Do your relationships tend to follow the same destructive pattern? Do you feel trapped by your family's expectations of you? Does your life seem overwhelmingly governed by jealousy or competitiveness or lack of confidence? In this ground-breaking book, clinical psychologist Oliver James shows that it is the way we were cared for in the first six years of life that has a crucial effect on who we are and how we behave. Nurture, in effect, shapes our very nature. James combines the latest scientific research with fascinating interviews to show that understanding your past is the first step to controlling your present.

Philosophy of Race: An Introduction provides plainly written access to a new subfield that has been in the background of philosophy since Plato and Aristotle. The second edition is updated to include contemporary developments such as digital racisms, metaphysical othering and metaphysical racism, and the rise of populist movements. Its focus has also been expanded to address non-white racial groups in the Americas, Europe, and beyond, such as the Roma and Uighur people. Part I provides an overview of ideas of race and ethnicity in the philosophical canon, egalitarian traditions, race in biology, and race in American and Continental Philosophy. Part II addresses race as it operates in life through colonialism and development, social constructions and institutions, racism, political philosophy, gender, and populist movements. This book constructs an outline that will serve as a resource for students, nonspecialists, and general readers in thinking, talking, and writing about philosophy of race.

In this concise introduction, Chad Kautzer demonstrates the shared emancipatory goals and methods of several radical philosophies, from Marxism and feminism to critical race and queer theory. Radical Philosophy examines the relations of theory and practice, knowledge and power, as well as the function of law in creating extralegal forms of domination. Through a critical engagement with the history of philosophy, Kautzer reconstructs important counter-traditions of historical, dialectical, and reflexive forms of critique relevant to contemporary social struggles. The result is an innovative, systematic guide to radical theory and critical resistance.

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was

a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

This successful world history reader in the popular DISCOVERING series contains a six-part pedagogical framework that guides students through the process of historical inquiry and explanation. Each chapter is organized within the same pedagogical framework: The Problem, Background, The Method, The Evidence, Questions to Consider, and Epilogue.

The text emphasizes historical study as interpretation rather than memorization of data. The Fourth Edition integrates new documents and revised coverage throughout, while the comparative chapters contribute to a more thorough and balanced examination of global history. "A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational." Kirkus Review, Starred Review American Angie Donovan has never wanted much. When you grow up getting bounced from foster home to foster home, you learn not to become attached to anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian—and get hitched—in two months. Especially if he's as hot and funny as her next-door neighbor... Jace Walters has never wanted much—except a bathroom he didn't have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He's finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she'll be gone in a few months... Except now she's determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he—and his obnoxious tight-knit family, and even these two wayward dogs—could be exactly what she needs? In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. Blowout! fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.

You live in any sprawl long enough, you'll find out that there's a lot more to it than businessmen and soykaf stalls. Any sprawl worth its mettle has its dark corners, its forgotten places, its spots that are just as wild and untamed as the deepest rainforest. Seattle, the prime metroplex in the world for shadowrunning, is filled with such places, and Sprawl Wilds gives shadowrunners a chance to tour them. From a fortress-like Barrens farm recovering from a mysterious attack to a dark secret hidden in a clinic, runners have a chance to see the sites most people never encounter, and uncover information that some people want to stay secret at any cost. They'll meet jaded smugglers, wary police officers, passionate activists, hardened criminals, wounded warriors, and at least one deranged killer. The questions are, will they survive long enough to collect a paycheck and how much of the sprawl will be nothing more than dust when they're done with it? Sprawl Wilds is a collection of Shadowrun Missions developed for major summer gaming conventions. These adventures have been adapted for both Shadowrun, Twentieth Anniversary Edition and Shadowrun, Fifth Edition, and they provide hours of shadowrunning goodness for experienced street veterans and new shadowrunners alike. With complete game information, including NPC stats, these adventures are poised to plunge players into urban chaos!

What distinguishes great leaders? Exceptional leaders capture passion. They lead for real: from the heart, smart and focused on the future, and with a commitment to being their very best. As Annie McKee and Richard Boyatzis have shown in their bestselling books Primal Leadership and Resonant Leadership, they create resonance with others. Through resonance, leaders become attuned to the needs and dreams of people they lead. They create conditions where people can excel. They sustain their effectiveness through renewal. McKee, Boyatzis, and Frances Johnston share vivid, real-life stories illuminating how people can develop emotional intelligence, build resonance, and renew themselves. Reflecting twenty years of longitudinal research and practical wisdom with executives and leaders around the world, this new book is organized around a core of experience-tested exercises. These tools help you articulate your strengths and values, craft a plan for intentional change, and create resonance with others. Practical and inspiring, Becoming a Resonant Leader is your hands-on guide to developing emotional intelligence, renewing and sustaining yourself and your relationships, and taking your leadership to a whole new level. This book is ideal for anyone seeking personal and professional development and for consultants, coaches, teachers, and faculty to use with their clients or students.

in metal masks and spears standing proud, ready for the fight to come. As the people of New Earth declare war on the people of Mainground, a dangerous era has dawned for Eden. After generations of division and disagreement, the two populations of Eden have finally broken their tentative peace, giving way to bloodshed and slaughter. Angie must flee with her family across the pitch black of Snowy Dark to the place where it all started, the stone circle where the people from Earth first landed, where the story of Gela - the mother of them all - began. It is there that Angie witnesses the most extraordinary event, one that will change the history of Eden forever. It will alter their future and re-shape their past. It is both a beginning and an ending. It is the true story of Eden.
