"In *Jesus in Me*, Anne Graham Lotz draws on her rich biblical knowledge as well as her personal journey—including her recent cancer diagnosis—to help us understand that the Holy Spirit is not a magic genie, a flame

of fire, or a vague feeling. He is a Person who prays for us, guides us in our relationships and decisions, comforts us in pain, and stays by our side at all times. In this seminal teaching, she explores seven key aspects of the Holy Spirit that will revolutionize how you understand and relate to this vital third Person in the Trinity."--Page 2 of cover.

men were away overseas, fighting on the motto. Today these plans vividly other fronts, and civilians were left unprotected at home. Following the attack on Pearl Harbor and the Japanese advance south, Prime Minister Curtin ordered state governments to prepare. From January 1942, a team frantically pulled together secret plans for a 'scorched earth' strategy. The goal was to prevent the Japanese from seizing resources for their war machine as they landed, and capturing Australians as slaves as they had done in Malaya and elsewhere in Asia. From draining domestic water tanks to sinking dinghies and burning crops, from training special citizen squads to evacuating coastal towns, 'Total war, total citizen collaboration' was

evoked the fraught atmosphere of the year Australia was threatened with invasion. After the war these top secret plans were forgotten. This is the first time they have ever been made public. The Holy Spirit is often portrayed as something "weird." But the Bible makes it clear that the Spirit is not something. He is someone--a Person who has promised to never leave your side. John Bevere invites you into a personal discovery of the most ignored and misunderstood Person in the Church: the Holy Spirit. *The Holy Spirit Del Rey Trans Dilemmas* presents the findings of a three-year research project which examined the

lived experiences of trans people in Australia ' s Northern Territory. The book argues that whilst trans people, who live in remote areas, experience issues which may not be distinct from those living in urban areas and the inner-city, these issues can be aggravated by geographic and demographic factors. By conducting online surveys and in-depth interviews, Stephen Kerry brings to light the issues for transgender people which are compounded by living in sparsely populated, remote communities. Namely social isolation, maintaining relationships with friends, family

and partners, and the difficulties accessing health care. The book also includes significant findings on the experiences and treatment of Australia's trans Aboriginal people, also known as sistergirls and brotherboys. An analysis of first-person narratives by sistergirls and brotherboys reveals the racism within predominantly white trans communities and transphobia within traditional Aboriginal communities, which they are uniquely faced with. Trans Dilemmas represents an important contribution to contemporary research into the lives of transgender Australians.

It gives a voice to those transgender people living in the more isolated communities in Australia, which up until now, have been largely unheard. For students and researchers in Queer Studies and Gender Studies, this is valuable reading.
