The suspension expert's illustrated, comprehensive troubleshooting guide for dirt, street, and supermoto—with a solution to virtually any problem. Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance.

Porting heads is an art and science. It takes a craftsman's touch to shape the surfaces of the head for the optimal flow characteristics and the best performance. Porting demands the right tools, skills, and application of knowledge. Few other engine builders have the same level of knowledge and skill porting engine heads as David Vizard. All the aspects of porting stock as well as aftermarket heads in aluminum and cast-iron constructions are covered. Vizard goes into great depth and detail on porting aftermarket heads. Starting with the basic techniques up to more advanced techniques, you are shown how to port iron and aluminum heads as well as benefits of hand and CNC porting. You are also shown how to build a high-quality flow bench at home so you can test your work and obtain professional results. Vizard shows how to optimize flow paths through the heads, past the valves, and into the combustion chamber. The book covers blending the bowls, a basic porting procedure, and also covers pocket

porting, porting the intake runners, and many advanced procedures. These advanced procedures include unshrouding valves, porting a shortside turn from the floor of the port down toward the valve seat, and developing the ideal port area and angle. All of these changes combine to produce optimal flow velocity through the engine for maximum power.

One to love. One to lead. One to Fear. Leslie Kingmaker has three weeks to choose a leader for the supernatural community, find her soul mate and break a curse. To make matters worse, the three candidates vying for leadership and her heart - a werewolf, fae and vampire - won't tell her what she needs to know to navigate the trials. One of them is supposed to betray her, and all she has to guide her is the obscure, rambling commentary in the Book of Secrets, an ancient tome that's been in her family for two thousand years. She soon discovers the candidates aren't the ones on trial - she is. The family curse is a threat to the supernatural community, and the three candidates have sworn to do whatever it takes to break the curse, even if it means killing her. In a race to understand the ancient spell that befell her family, and struggling not to lose her heart to any of the sexy, brilliant men in the process, Leslie must defy the odds and end the curse if she is to survive the trials.

Civilization came crashing down. Billions died. A new Dark Age has begun. The descendants of the apocalypse's survivors scavenge the remnants of the Before Times, struggling to build a new life amidst the ruins of the old. In a savage world where the strong ravage and exploit the weak, the survivors' settlements are oases, connected only by convoys of armed and armoured vehicles that run the gauntlet of raiders... and worse. Though the threats of chemical and biological agents and radiation have all but faded, their taint lingers on in every mutant born to man and beast. This is the world of Atomic Highway. Atomic Highway is a complete roleplaying game. All you need to play it is this book, a few friends, paper and pencils, and a few ordinary dice.
