Hi, i am new here but i bought a wire harness at a junk yard for my drivers side door. It came off a 99 Crv and i have a 2000 crv. The reason i bought it is becuae i cant get my doors to unlock or lock (power door locks) or the windows to go up and down, so i replaced the wire harness , now my hatch release button doesn't work and my doors still will not unlock or lock, dash lights out too.
