Honda NSX Suspension & Steering Parts for Acura for sale ... Honda's first production V6 was the C series; it was produced in displacements from 2.0 to 3.5 liters. The C engine was produced in various forms for over 20 years (1985 – 2005), having first been used in its then new Legend model, and its British sister car the Rover 800-series (and Sterling).. All C engines share in common a 90-degree V from bank to bank and common cylinder block bore centers.

Ultimate Honda/Acura NSX Sound Compilation
The Honda Legend is a V6-engined executive car produced by the Japanese automaker Honda since 1985 that currently serves as its flagship vehicle, and provides the basis for the Acura Legend, RL and RLX — the flagship vehicle of Honda's luxury Acura division in North America.
