Solar Solutions- Solar Homes

Adding an energy storage battery can provide further significant savings. We can advise on the appropriate solar solution for your home. This will be based upon your energy needs and available space. Our solar solutions can either be roof or ground mounted. Our certified installers are all trained in solar panel

installation and battery storage.

Home Solar Solutions

Solar Thermal Collectors. Solar thermal panels use sunlight to heat up water that is stored in a cylinder, which can then be used for your home heating needs. Solar thermal panels are roof-mounted, just like solar PV panels, but look slightly different, as instead of cells they have multiple pipes that heat up water.

Solar Solutions of Missouri | Solar For Your Home

Home Solar Solutions. Sunor provides residential solar solutions that will decrease your monthly electricity bill and grant comfort during load-shedding. In our initial consultation we will go through the various options that are available – from Tesla battery back-up to frameless panels. We custom design each system using only the highest quality products available to give you the highest output.

Home Solar Solutions - Sunor | Solar Solutions Home Our company aims to offer high quality both in solutions and in the equipment it offers. That is why we work together with established companies from the European Union to produce solar panels, inverters and all components accompanying each installation. All components we offer are certified to EU requirements.
