Awarded the Nobel Prize for Literature in 1969, Samuel Beckett's influence on 20th century fiction and drama is immeasurable. Published in conjunction with the RT (Radio Telefís Éireann) Thomas Davis Lecture Series to mark the centenary of Beckett's

birth, Samuel Beckett - 100 Years consists of thirteen essays by many of the foremost academics studying Beckett today. Literary luminaries such as John Banville and Anthony Cronin line up alongside philosophers Dermot Moran and Richard Kearney to delve into the psyche of the man responsible for classics such as *Murphy*, *Krapp's Last Tape*, and *Waiting for Godot*, while actors Barry McGovern and Rosemary Pountney describe what makes his works so theatrical. The book is a challenging and serious look at Beckett's work and its impact on literature today.

official Honda Factory Workshop Manual specific to the n00 50cc Super Cub series of motorcycles. This manual includes all of the data that you would expect from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components. It also includes a comprehensive trouble shooting section plus tables of technical data, tolerances and fits making it an invaluable resource for collectors and restorers of these classic Honda motorcycles. There are 136 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.
