"Published by OpenStax College, Calculus is
designed for the typical two- or three-
semester general calculus course,
incorporating innovative features to enhance
student learning. The book guides students
through the core concepts of calculus and
helps them understand how those concepts
apply to their lives and the world around them.

Due to the comprehensive nature of the
material, we are offering the book in three
volumes for flexibility and efficiency. Volume 1
covers functions, limits, derivatives, and
integration."--BC Campus website.
