The road was a ribbon of moonlight over the purple moor, And the highwayman came riding- Riding- riding- The highwayman came riding, up to the old inn-door. In Alfred Noyes's thrilling poem, charged with drama and tension, we ride with the highwayman and recoil from the terrible fate that befalls him and his sweetheart

Bess, the landlord's daughter. The vivid imagery of the writing is matched by Charles Keeping's haunting illustrations which won him the Kate Greenaway Medal. This new edition features rescanned artwork to capture the breath-taking detail of Keeping's illustrations and a striking new cover.

political battlefield in a way that it isn't in other developed countries. Americans marry and divorce more often and have more live-in partners than Europeans, and gay Americans have more interest in legalizing same-sex marriage. The difference comes from Americans' embrace of two contradictor y cultural ideals: marriage, a formal commitment to share one's life with another; and individualis m, which emphasizes personal choice and self-development. Religion and law in America reinforce both of these behavioral poles, fueling turmoil in our family life and heated debate in our public life. Cherlin's incisive diagnosis is an important contribution to the debate and points the way to slowing down the partnership merry-go-round. *The Most Dangerous Game* Alpha Edition When a naked baby boy wanders into

Yet when a family from Czechoslovakia moves in down the street with a son Richard's age named Vlad, their bold ideas about art and politics bring everything into question. Richard is quickly drawn to Vlad's confidence,

musical sensibilities, and passion for literature, which Richard shares. But as the nation's paranoia spirals out of control, Richard longs to prove himself a patriot, and blurred lines between friend and foe could lead to a betrayal that destroys lives. The Forest People is an astonishingly intimate and life-enhancing account of a hunter-gatherer tribe living in harmony with nature -- and

an all-time classic of anthropology. For three years, Colin Turnbull lived with an isolated group of Pygmies deep in the forest of the African Congo, experiencing their daily life first-hand. He attended their hunting parties and initiation ceremonies, witnessed their music and their rituals, observed their quarrels and love affairs. He documented them as an anthropologist but was accepted among them as a friend. A

ground-breaking work in its time, *The Forest People* made him one of the most famous intellectuals of the 1960s and 1970s. It remains a transporting account of an earthly paradise and of a legendary and fascinating people. With a new foreword by Horatio Clare. *Vocabulary Power Plus for the New SAT*
