**Fair Play: Reese's Book Club**

Carson-Dellosa Publishing

Hilarious notes between a son and his mom show how kid logic can be very persuasive. Alex just has to convince his mom to let him have an iguana, so he puts his arguments in writing. He promises that she won't have to feed it or clean its cage or even see it if she doesn't want to. Of course Mom imagines life with a six-foot-long iguana eating them out of house and home. Alex's reassures her: It takes fifteen years for an iguana to get that big. I'll be married by then and probably living in my own house His mom's reply: How are you going to get a girl to marry you when you own a giant reptile? Kis will be in hysterics as the negotiations go back and forth through notes, and the lively, imaginative illustrations showing their polar opposite dreams of life with an iguana take the humor to even higher heights.

Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh\*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response

was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five

hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner.

"Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

*Grade 1 Writing* Carson-Dellosa Publishing

Oh, when will it snow again? wonders the little family who lives in the snow globe. They long for a swirling snowstorm—if only someone in the big family would pick up the snow globe and give it a great big shake. Baby would love to. She alone notices the little family. She gazes longingly at their snowy little world, but the snow globe is up way too high for her to reach. Then, when a real snowstorm sends the big children outside sledding in the moonlight, Baby finds herself alone in the parlor. . . . Will the snow globe family at last get a chance to go

---

sledding too? As readers follow the parallel adventures of both families, big and little, they will take special pleasure in the miniature world of the snow globe, where the skating pond is the size of a shiny quarter and a snowman is no bigger than a sugar cube.

### Holiday Paper Crafts

*Halloween Holiday Collection, Grade 3* Taylor & Francis

Buddy Boyle lives year-round with his family in unfashionable Seaville, New York, in a cramped little house on the bay. Skye Pennington spends the summers nearby on lavish estate complete with ocean view and a butler named Peacock. But Skye and Buddy fall in love anyway. And every once in a while they visit Buddy's estranged grandfather, who makes them forget they're from opposite sides of town. Then a reporter appears, searching for a man known as Gentlehands, a man with a horrifying past. Who is Gentlehands? And what is his connection to Buddy's handsome,

aristocratic grandfather? The mystery threatens to shatter Buddy and Skye's relationship, and change their lives forever.

*The Snow Globe Family*  
Penguin

"Katie and her sisters star in an amazing Christmas show, brought to life by their extra-special candy canes. One year, just days before the show, the canes' magical stripes disappear. The fairies fear the show will be a disaster, but when they follow their hearts, they discover how truly special Christmas can be."--Back cover.

*Cyberpl@y* Knopf Books for Young Readers  
A gingerbread man escapes from the oven and runs through the countryside pursued by an old man, an old woman, a little boy, three farmers, a bear, and a wolf.

**Gentlehands** Carson-Dellosa Publishing  
Why you need a writing revolution in your classroom and how to lead it The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them

---

with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

### *Santa's Stuck* Ballantine Books

The Internet is changing the way we communicate. As a cross between letter-writing and conversation, email has altered traditional letter-writing conventions. Websites and chat rooms have made visual aspects of written communication of greater importance,

arguably, than ever before. New communication codes continue to evolve with unprecedented speed. This book explores playfulness and artfulness in digital writing and communication and answers penetrating questions about this new medium. Under what conditions do old letter-writing norms continue to be important, even in email? Digital greetings are changing the way we celebrate special occasions and public holidays, but will they take the place of paper postcards and greeting cards? The author also looks at how new art forms, such as virtual theatre, ASCII art, and digital folk art on IRC, are flourishing, and how many people collect and display digital fonts on handsome Websites, or even design their own. Intended as a time capsule documenting developments online in the mid- to late 1990s, when the Internet became a mass medium, this book treats the computer as an expressive instrument fostering new forms of creativity and popular culture.
