Set your pulse racing with this stunning visual guide to over 1000 pin-up machines - iconic symbols of wanderlust, speed, and the open road. bike's history. It shows you bikes that appeal to the head - practical forms of transport - and to the heart - a parade of classic pin-ups including cult machines such as the Honda RC30, the Triumph Bonneville and the Harley-Davidson XR750. The Motorbike Book shows the brilliance and impracticality of different designs and features detailed cross-sections of engines such as the air-cooled two-stroke. It explains how the great marques such as the Royal Enfield, the "legendary" Indian Scout, Vespa, and Norton all became household names.
