After a billion people watch you make love, where do you hide? Lydia finally let herself lose control and give in to her heart's desire, and what does she have to show for it? A viral videotape with a billion viewers. How was she supposed to know that her boss, Matt, was really the CEO playboy Michael Bournham in

---

disguise? The guy who signs her paycheck turned out to be the man who rocked her world. Mike can't believe his reality television stunt blew up in his face like this. Fired from his own corporation and left aching for Lydia, he tries to protect her. After creating a sham job for Lydia overseas, he sends his best friend to keep an eye on her. His friend Jeremy takes his job very seriously. A little too seriously. [Just a Girl in Love with Her Architect](#) Continuum The first serious investigation of Napoleon's generals Covers the well known to the relatively obscure Provides a fresh insight into the period This is a

masterly study of generalship in Napoleon's Grande Arme. Napoleon arguably had the greatest collection of military talent to ever serve one man working for him during the period 1800-15. The role of the Marshals of the Empire has been covered many times, and due credit is also given to them here; however, for the first time Kevin Kiley also examines in depth the contribution of the generals who never made that rank. Fifty-two general officers are examined using the battles they fought to illustrate just how valuable they

---

were. From Marengo in 1800 to Ligny in 1815, both French victories and defeats are studied in meticulous detail, each chapter covering a battle fought and the generals who commanded them. Diverse source material has been consulted in the preparation of this volume, including after-action reports, memoirs and correspondence from officers including Senarmont, Eble, Drouot, Teste, Marmont, and Davout, as well as from lesser-known characters such as the artillerymen Boulart and Nol,

and the Polish cavalryman Niegelewski, who led the final dash up the pass of Somosierra. Furthermore, those closest to Napoleon such as Fain and Marchand give their piece and provide invaluable information. Taken individually, this material paints a vivid picture of the Grande Arme and those who led it into fire. Taken as a whole, it provides an invaluable source and tells the story of the officers without whom Napoleon could never have achieved as much. *Artillery of the Napoleonic Wars* Frontline Books

This illustrated text details the development of the frigate from 1793 to 1815, the time of the Napoleonic wars. The work will be of interest to historians, modellers and enthusiasts, as well as those who enjoy naval history. *Overthinking Pickle* Partners Publishing Santa Fe Police Chief Kevin Kerney is back in the tenth and most entertaining novel in Michael McGarrity's acclaimed mystery series. After years away on the pro rodeo circuit, Johnny Jordan struts into Santa Fe to ask his boyhood friend, Santa Fe Police Chief Kevin Kerney, to serve as a technical advisor on a contemporary Western movie to be filmed along the

---

Mexican border. Kerney agrees and plans a working vacation on location, in a remote area of the state known as the Bootheel, with his wife, Lt. Colonel Sara Brannon, and their three-year-old son, Patrick. But, a dead man on the road near an isolated border crossing, a federal undercover investigation into immigrant smuggling, the search for a fugitive from military justice hiding somewhere in Europe, and Johnny Jordan's troublesome behavior all ensure that nothing goes as planned. As separate investigations embroil them in circumstances that will forever change their lives, Kerney must care for Patrick while Sara plays a dangerous

game of Pentagon politics. Packed with family secrets, international intrigue, and memorable characters, this is McGarrity's most ambitious and involving novel to date-- traveling an accelerating arc from Santa Fe to the desert grasslands and mountains of the Bootheel, to the most secret levels of the Pentagon, to a resort town on the coast of Ireland, and back to an adrenaline-charged climax on a desolate landing strip a few miles north of the Mexican border.

**Bebuquin A Military History and Atlas of the Napoleonic Wars** 'Blew my mind... so magically written and most

of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.'

Goodreads reviewer, 5 stars

Wanted: Company Daughters.

Virtuous young ladies to become the brides of industrious settlers in a foreign land.

The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred.

Amsterdam, 1620.

Jana Beil has

---

learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything

changes. The house is sold to creditors, and leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history,

this is a gripping unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*.

This is a great read.’ Goodreads reviewer *Military and Special Products* Da Capo Press, Incorporated *The Ruins of Us* is a compelling, timely debut novel that explores the loneliness of expatriate life and the dangers of intolerance, as well as the things we’ll do for love. More than two decades after moving to Saudi Arabia and marrying powerful Abdullah Baylani, a American-born Rosalie learns that her husband has taken a second wife. That discovery plunges their family into chaos as Rosalie grapples with leaving the country, her life, and her family behind. Meanwhile, Abdullah and Rosalie’s consuming personal entanglements blind them to the crisis approaching their sixteen-year-old son, Faisal, whose deepening resentment toward

---

their lifestyle has led to his involvement with a controversial sheikh. When Faisal makes a choice that could destroy everything his embattled family holds dear, they all must confront difficult truths as they fight to preserve what remains of their world. The Ruins of Us is a timely story about intolerance, family, and the injustices we endure for love that heralds the arrival of an extraordinary new voice in contemporary fiction.

future and make big changes to live your future now. Buy NOW and your costumers will have all they needs.

*What Don't You Know?* Walter Baker Few of Napoleon's Marshals have been involved in such controversy as the son of a cooper from Sarrelouis, Michel Ney. His reputation has been argued over fiercely by military historians, Bonapartists, revisionists and romantics for almost two centuries since his untimely demise at the hands of his own countrymen in the gardens of the Luxembourg. This volume paints a sympathetic picture of Marshal Ney, drawing on the memoirs of his

subordinates and Général Bonnal's *Vie Militaire du Maréchal Ney* to combine into the best single volume biography yet published in English. Atteridge writes concisely but vividly, and does not shy away with the controversies that have dogged Ney's reputation, whilst providing a clear framework of the events. The details are accompanied by numerous maps, including excellent details on the often overlooked Battle of Hohenlinden in 1800 which secured the French Republic. From the early days of the French Republic, Ney fought fiercely and with much skill, through to the dark days of the retreat from Russia in 1812 in which he saved the remnants of the vast

army Napoleon led to their destruction. His actions in the *Hundred Days*, for which he lost his life in a trial whose outcome was predetermined, are analyzed clearly and he deserved a better lot than he received for his efforts. Ney was a pivotal figure in an era of giants and Atteridge's book does him the justice his brave and valorous character demands. Highly recommended. Atteridge's book forms a companion to his other single volume biography of Marshal Murat and his work on the varied personalities on Napoleon's Brothers. Author- Andrew Hilliard Atteridge (1844–1912) Linked TOC and 8 Illustrations and 8 maps.

**Suspiciously Obedient (Obedient #2)(BBW romance)(Billionaire romance)** Gwasg y Bwthyn Napoleon began his military career as an artillery cadet and artillery played a fundamental part in all his great battles. Until the Napoleonic Wars artillery had been seen merely as a supporting arm to the infantry, but Napoleon changed everything. He massed his guns in huge batteries to blast holes in his opponent's line. He even used the artillery to charge the enemy, the gunners galloping up to the enemy to open fire at pointblank range. Napoleon's opponents did not all follow suit, choosing other tactical deployments.

As a result, the Napoleonic era, more than any that preceded or followed it, was one of fascinating artillery maneuvers and critical actions that changed the course of many of the key battles. As the Prussian Field Marshal Blucher once observed, "Against Napoleon you needed guns - and lots of them " The Napoleonic Wars was also a time of innovation, with the introduction of shrapnel shells and military rockets. This book will examine the artillery arms of all sides from 'muzzle to butt plate'. As well as the significant artillerymen of the period, the innovators, scientists, and innovators, military and civilian - individuals such as

Robins, Belidor, Gribeauval and his colleagues, Maritz, Liechtenstein and his collaborators, as well as the du Teil brothers - will all be examined, as will the important battles and sieges, significant memoirs and documents, and artillery terms that soon became part of the military lexicon. Written by the renowned historian Kevin F. Kiley, this will be the definitive book on the subject and will cover all aspects of artillery in the Napoleonic Wars.
