James *Honeymoon for One* Indie House Publishing Part biography, part social commentary, and part cold case, a compelling tale of the author's descent into his son's problems and the madness of the perpetual dysfunction of the country's mental health system. There is an astonishing level of detail taken from reports, evaluations, and the author's own journal entries, as he records his frustration, heartbreak, as well as a fair amount of humor. The MH system appears as bureaucratic maze of incompetence and callousness more interested in collecting insurance payments and protecting itself from liability than in assisting others. The failure of the system in the case of the author's son has disastrous results. Physically abused at the age of one and a half by his own biological father, the subject of this book commits physical abuse to an infant twenty-one years later with fatal consequences. And just when readers have thought it couldn't get

any worse, there is a twist at the end that is beyond belief. Staring when the boy was four, the author writes of his efforts to raise his son by himself. It is clear from the beginning that Christopher has emotional problems, and the author seeks help. However, the boy is continuously misdiagnosed as ADHD with the solution being to try another medication. Indications that the boy is brain-damaged are ignored for many years. In school learning takes a back seat to behavior management. Adolescence brings violence, substance abuse, inappropriate sexual advances, and turns in and out of placements. At a crucial stage where both father and son are pleading for help, the MH system does not even return phone calls. Throughout the emphasis is on the failure of the MH system rather than the possible shortcomings of individuals. Pseudonyms are used to maintain the focus on the system. The author concludes by citing crucial points in his son's life where opportunities for interventions were missed. He also cites long standard practices in the MH field that deflect accountability and keep the system inefficient. Recommendations for changes in the system are made. In the book's final passage, the author citing a case of a student in the last year in which the recommendations by the MH system are totally

inappropriate for the student. Keywords: Mental Health, Medication, Counseling, Brain Damage, Special Education, ADHD, Psychological Evaluation, Bender-Gestalt, Rubisch, MRI To Selena, with Love Independent Books

to put down.” —Jodi Picoult, #1 New York Times bestselling author of *Wish You Were Here* Tanzania, 1964. When Katie Barstow, A-list actress, and her new husband, David Hill, decide to bring their Hollywood friends to the Serengeti for their honeymoon, they envision giraffes gently eating acacia trees, great swarms of wildebeests crossing the Mara River, and herds of zebras storming the sandy plains. Their glamorous guests—including Katie’s best friend, Carmen Tedesco, and Terrance Dutton, the celebrated Black actor who stars alongside Katie in the highly controversial film *Tender Madness*—will spend their days taking photos, and their evenings drinking chilled gin and tonics back at camp, as the local Tanzanian guides warm water for their baths. The wealthy Americans expect civilized adventure: fresh ice from the kerosene-powered ice maker, dinners

of cooked gazelle meat, and plenty of stories to tell over lunch back on Rodeo Drive. What Katie and her glittering entourage do not expect is this: a kidnapping gone wrong, their guides bleeding out in the dirt, and a team of Russian mercenaries herding their hostages into Land Rovers, guns to their heads. As the powerful sun gives way to night, the gunmen shove them into abandoned huts and Katie Barstow, Hollywood royalty, prays for a simple thing: to see the sun rise one more time. **Character-driven novellas and short stories in a thrilling, romantic suspense series!

Interview with the Authors Q - So what makes the Countermeasure Series special? A -

Countermeasure pulls the mystery and in the best of Erotic Romance, Adventure and Suspense into one single series. We also aim to write about people, not characters. They are true to life and flawed, also someone you feel you can connect to and invite for a coffee just to shoot the breeze. The series has two separate, yet connected sets of books. The novels develop the bulk of the mystery and adventure in the plot. The short stories and novellas develop the characters and bare the characters' souls to you. All of their dreams, disillusions, fears are exposed in the short stories. The short stories and Novellas are also what we call Romantica. They are stories portraying a day in the life of the characters after their "I do". A mix

between Romance and Erotica where you are the fly on the wall during the married couples' intimate moments. If you enjoy high heat, spicy reads involving married couples, you got to the right series. Q - What order should I read the books? A - We recommend you read the novels and novellas in the following order. Please note the short stories and novellas are not mandatory reads to understand the suspense arc in the novels. - Countermeasure - Uncharted (FREE prequel with subscription to our newsletter) - Ecstasy by the Sea (also available in Countermeasure: Bytes of Life Volume I Bundle Deal) - Cuffed at Midnight (also available in Countermeasure: Bytes of Life Volume I Bundle Deal) - Take Me - Passion at Dawn (also available in Countermeasure: Bytes of Life Volume I Bundle Deal) - Something Crazy - To Russia with Love - Blindsided (also available in Countermeasure: Bytes of Life Volume II Bundle Deal) - Roaming Pleasure - Payback - Lost to Rapture (also available in Countermeasure: Bytes of Life Volume II Bundle Deal) - Brazen
