No matter what anyone tells you, boat cooking IS different from cooking ashore. The space is smaller, there ' s no grocery store 5 minutes away, you have fewer prepared foods and electric appliances, and food storage is much different. Despite cruising different oceans, we—Jan and Carolyn--both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel, swim, kayak, explore—and just sit and admire the view. We learned with the cookbooks we both had aboard, and wished for information that wasn't available--like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce or yogurt, we adapted recipes to make our own. Other times, we experimented with substituting ingredients--maybe the result wasn ' t identical, but it was still tasty. We ended up with over 150 substitutions and dozens of " make it yourself " options. As we traded recipes and knowledge with each other, we realized we were compiling information that became The Boat Galley Cookbook: 800+ recipes made from readily-obtainable ingredients with hand utensils, including numerous choices to suit every taste: not just one cake but 20, 16 ways to prepare fish, 10 regional barbeque sauces, and so on. Step-by-step directions to give even " non-cooks " the confidence they can turn out tasty meals without prepared foods. Detailed instructions on unfamiliar things like making yogurt and bread, grilling virtually every food imaginable, preparing and cooking freshly-caught fish and seafood, cutting up and boning meat, cooking in a Thermos and baking on the stove top, as well as lots of tips on how to do things more easily in a tiny, moving kitchen. All this in an easy-to-navigate format including side tabs on the Contents to help you find your way and extensive cross reference lists at the end of each chapter. Quick Reference Lists provide idea starters: suggestions of included recipes for such categories as Mexican, Asian, and Potluck. The Boat Galley Cookbook is designed to help you every step of the way. We hope it becomes a trusted reference on your boat, and a source of many enjoyable meals.

"Fairies Afield" is a children's fantasy story written by Mary Louisa Molesworth, a well-known English children's author in the late nineteenth and early twentieth century. The book, published in 1902, is part of Molesworth's wide body of work, which includes a number of novels and stories for children. The story follows two siblings, Tottie and Tittie, as they go on a fantastic journey into the world of fairies. The children discover a secret road in the woods that leads them to the world of the fairies, where they meet a variety of wonderful creatures and participate in quirky and enchanting adventures. The kids become friends with fairies, elves, and other mystical creatures as they explore this magical realm. Like children's books from the Victorian and Edwardian eras, the story is full with endearing moments and soft moral messages. The narratives of Molesworth highlight kindness, amazement, and inventiveness. "Fairies Afield" perfectly encapsulates the essence of beloved children's books with its themes of friendship, magic, and youthful innocence. For those who appreciate classic stories of magic and adventure, the novel is still enjoyable.
