I bought the teachers edition to go with the text for my daughter who homeschools and is in 7th grade. I know it will be a little challenging but she would like to take Algebra as an 8th grader. I have looked at many companies and haven't found a single one that does such a great job of setting the lessons up and putting everything into units.

Holt Algebra 1, Teacher's Edition  
PDF

Three Teacher's Edition books by  
Holt. Sample inside photos are of a  
text page and an answer key.

Covers are worn, but pages are in  
nice shape. Math doesn't change,  
so these are great for students to  
use for learning concepts and a lot  
of practice problems.
