Safety Zebra Books  
The Muncie 4-speeds, M20, M21, and M22 are some of the most popular manual transmissions ever made and continue to be incredibly popular. The Muncie was the top high-performance manual transmission GM offered in its muscle cars of the 60s and early 70s. It was installed in the Camaro, Chevelle, Buick GS, Pontiac GTO, Olds Cutlass, and

---

many other classic cars. Many owners want to retain the original transmission in their classic cars to maintain its value.

Transmission expert and veteran author Paul Cangialosi has created an indispensable reference to Muncie 4-speeds that guides you through each crucial stage of the rebuild process.

Comprehensive ID information is provided, so you can positively identify the cases, shafts,

and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and complete the rebuild. It also explains how to choose the ideal gear ratio for a particular application. Various high-performance and racing setups are also shown, including essential modifications,

gun drilling the shafts, cutting down the gears to remove weight, and achieving race-specific clearances. Muncie 4-speeds need rebuilding after many miles of service and extreme use. In addition, when a muscle car owner builds a high-performance engine that far exceeds stock horsepower, a stronger high-performance transmission must be built to accommodate this torque and horsepower

increase. No other book goes into this much detail on the identification of the Muncie 4-speed, available parts, selection of gear ratios, and the rebuild process. Liv, her adoptive mother who nurtured and raised her, is earthy, no-nonsense. The total opposite to Melody: with her vibrant, explosive personality and extensive, brightly coloured wardrobe, Freya's birth mother is still apt to find herself thrown out of Top Shop for bad behaviour. Hard as it has been for Freya to try to reconcile her two

families, it has been harder for her mothers. Proud of her mature and sensible adoptive daughter, Liv fears Melody's restless influence. Meanwhile, forced to give up her baby when she was just a teenager herself, Melody now craves Freya's love and acceptance - but only really knows how to have fun. Then tragedy strikes, and the bonds of love that tie these three women together will be tested to the max. Can they finally let go of the past, and pull together in order to withstand the toughest challenge life could throw them?
