Holt Rinehart & Winston  
The National Book Award-winning novel

about one remarkable young woman who dares to defy fate, perfect for readers who enjoyed *A Long Walk to Water* by Linda Sue Park or *Inside Out and Back Again* by Thanhha Lai. Like many girls her age in India, thirteen-year-old Koly faces her arranged marriage with hope and courage. But Koly's story takes a terrible turn when in the wake of the ceremony, she discovers she's been horribly misled—her life has been sold for a dowry. Can she forge

---

her own future, even in the face of time-worn tradition? Perfect for schools and classrooms, this universally acclaimed, bestselling, and award-winning novel by master of historical fiction Gloria Whelan is a gripping tale of hope that will transport readers of all ages.

American science literacy, scientists and educators have struggled to teach this discipline more effectively. Science Teaching Reconsidered provides undergraduate science educators with a path to understanding students, accommodating their individual differences, and helping them grasp the methods--and the wonder--of science. What impact does teaching style have? How do I plan a course curriculum? How do I make lectures, classes, and laboratories more effective? How can I tell what students are thinking? Why don't they understand? This handbook provides productive approaches to these and other questions. Written by scientists who are also educators, the handbook offers suggestions for having a greater impact in the classroom and provides resources for further research.
