For most of us, one of the most rewarding, yet difficult tasks, is preparing messages to preach and teach. We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript

messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible. May God Bless You as You Share His Word!

"The Gilded Edge is a compelling read from start to finish. Gripping, suspenseful, cinematic. This is narrative nonfiction at its best."—Lindsey Fitzharris, bestselling author of *The Butchering Art* Astonishingly well written, painstakingly researched, and set in the evocative locations of earthquake-ravaged San Francisco and the Monterey Peninsula, the true story of two women—a wife and a poet—who learn the high price of sexual and artistic freedom in a vivid depiction of the debauchery of the late Gilded Age Nora May French and Carrie

Sterling arrive at Carmel-by-the-Sea at the turn of the twentieth century with dramatically different ambitions. Nora, a stunning, brilliant, impulsive writer in her early twenties, seeks artistic recognition and Bohemian refuge among the most celebrated counterculturalists of the era. Carrie, long-suffering wife of real estate developer George Sterling, wants the opposite: a semblance of the stability she thought her advantageous marriage would offer, threatened now that her philandering husband has taken to writing poetry. After her second abortion, Nora finds herself in a desperate situation but is rescued by an invitation to stay with the Sterlings. To Carrie's dismay, George and the arrestingly beautiful poetess fall instantly into an affair. The ensuing love triangle, which ultimately ends with the deaths of all three, is more than just a wild love story and a fascinating forgotten chapter. It questions why Nora May—in her day a revered poet whose nationally reported suicide gruesomely inspired youths across the country to take their own lives, with her verses in their pockets no less—has been rendered obscure by literary history. It depicts America at a turning point, as the Gilded Age groans in its death throes and young people, particularly women, look toward a brighter, more egalitarian future. In an unfortunately familiar development, this vision proves to be a mirage. But women's rage at the scam redefines American progressivism forever. For readers of Nathalia Holt, Denise Kiernan, and Sonia Purnell, this shocking history with a feminist bite is not to be missed.
