Honour killing persists around the Middle East, where regimes refrain from tackling primitive traditions for fear of sparking unrest. Ayse Onal interviewed imprisoned men

in Turkey convicted of killing their mothers, sisters, and daughters. The result is a revealing and ultimately tragic account of ruined lives - both the victims' and the killers' - in a country where state and religion conspire to hush up the killing of hundreds of women every year. 'Ayse Onal has done an immense service by revealing what it is like to live in an honour-based society and the terrible cost, not just to the women who are beaten and eventually killed, but to the

perpetrators and other relatives.'inheritance of silence in

In this collection of essays, ten leading writers from different countries consider the conflicts that have informed their own literary lives. 1914-Goodbye to All That borrows its title from Robert Graves's "bitter leave-taking of England" in which he writes not only of the First World War but the questions it raised: how to live, how to live with each other, and how to write. Interpreting this title as broadly and ambiguously as Graves intended, these essays mark the War's centenary by reinvigorating these questions. The book includes Elif Shafak on an

Shortlisted for the 2019 Booker Prize Named a Best Book of the Year by Bookpage, NPR, Washington Post, and The Economist A moving novel on the power of friendship in our darkest times, from internationally renowned writer and speaker Elif Shafak. In the pulsating moments after she has been murdered and left in a dumpster outside Istanbul, Tequila Leila enters a state of

heightened awareness.

Her heart has stopped beating but her brain is still active-for 10 minutes 38 seconds. While the Turkish sun rises and her friends sleep soundly nearby, she remembers her life-and the lives of others, outcasts like her.

Tequila Leila's memories bring us back to her childhood in the provinces, a highly oppressive milieu with religion and traditions, shaped by a polygamous family with two mothers and an increasingly authoritarian father. Escaping to Istanbul, Leila makes her way into the sordid industry of sex trafficking, finding a home in the city's historic Street of Brothels. This is a dark, violent world, but Leila is tough and open to beauty,

light, and the essential bonds of friendship. In Tequila Leila's death, the secrets and wonders of modern Istanbul come to life, painted vividly by the captivating tales of how Leila came to know and be loved by her friends. As her epic journey to the afterlife comes to an end, it is her chosen family who brings her story to a buoyant and breathtaking conclusion.

Experience World War 2 through the eyes of two very different women in this captivating New York Times bestseller by the author of *The Guest Book*. "A beautifully written, thought-provoking novel."—Kathryn Stockett, #1 New York Times bestselling author of *The Help*
In 1940, Iris James is the postmistress in coastal Franklin, Massachusetts. Iris knows more about the townspeople than she will ever say, and believes her job

is to deliver secrets. Yet one day she does the unthinkable: slips a letter into her pocket, reads it, and doesn't deliver it. Meanwhile, Frankie Bard broadcasts from overseas with Edward R. Murrow. Her dispatches beg listeners to pay heed as the Nazis bomb London nightly. Most of the townspeople of Franklin think the war can't touch them. But both Iris and Frankie know better... The Postmistress is a tale of two worlds—one shattered by violence, the other willfully naïve—and of two women whose job is to deliver the news, yet who find themselves unable to do so. Through their eyes, and the eyes of everyday people caught in history's tide, it examines how stories are told, and how the fact of war is borne even through everyday life.

Winston Churchill began his career as a junior officer and war correspondent in the North West borderlands of British India, and this experience was the beginning of his long relationship with the Islamic world. Overturning the widely-accepted consensus that Churchill was indifferent to, and even contemptuous of, matters concerning the Middle East, this book unravels Churchill's nuanced understanding of the edges of the British Empire.

Warren Dockter analyses the future Prime Minister's experiences of the East, including his work as Colonial Under-Secretary in the early 1900s, his relations with the Ottomans and conduct during the

Dardanelles Campaign of 1915-16, his arguments with David Lloyd-George over Turkey, and his pragmatic support of Syria and Saudi Arabia during World War II. Challenging the popular depiction of Churchill as an ignorant imperialist when it came to the Middle East, Dockter suggests that his policy making was often more informed and relatively progressive when compared to the Orientalist prejudices of many of his contemporaries.

From one of our leading historians, an important new history of the Greek War of Independence—the ultimate worldwide liberal cause célèbre of the age of Byron, Europe's first nationalist uprising, and the beginning of the downward spiral of the Ottoman

Empire—published two hundred years after its outbreak As Mark Mazower shows us in his enthralling and definitive new account, myths about the Greek War of Independence outpaced the facts from the very beginning, and for good reason. This was an unlikely cause, against long odds, a disorganized collection of Greek patriots up against what was still one of the most storied empires in the world, the Ottomans. The revolutionaries needed all the help they could get. And they got it as Europeans and Americans embraced the idea that the heirs to ancient Greece, the wellspring of Western civilization, were fighting for their freedom against the proverbial Eastern despot, the Turkish sultan. This was Christianity versus Islam, now given urgency by new ideas about the nation-state and democracy that were shaking up the old order. Lord Byron is only the most famous of the combatants who went to Greece to fight and die—along with many more who followed events passionately and supported the cause through art, music, and humanitarian aid. To many who did go, it was a rude awakening to find that the Greeks were a far cry from their illustrious forebears, and were often hard to tell apart from the Ottomans. Mazower does full justice to the realities on the ground as a revolutionary conspiracy

The Passenger: Turkey Profile Books

Turkish culture and history is explored in the wide-ranging series that is "like a literary vacation" (Publishers Weekly). The birth of the "New Turkey," as the country's President Recep Tayyip Erdogan has called his own creation, is an exemplary story of the rise of "illiberal democracies" through the erosion of civil liberties, press freedom, and the independence of the judicial system. Turkey was a complex country long before the rise of its new sultan: Born out of the ashes of a vast multi-ethnic and multi-religious empire, Turkey has grappled through its relatively short history with the definition of its own identity. Poised between competing

ideologies, secularism and piousness, a militaristic nationalism and exceptional openness to foreigners, Turkey defies easy labels and categories. Through the voices of some of its best writers and journalists—many of them in self-imposed exile—*The Passenger*: Turkey tries to make sense of this fascinating, maddening country, analyzing how it got to where it is now, and finding the bright spots of hope that allow its always resourceful, often frustrated population to continue living, and thriving. In the spirit of Khaled Hosseini, Nadia Hashimi and Shilpi Somaya Gowda comes this powerful debut from a talented new voice—a sweeping, emotional journey of two childhood friends in Mumbai, India, whose lives converge only to change forever one fateful night. India, 1986: Mukta, a ten-year-old village girl from the lower caste Yellama cult has come of age and must fulfill her destiny of becoming a temple prostitute, as her mother and grandmother did before her. In an attempt to escape her fate, Mukta is sent to be a house girl for an upper-middle class family in Mumbai. There she discovers a friend in the daughter of the family, high spirited eight-year-old Tara, who helps her recover from the wounds of

her past. Tara introduces Mukta to an entirely different world—one of ice cream, reading, and a friendship that soon becomes a sisterhood. But one night in 1993, Mukta is kidnapped from Tara's family home and disappears. Shortly thereafter, Tara and her father move to America. A new life in Los Angeles awaits them but Tara never recovers from the loss of her best friend, or stops wondering if she was somehow responsible for Mukta's abduction. Eleven years later, Tara, now an adult, returns to India determined to find Mukta. As her search takes her into the brutal underground world of human trafficking, Tara begins to uncover long-buried secrets in her own family that might explain what happened to Mukta—and why she came to live with Tara's family in the first place. Moving from a traditional Indian village to the bustling modern metropolis of Mumbai, to Los Angeles and back again, this is a heartbreaking and beautiful portrait of an unlikely friendship—a story of love, betrayal, and, ultimately, redemption.
