A faithful reproduction of the 1970 Floyd
Clymer publication of the official Honda
Factory Workshop Manual specific to the
1962-1969 n10 50cc Sport Cub series of
motorcycles. This manual includes all of
the data that you would expect from a
factory publication for the repair and
overhaul of all major and minor
mechanical and electrical components. It
also includes a comprehensive
troubleshooting section plus tables of

technical data, tolerances and fits making it for many years, this book is highly sought an invaluable resource for collectors and restorers of these classic Honda motorcycles. There are 55 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable

after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.
