Holt Physics W. W. Norton & Company

Expands the search for the origins of the universe beyond God and the Big Bang theory, exploring more bizarre possibilities inspired by physicists, theologians, mathematicians, and even novelists.

Holt Science and Technology Holt Rinehart & Winston

Senior year is a pivotal moment in the life of teens, a time when young men and women are shaping their goals and hopes for the future and seeking spiritual guidance. Creating a Christian Lifestyle, a comprehensive one-semester course, addresses significant issues teens will face as they choose among the many life paths they may travel--single or married life, religious life, or ordained ministry. The text examines themes common to all those paths: identity and autonomy, love, communication, sexuality, friendship, creativity and learning, work, money and possessions, and suffering and healing. Thought-provoking stories, poems, and personal examples lead students into discussion; engaging activities invite reflection, discussion, and journal writing. The full-color lively design and over 50 original artworks by students stimulate students' interest.
