THIS is the story of my life in Christ. Now, what does living in Christ mean? It means that one is FOR Christ, that one not only accepts Him, but that one lives in Him. Living in Christ has little relationship to the more commonly accepted situation of living as a Christian, or living a Christian life. Living AS a Christian means that one has accepted the tokens of Christianity, that one agrees in the divinity of Christ, that one is a member of a Christian congregation, in a largely Christian community, in a Christian nation. Thus, one can lead a Christian life without knowing Christ and without changing one's existence in the slightest degree. If a person leads a Christian life, and it does not transform one's existence, then one can be sure that he does not KNOW Christ. Knowing Christ is the only manner in which one can go beyond oneself, and the only manner in which one can go beyond one's world. In knowing Christ, one is immediately lifted out of the mechanical life of the human existence, one transcends the common existence. One is no longer a human machine, leading a hopeless, mechanical life, repeating the same meaningless motions like a robot throughout the years of one's earthly existence. What was Christ's admonition? "Take up the Cross, and follow Me." But, in explication of this admonition, the New Testament contains many significant references to the condition of sleep, and Christ's exhortations to mankind to awaken. Now, what does this mean? It means that Christ did not wish to be followed by

robots and sleepwalkers, He desired man to awaken, and to attain the full use of his earthly powers. Not only are mechanical men of no use to Christ, but they are quite dangerous, they present endless difficulties in the establishment of Christ's Kingdom on earth.

During the winter of 1776, in one of the most amazing logistical feats of the Revolutionary War, Henry Knox and his teamsters transported cannons from Fort Ticonderoga through the sparsely populated Berkshires to Boston to help drive British forces from the city. This history documents Knox's precise route—dubbed the Henry Knox Trail—and chronicles the evolution of an ordinary Indian path into a fur corridor, a settlement trail, and eventually a war road. By recounting the growth of this important but under appreciated thoroughfare, this study offers critical insight into a vital Revolutionary supply route.

Her Wicked Sin Simon and Schuster

Set mainly in the small towns of Alabama, the stories in Her Kind of Want ache with the relentless longing of the poor, struggling, usually discarded southern women who tell us their lives—lives that seem to revolve around men whose only presence is their absence. Bebe, Luna, Melly, Little Hula, Dena. These are just a few of the women we meet in Jennifer Davis's award-winning collection. Women who married too fast, had children too young, and drink too much. Yet beneath their unpolished exteriors, these women are flesh and blood, and their wants and needs are as severe and deep as any. Davis's characters relate their stories in voices as complex and raw as their southern environment. Each tale may sound slightly familiar—an unwanted pregnancy, a fast car flying down a country road—but Davis moves beyond the familiar stories of the rural South to expose the gaps that connect these women, creating startlingly real and vibrant characters. Although often bleak and sometimes disturbing, Her Kind of Want is a celebration of southern people, their perseverance, their spirit, and their determination to make the ugly beautiful.

HER LITTLE WHITE LIE Silhouette

Read Susan Breen's posts on the Penguin Blog. A witty, honest, and hugely entertaining story for anyone who loves books, or has a difficult mother. And, let's face it, that's practically everybody... On paper, Arabella Hicks seems more than qualified to teach her fiction class on the Upper West Side: she's a writer herself; she's passionate about books; she's even named after the heroine in a Georgette Heyer novel. On the other hand, she's thirty-eight, single, and has been writing the same book for the last seven years. And she has been distracted recently: on the same day that Arabella teaches her class she also visits her mother in a nursing home outside the city. And every time they argue, Arabella wants the fighting to stop, but, as her mother puts it, "Just because we're family, doesn't mean we have to like each other." When her class takes a surprising turn and her lessons start to spill over into her weekly visits, she suddenly finds she might be holding the key to her mother's love and, dare she say it, her own inspiration. After all, as a lifelong lover of books, she knows the power of a good story.
