1986 -1992 ...**

The Honda
VFR400 series
of motorcycles
were a related
series of 399
cc V4-engined
motorcycles,
which were
essentially
scaled-down
versions of the
larger VFR race
models of the
day. They were
mainly
developed for,
and sold in,
the Japanese
domestic
market, in part
due to the
tougher
motorcycle
drivers'
license
restrictions in
Japan at the
time for bike
exceeding
400cc.
