[Here's] more of the same zany nonsensical mayhem."—*The New York Times* Book Review It's easy to get disheartened when your planet has been blown up and the woman you love has vanished due to a misunderstanding about space/time. However, instead of being disheartened, Arthur Dent makes the terrible mistake of starting to enjoy life a bit—and immediately all hell breaks loose. Hell takes a number of forms: there's the standard Ford Prefect version, in the shape of an all-new edition of *The Hitchhiker's Guide to the Galaxy*, and a totally unexpected manifestation in the form of a teenage girl who startles Arthur Dent by being his daughter when he didn't even know he had one. Can Arthur save the Earth from total multidimensional obliteration? Can he save the Guide from a hostile alien takeover? Can he save his daughter, Random, from herself? Of course not. He never works out exactly what is going on. Will you? "Douglas Adams is a terrific satirist. . . . He is anything but harmless."—*The Washington Post* Book World

Who Is the Holy Spirit—and Why Do You Need Him in Your Life? After His crucifixion and resurrection, Jesus gave His disciples an assignment to change the world—but told them to wait until the power of the Holy Spirit had come upon them before setting out. His charge to modern-day believers is no different: To do the works that Jesus did (and even greater ones, as He said), it is imperative that we operate from the indwelling power of the Holy Spirit. But Who is this mysterious Third Person of the Trinity? How do we get this power, and what are we to do with it when we receive it? Pat Robertson, founder of the Christian Broadcasting Network and beloved longtime host of *The 700 Club*, tackles these questions and many others in this, the final book of a life that is now in its ninth decade. Robertson traces the path of the Holy Spirit through both the Old and New Testaments, and shares stories from his own life and that of many *700 Club* viewers testifying to how the power of the Holy Spirit has miraculously freed and healed them today. If you want a better understanding of the Holy Spirit and are hungry to know more about the power that is available through Him to every Christfollower today, this book is for you.

They say it's lonely at the top. And it can be even lonelier when you are almost at the top. Church leaders who hold second-chair positions are under tremendous pressure. They are expected to do their jobs and provide leadership but to defer to the top leader too. It's a demanding balancing act. How can they lead effectively while serving under someone else's leadership? *Leading from the Second Chair* offers an invaluable resource to leaders who serve in second- (and third- and fourth-) chair roles, enabling them to become more productive, proactive, and fulfilled. The book reveals the paradoxes of second chair leadership. These leaders must be subordinate to the top leader yet lead in their own right. They should be deep in their expertise but wide in perspective. And they must be content in their jobs yet remain enthusiastic about their dreams for the future. Mike Bonem and Roger Patterson share their own and others' experiences of failure and success in this vital role. They offer support and practical advice for reshaping the way second-chair leaders can serve well and improve the overall performance of their church or organization. *Leading from the Second Chair* equips readers with the positive attitudes, skills, and strategies needed to become powerful leaders who will survive and thrive in God's service.

*Trans Dilemmas* presents the findings of a three-year research project which examined the lived experiences of trans people in Australia's Northern Territory. The book argues that whilst trans people, who live in remote areas, experience issues which may not be distinct from those living in urban areas and the inner-city, these issues can be aggravated by geographic and demographic factors. By conducting online surveys and in-depth interviews, Stephen Kerry brings to light the issues for transgender people which are compounded by living in sparsely populated, remote communities. Namely social isolation, maintaining relationships with friends, family and partners, and the difficulties accessing health care. The book also includes significant findings on the experiences and treatment of Australia's trans Aboriginal people, also known as *sistergirls* and *brotherboys*. An analysis of first-person narratives by *sistergirls* and *brotherboys* reveals the racism within predominantly white trans communities and transphobia within traditional Aboriginal communities, which they are uniquely faced with. *Trans Dilemmas* represents an important contribution to contemporary research into the lives of transgender Australians. It gives a voice to those transgender people living in the more isolated communities in Australia, which up until now, have been largely unheard. For students and researchers in Queer Studies and Gender Studies, this is valuable reading.
