As the costs associated with buying and owning collectible American and European motorcycles

continue to rise, enthusiasts are turning in greater numbers to motorcycles produced by Japanese manufacturers from the 1960s to the early 1980s. The prolific production of Japanese motorcycles during this period today translates to consumer-friendly market values for collectors. This buyer's guide divides the world of classic Japanese motorcycles by the four major manufacturers -- Honda, Kawasaki, Yamaha, and Suzuki -- while emphasizing such landmark models as the Kawasaki Z-1 and Honda CB750, and featuring a chapter of less common models from secondary marques like Bridgestone. Photographs of the motorcycles are accompanied by complete

descriptions of specification, components, paint codes, and serial numbers. A five-star rating system grades the bikes on collectibility, parts availability, two-up touring, reliability, and power, while the author highlights common repair and restoration needs, and suggests sources for collectible models.

[...] it didn ' t matter, because one word, " sure "

in the context of motorcycle ownership, gave Pete permission to buy one. All he had to do now was earn the money. [...] When Ms. Strickland answered the door she looked at the stoop and noticed that it had been shoveled. Since they were both holding shovels, the first thing she said in a rhetorical tone was " Did you guys do that? Thank you! " Before they could get a word out, she continued with " I guess you are here to shovel my drive! Or did you do that too and now you want your money? " Without missing a beat, Mel replied, " Yup! Twenty bucks! " In a scolding almost frantic tone she replied with, " Well I ' m not paying. I have the lawn service under contract. Not very smart business boys. You can ' t just ask people to pay for a service they didn ' t

request! ” Pete just stood there in shock when Mel said, “ OK, we ’ ll put it back. ” She paused for a moment with a look of horror on her face until she realized Mel was joking and started laughing. She said “ I ’ m sorry boys, but I ’ m already committed. ” Mel replied, “ That ’ s OK, we understand. ” As they were walking toward the next house, they heard Ms. Strickland ’ s door open and she started yelling, “ Boys!? Boys!? Wait! ” Mel and Pete exchanged glances wondering what now? “ Come back! I changed my mind! You can shovel my drive! ” Pete jokingly said to Mel, “ It looks like we ’ re both gonna make \$20 on this drive since our price just doubled! ”

For his eighth birthday, Emilio

Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world, and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's

adventures would be
unbelievable if they weren't true.
His tale of touring the world
from Tunisia to Turkey, Petra to
Afghanistan, Yugoslavia to
Singapore, traveling miles
