Honda manufactures four engine models for its gas-powered lawn mowers at time of publication: the GCV 160, GXV 160, GCV 190 and GSV 190. All are air-cooled, four-stroke engines that use the splash oil lubrication system where a dipper scoops up oil from the oil pan and splashes a fine mist into the engine . The GXV 160 has a .69-quart oil capacity.
