Previously published; newly refreshed by author—including bonus chapters! Petal, Georgia: Small town, second chances and sizzling romance. At twenty-eight, Lily Travis never imagined she’d be back living with her mom and dealing with her messed-up little brother. Yet that’s exactly where she finds herself, seven long years after she left Petal, Georgia—and the boy who broke her heart—in the dust. Her first order of business? Getting her ex to help turn her brother’s life around. If he happens to notice just how much she hasn’t been missing him, all the better. As a teacher, Nathan Murphy is used to dealing with the unexpected, but nothing prepares him for Lily—looking like a smokin’ hot vintage pinup come to life—strolling through his door and right back into his heart. He always regretted the way things ended between them; this could be his chance to make up for past mistakes. Lily can’t resist Nathan’s Southern-honey charm, or the way he makes her melt when she’s in his arms. She fell for him once—falling for him again could destroy her. But it could also mean finding love in the last place she ever expected: home **FREE BONUS CHAPTERS INCLUDED IN THIS EDITION!** A Visit to Petal, Part One: Alone Time All couples need a little alone time. Glimpse what the citizens of Petal are up to in between Once and Again and Lost In You, the next book in the series. Now available at the end of the novel! One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you’re looking for with an HEA/HFN. It’s a promise! This book is approximately 46,000 words

Dive into a world where magic and passion collide... This riveting collection brings together three pulse-pounding tales of vampires, witches, and forbidden love that will keep you turning pages long into the night... Book 1: SHADOW DESCENDANT When Alaric, a centuries-old vampire, is assigned to protect the spirited witch Naomi Feldman, neither expects the fierce attraction that ignites between them. As they unravel the mystery of an ancient artifact, they must outrun a relentless enemy and confront a passion that could change two worlds forever... Book 2: MARKED DESCENDANT Naomi's newfound magical powers are put to the test as a dark force emerges. With former allies turned foes, she and Alaric must go on the run, their love tested by duty, danger, and the weight of their own destinies... Book 3: DARK DESCENDANT In the heart of New Orleans, Bianca Ibano tries to escape her magical heritage, while vampire Elias arrives on what should be a routine mission. Their paths collide as a new threat rises, forcing them to confront their pasts and fight for a future together... From the museums of Athens to the streets of London and the vibrant heart of New Orleans, join unforgettable characters as they battle ancient evils, navigate complex loyalties, and surrender to undeniable attraction... A masterful blend of romance, action, and supernatural intrigue, experience the entire series in one spellbinding collection. Perfect for fans of JR Ward, Nalini Singh, Jeaniene Frost, and paranormal romance with a high-stakes plot. Three full-length novels. One unputdownable reading experience. Start reading now! It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between theoil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys’ killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
[The Descendants Complete Series \(Books 1, 1.5, 2, 3\): Witch and Vampire Paranormal Romance](#) BPB Publications
This steamy collection includes the first three stories from the Bachelorette Party series, plus a bonus scene from Andrew & Jocelyn's honeymoon. Sucked Into Love No man ever wants to be knocked off his feet by a woman he meets while she's wearing a bachelorette "suck for a buck" shirt... Andrew knows that he wants Jocelyn the moment he lays eyes on her, but he's never been one to poach on another man's territory. He walks away but finds himself changed by the experience. Imagine his surprise when he sees her again, only to discover she isn't married and has never even been engaged. Checked Into Love Jason hasn't been able to get Cecily off his mind... Not a single night has gone by without dreams of the

fiery redhead he met in a bar months ago. When he finally sees her again at a friend's bachelorette party, he's ready to do what it takes to keep her right where she belongs...by his side. Mixed Into Love It's always been easy for Addilyn Johnson to tell customers no... Dating guys from the bar is something she's never been tempted to do. Until Dane. With a little nudge in his direction from a bachelorette, she finds herself saying yes...and winds up with more than she bargained for!

Previously titled Fall From Grace, this classic Jill Barnett love and laughter novella is set in the Highlands of Scotland, where the Clan McNish has been raided and left starving by their bitter rivals, the McNabs. As granddaughter to the clan chieftain, Grace McNish decides it is her duty to capture and ransom a vile McNab. But she and her clan of misfits mistakenly capture the wrong man, Colin Campbell, Earl of Argyll and Lord of the Isles, who is on his way to decide the fate of the two warring clans. For fans of Julie Garwood and Jude Deveraux.
Bachelorette Party Series: Volume 1 Penguin Group
This was my first book and a true labor of love. I spent decades studying steam and the work of Dead Men, in both old buildings and on library shelves. I traveled the country, haunting used-book stores, looking for engineering books that held the answers to questions that nagged at me. I was obsessed with this topic, and when I finally sat to write, I poured all that I had learned into this book, and as I wrote, I tried my best to make the words sound good to you - like we were together and having a conversation. I wanted you to know what I know and I wanted you to be able to do what I can do when it comes to old steam systems. This book arrived in 1992 and has since gone through dozens of printings. We've sold it in every state as well as in foreign countries. Steam heat is everywhere there are old buildings, so why shouldn't you be the one with the answers? Dan Holohan
[The Aussie Next Door](#) SAE International
Volume one of this comprehensive approach to one of Freud's most important conceptual achievements, the theory of thinking, examines the emergence and changes in his conceptions of primary and secondary process thought in their theoretical and clinical contexts. Unlike most treatments, which emphasize their embeddedness in metapsychology, the text demonstrates the empirical grounding of these concepts in observation and describes how it led to a method of quantitative measurement. A summary of major, theoretically relevant findings with that method, plus a critical review of post-Freudian reexaminations of primary process, leads to a reformulation of the psychoanalytic theory of thinking that is, in Rubinstein's term, protoneurophysiological: as consistent as possible with contemporary knowledge in the brain sciences. In so doing, the author attempts to convert a psychoanalytic theory into a set of testable propositions using objectively quantifiable, scientific concepts. Moreover, he shows how data obtained with his method can be used to confront the theoretical propositions, verifying some, rejecting some, and significantly modifying others. Volume two is an enclosed compact disc. The first ten chapters constitute a detailed scoring manual, designed to be self-teaching, for applying the concepts of primary process, its controls and defenses, to data from the Rorschach and Thematic Apperception Tests, dreams, and free verbal data. The remaining chapters treat its reliability and validity, including a

critical summary of over one hundred researches from around the world, demonstrating how it can be used not only to test psychoanalytic propositions but to illuminate issues in clinical psychiatry, clinical and developmental psychology, and personality. A concluding chapter points to many promising directions for further research.

To My Arrogant Boss Carina Press

A multicolor edition of Vol.II of A Textbook of Electrical Technology to keep pace with the ever-increasing scope of essential and morden technical information,the syllabi are frequently revised.This often result into compressing established facts to accommodate recent information in the syllabi.Fields of power-electronics and industrial power-conditioners have grown considerably resulting into changed priority of topics related to electrical machines.Switched reluctance-motors tend to threaten the most popular squirrel-cage induction motors due to their increased ruggedness,better performance including controllability and equal ease with which they suit rotary as well as linear-motion-applications.

Ergebnisse der Inneren Medizin und Kinderheilkunde / Advances in Internal Medicine and Pediatrics S. Chand Publishing

"A sweet, sexy read, featuring a couple that feels both true-to-life and aspirational." Kirkus Review, Starred Review American Angie Donovan has never wanted much. When you grow up getting bounced from foster home to foster home, you learn not to become attached to anything, anyone, or any place. But it only took her two days to fall in love with Australia. With her visa clock ticking, surely she can fall in love with an Australian-and get hitched-in two months. Especially if he’s as hot and funny as her next-door neighbor... Jace Walters has never wanted much-except a bathroom he didn’t have to share. The last cookie all to himself. And solitude. But when you grow up in a family of seven, you can kiss those things goodbye. He’s finally living alone and working on his syndicated comic strip in privacy. Sure, his American neighbor is distractingly sexy and annoyingly nosy, but she’ll be gone in a few months... Except now she’s determined to find her perfect match by checking out every eligible male in the town, and her choices are even more distracting. So why does it suddenly feel like he-and his obnoxious tight-knit family, and even these two wayward dogs-could be exactly what she needs? Each book in the Patterson's Bluff series is STANDALONE: * The Aussie Next Door * Her Aussie Holiday

Minneapolis-Honeywell Oil Burner Controls S. Chand Publishing

Chosen by People and USA Today as a Great Summer Read Georgia Waltz has an enviable life: a plush Manhattan apartment, a Hamptons beach house, two bright twenty-something daughters, and a seemingly perfect marriage. But when Ben dies suddenly, she discovers that her perfect lawyer-husband has left them nearly penniless. As Georgia scrambles to support the family, she and her daughters plumb for the grit required to reinvent their lives, and Georgia even finds that new love is possible in the land of Spanx. Inspiring, funny, and deeply satisfying, The Widow Waltz is a compulsively readable tale of forgiveness, healing, and the bonds between mothers and daughters.

Digital Signal Processing Using MATLAB Springer-Verlag

This supplement to any standard DSP text is one of the first books to successfully integrate the use of MATLAB® in the study of DSP concepts. In this book, MATLAB® is used as a computing tool to explore traditional DSP topics, and solve problems to gain insight. This greatly expands the range and complexity of problems that students can effectively study in the course. Since DSP applications are primarily algorithms implemented on a DSP processor or software, a fair amount of programming is required. Using interactive software such as MATLAB® makes it possible to place more emphasis on learning new and difficult concepts than on programming algorithms. Interesting practical examples are discussed and useful problems are explored. This updated second edition includes new homework problems and revises the scripts in the book, available functions, and m-files to MATLAB® V7.

Load Control Applications and Service Manual Games Workshop

The first playwright of democracy, Euripides wrote with enduring insight and biting satire about social and political problems of Athenian life.

In contrast to his contemporaries, he brought an exciting--and, to the Greeks, a stunning--realism to the "pure and noble form" of tragedy. For the first time in history, heroes and heroines on the stage were not idealized: as Sophocles himself said, Euripides shows people not as they ought to be, but as they actually are.

The Lost Art of Steam Heating L.D. Hall

Even before the original Frostgrave rulebook landed in players' hands, its artwork, previewed in the run-up to release, attracted widespread attention and acclaim. Today, some eight volumes, two novels, and multiple boxed sets of plastic miniatures later, Dmitry and Kate Burmak have produced more than 85 illustrations, guided by the concepts developed by Frostgrave creator Joseph A. McCullough. Together, these three have breathed life into the Frozen City, depicting the wizards, warriors, and creatures that call it home. With behind-the-scenes content, including concepts, sketches, work-in-progress shots, and commentary from the creators, this lavish volume features all the artwork produced for Frostgrave - from the rulebook that started it all to the Perilous Dark supplement.

A.C. & D.C. machines Audel

The Salamanders attempt a daring rescue mission deep in Dark Eldar territory in order to reveal more secrets held within the Tome of Fire. When Chaplain Elysius of the Salamanders is taken captive by Dark Eldar, he faces a fight for survival at the hands of these cruel aliens. The Firedrakes of 1st Company attempt a daring rescue mission, but much more is at stake than the Chaplain’s life. He holds the key to secrets buried beneath Mount Deathfire, secrets that could reveal the damnation - or salvation - of their home world.
