The Compact Reader Univ of North Carolina Press

They may ride off into the sunset, but cowboys never go out of style. These manly men embody the fiercely independent, earthy alpha male and hero who isn't afraid to show the gentle, nurturing side of his complex nature when faced with a woman in need. Even when he's coated with dust from riding behind a herd of cattle or up to his knees in mud freeing a calf from a wallow, this stud still generates a lot of Cowboy Heat. Delilah Devlin's *Cowboy Lust* was a sensation, hitting the top ten of romance books and generating a river of praise. Award-winning Devlin is back on the ranch with stories of rugged romantics, rough riders, and rope wranglers sure to satisfy any reader who craves the idea of that gruff, romantic hero, a man of few words but many moves. *Cowboy Heat* sits tall in the saddle, winning hearts and spurring readers to new heights of happiness.

Principles of Astrophysics Pearson College Division

In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts," the students were led by Sal Castro, a courageous and charismatic Mexican American teacher who encouraged the students to make their grievances public after school administrators and school board members failed to listen to them. The resulting blowouts sparked the beginning of the urban Chicano Movement of the late 1960s and early 1970s, the largest and most widespread civil rights protests by Mexican Americans in U.S. history. This fascinating testimonio, or oral history, transcribed and presented in Castro's voice by historian Mario T. Garcia, is a compelling, highly readable narrative of a young boy growing up in Los Angeles who made history by his leadership in the blowouts and in his career as a dedicated and committed teacher. *Blowout!* fills a major void in the history of the civil rights and Chicano movements of the 1960s, particularly the struggle for educational justice.

When novelists Deeanne Gist and J. Mark Bertrand first met in a Houston critique group, they never expected where friendship would take them. She wrote romance; he wrote crime novels. But growing respect for each other's work culminated in the decision to try blending their talents into this wonderfully engaging story merging romance and mystery. Rylee Monroe walks dogs in old-money Charleston,

a part of the city recently targeted by a daring thief. Logan Woods works the crime beat for the local paper but dreams of a life as a nonfiction writer. When the string of robberies takes a strange twist, Logan sees the making of a once-in-a-lifetime book that seems to circle around this charming, eye-catching dogwalker. But pursuing the truth means ignoring that he seems to be falling for her. And what is she hiding in her past that could crack the story wide open?

Blowout! Radical Sixties V. 5 5

This book explains how and why information literacy can help to foster critical thinking and discerning attitudes, enabling citizens to play an informed role in society and its democratic processes. In early 21st century societies, individuals and organisations are deluged with information, particularly online information. Much of this is useful, valuable or enriching. But a lot of it is of dubious quality and provenance, if not downright dangerous. Misinformation forms part of the mix. The ability to get the most out of the information flow, finding, interpreting and using it, and particularly developing a critical mindset towards it, requires skills, know-how, judgement and confidence - such is the premise of information literacy. This is true for many aspects of human endeavour, including education, work, health and self-enrichment. It is notably true also for acquiring an understanding of the wider world, for reaching informed views, for recognising bias and misinformation, and thereby for playing a part as active citizens, in democratic life and society. This ground-breaking and uniquely multi-disciplinary book explores how information literacy can contribute to fostering attitudes, habits and practices that underpin an informed citizenry. The 13 chapters each come from a particular perspective and are authored by international experts representing a range of disciplines: information literacy itself, but also political science, pedagogy, information science, psychology. *Informed Societies: Why Information literacy matters for citizenship, participation and democracy* covers: - why information literacy and informed citizens matter for healthy, democratic societies - information literacy's relationship with political science - information literacy's relationship with human rights - how information literacy can help foster citizenship, participation, empowerment and civic engagement in different contexts: school students, refugees, older people and in wider society - information literacy as a means to counter misinformation and fake news - the challenges of addressing information literacy as part of national public policy. The book will be essential reading for librarians and information professionals working in public libraries, schools, higher education institutions and public bodies; knowledge and information managers in all sectors and student of library and information science students, especially those at postgraduate/Masters level who are planning dissertations. Because of the topicality and political urgency of the issues covered, the book will also be of interest to students of political science, psychology, education and media studies/journalism; policy-makers in the public, commercial and not-for-profit sectors and politicians implications of information use and information/digital literacy.

Read the USA TODAY BESTSELLER!! It's a new generation of de Wolfe Pack cubs, carrying on the tradition of their illustrious grandfather. Thomas "Tor" de Wolfe has his hands full with battling women and battling enemies as he secures a border castle for Edward I. Chaos is the name of the game! Tor married, and lost, his wife at a young age. Because his wife was an orphan, he inherited her two sisters when they wed and when she died, they became his responsibility. Unfortunately, the two spinster sisters view Tor as their property. When Tor meets the worldly Isalyn de Featherstone, he is smitten. Isalyn, however, is not. Tor is big and handsome, but lives too much of a provincial life. She wants big cities, excitement, money, and no baggage of a dead wife. Isalyn's father, however, feels differently - and Isalyn finds herself betrothed to the gentle de Wolfe giant. The spinsters have a new target. Let the battles begin! Enter a world of medieval mayhem, adventure, but most of all, of an overwhelming passion that soon consumes both Tor and Isalyn. Add an ambitious and jilted suitor into the mix, and it could mean the end for everything they have worked so hard to build. But a strong love is worth fighting for, and no love is stronger than that of a de Wolfe. Part of the World of de Wolfe Pack series - de Wolfe Pack Generations subseries Books in the Generations series are: WolfeHeartWolfeStrikeWolfeSword (coming December 2020)

Australia's vocational education & training (VET) sector continues to deliver excellent results and outcomes for its students, industry and the economy at large. Yet, among the Australian public, perceptions surrounding vocational education continue to be widely out of step with the reality of the sector and its achievements. Sandwiched between debates about university deregulation and private vs public school funding, vocational education all too often is relegated to forgotten child status, struggling to gain the media attention required for the public to understand VET's unique abilities and ambitions. Further, the current overemphasis on academic and university pathways means VET pathways are often not given due consideration by high-school leavers. Such, public awareness and recognition of the crucial role that VET can play and is playing in training the Australian workforce with the skills required to grasp future industry opportunities is poor. When compared with employment outcomes for university graduates, VET continues to produce superior results, and has proven itself to be a more flexible, accessible and adaptable platform for educating and skilling Australians than university education. Importantly, given the rising cost of formal education, VET is also a more cost effective training option for both businesses and individuals. Using a range of local and international data sources as well as real-life success stories, this report addresses some of these pervasive and inaccurate perceptions about vocational education and, also, highlights the importance of including VET pathways in the overall discussion about our nation's long-term educational strategies and employment solutions. [Introduction].

The Art of Sacrifice in Chess Virgin Books

Topology is a branch of pure mathematics that deals with the abstract relationships found in geometry and analysis. Written with the mature student in mind, *Foundations of Topology*, Second Edition, provides a user-friendly, clear, and concise introduction to this fascinating area of mathematics. The author introduces topics that are well motivated with thorough proofs that make them easy to follow. Historical comments are dispersed throughout the text, and exercises, varying in degree of difficulty, are found at the end of each chapter. *Foundations of Topology* is an excellent text for teaching students how to develop the skill to write clear and precise proofs.

The 21st Century Edition of Spielmann's Classic Work Austrian Grandmaster Rudolf Spielmann's *The Art of Sacrifice in Chess* first appeared in the mid-1930s. It was immediately recognized as a classic, a masterpiece that examined the nature of chess sacrifices. In this modernized, 21st century edition, all of Spielmann's original work has been preserved. The antiquated English Descriptive Notation has been replaced with modern Figurine Algebraic, and German grandmaster Karsten Müller has added his own notes to Spielmann's original text. But the German grandmaster has gone far beyond simply inserting clarifying commentary. Müller has virtually doubled the size of the original work by adding eleven new chapters, including: The Greek Gift Sacrifice Bxh2/7+; Disaster on g7; The Achilles' Heel f7; Strike at the Edge; Destroying the King's Shelter; Sacrifices on f6; Sacrifices on e6; The Magic of Mikhail Tal; Shirov's Sacrifices; and The Fine Art of Defense. There are exercises at the end of each new chapter to help you hone your skill of sacrificing. "Grandmaster Karsten Müller's notes to the original text, along with the new material, brilliantly complements Spielmann's classic work. A welcome addition to any chessplayer's library..." - Garry Kasparov
