Awarded the Nobel Prize for
Literature in 1969, Samuel
Beckett's influence on 20th
century fiction and drama is
immeasurable. Published in
conjunction with the RT (Radio
Telef s ireann) Thomas Davis
Lecture Series to mark the
centenary of Beckett's birth,
Samuel Beckett - 100 Years
consists of thirteen essays by
many of the foremost academics
studying Beckett today. Literary

luminaries such as John Banville and Anthony Cronin line up alongside philosophers Dermot Moran and Richard Kearney to delve into the psyche of the man responsible for classics such as *Murphy*, *Krapp's Last Tape*, and *Waiting for Godot*, while actors Barry McGovern and Rosemary Pountney describe what makes his works so theatrical. The book is a challenging and serious look at Beckett's work and its impact on literature today.
