aboriginals used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aboriginals who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

You live in any sprawl long enough, you'll find out that there's a lot more to it than businessmen and soykaf stalls. Any sprawl worth its mettle has its dark corners, its forgotten places, its spots that are just as wild and untamed as the deepest rainforest. Seattle, the prime metroplex in the world for shadowrunning, is filled with such places, and *Sprawl Wilds* gives shadowrunners a chance to tour them. From a fortress-like Barrens farm recovering from a mysterious attack to a dark secret hidden in a clinic, runners have a chance to see the sites most people never encounter, and uncover information that some people want to stay secret at any cost. They'll meet jaded smugglers, wary police officers, passionate activists, hardened criminals, wounded warriors, and at least one deranged killer. The

questions are, will they survive long enough to collect a paycheck and how much of the sprawl will be nothing more than dust when they're done with it? *Sprawl Wilds* is a collection of *Shadowrun Missions* developed for major summer gaming conventions. These adventures have been adapted for both *Shadowrun, Twentieth Anniversary Edition* and *Shadowrun, Fifth Edition*, and they provide hours of shadowrunning goodness for experienced street veterans and new shadowrunners alike. Excerpt from *A History of the Philomathean Society of the University of Pennsylvania: With Some Account of What Its Members Have Done* In presenting this work the editors are aware of its many defects, but they beg the indulgence of the reader, calling attention to the fact that they have been hampered by their ignorance as amateurs, and by the

inaccessibility of the desired information. Every fact of history in this volume has been as far as possible tested by the records of the Society and the memories of the alumni. Corroboration of details has been no small part of the work. Every living member of the Society has been communicated with at least twice during the past eighteen months; some more than twice; for those who were prominent during Junior membership already know well how often the editors have bothered them.

Therefore, the editors hope the Senior members will overlook the faults of the volume, and complete and accurate as circumstances allow. To those who are not members of Philo, the editors offer their work as a memorial of the one hundred years', unbroken e Society, and as a testimony that Philo has always by her sons. At the cross Christ made possible a "divine exchange" for everyone who believes in him. What is this exchange? Because Jesus endured all the evil due to humankind, believers can actually partake in all the good due to him. In this meaty book, acclaimed scholar Derek Prince explores the astounding results of the atonement for followers of Christ. In place of punishment, wounding, death, poverty, shame, and rejection, Christ freely offers forgiveness, healing, life, abundance, glory, and acceptance. In addition, Prince gives biblical grounding for five areas of deliverance that are made available through the cross: deliverance from this present evil age, from the law, from self, from the flesh, and from the world. This brand-new edition includes a new mini-study course at the end of each chapter, perfect for individual or small group study.
