From world-renowned scientist Jane Goodall, as seen in the new National Geographic documentary Jane, comes a fascinating examination of the critical role that trees and plants play in our world. Seeds of Hope takes us from Goodall's home in England to her home-away-from-home in Africa, deep inside the Gombe forest, where she and the chimpanzees are enchanted by the fig and plum trees they encounter. She introduces us to botanists around the world, as well as places where hope for plants can be found, such as The Millennium Seed Bank. She shows us the secret world of plants with all their mysteries and potential for healing our bodies as well as Planet Earth. Looking at the world as an adventurer, scientist, and devotee of sustainable foods and gardening--and setting forth simple goals we can all take to protect the plants around us--Goodall delivers an enlightening story of the wonders we can find in our own backyards.

This book was born from a heart that has been broken by the loss of two of Clara Hinton's sons. It is her belief that hearts broken by the loss of a child will always have a void, and there will forever be a longing ache for the child that is no longer here. But, we can and must learn to live in our brokenness. Deep within our hearts are seeds of hope. When we nurture those seeds we will learn how to see life with eyes of love once again. It is Clara's sincere hope and prayer that as you read Child Loss: The Heartbreak and the Hope your heart will be warmed and you will be able to see life from a new perspective that moves far beyond the heartbreak of child loss into the light of hope. She wants to thank you for walking through this journey of loss with her. As we rewrite our story from within our brokenness, may our story be one of courage and hope! This book is a must-have for anyone who has experienced the loss of a child. It is a practical guide for reentering life after loss and will most assuredly plant seeds of hope within your broken heart. A unique biblical and practical approach to uncluttering our internal thoughts and feelings. We all want our lives to change for the better--to become the healthiest versions of ourselves in spirit, soul, and body. Yet we still struggle. An illustrated highlight reel of more than 100 women in rap who have helped shape the genre and eschewed gender norms in the process, The Motherlode "shines a bright light on a history of overlooked female talent and breaks down the ingenuity of our current generation of stars" (Issa Rae, creator and star of HBO's Insecure). Clover Hope's comprehensive history showcases more than 100 women who have shaped the power, scope, and reach of rap music, including pioneers like Roxanne Shanté, game changers like Lauryn Hill and Missy Elliott, and current reigning queens like Nicki Minaj, Cardi B, and Lizzo—as well as everyone who came before, after, and in between. Some of these women were respected but not widely celebrated. Some are impossible not to know. Some of these women have stood on their own; others were forced into templates, compelled to stand beside men in big rap crews. Some have been trapped in a strange critical space between respected MC and object. They are characters, caricatures, lyricists, at times both feminine and explicit. The Motherlode profiles each of these women, their musical and career breakthroughs, and the ways in which they each helped change the culture of rap. Illustrations by Rachelle Baker "This book

is achingly overdue. Women in hip-hop, as musicians, journalists, and executives, have always dealt with a staggering and sobering truth. Hip-hop, which we love and hold dear, does not always love us back. With *The Motherlode*, Clover Hope loves on us. She peels back the layers—the joy and pain—and makes sure our untold stories are now told and retold.” —Aliya S. King, New York Times bestselling coauthor of *Keep the Faith*

A page-turning memoir about a young woman's grueling, revelatory summers working alone in a remote lookout tower and her eyewitness account of the increasingly unpredictable nature of wildfire in the Canadian north. While growing up in Peace River, Alberta, Trina Moyles heard many stories of Lookout Observers--strange, eccentric types who spent five-month summers alone, climbing 100-foot high towers and watching for signs of fire in the surrounding boreal forest. How could you isolate yourself for that long? she wondered. "I could never do it," she told herself. Craving a deeper sense of purpose, she left northern Alberta to pursue a decade-long career in global humanitarian work. After three years in East Africa, and newly engaged, Trina returned to Peace River with a plan to sponsor her fiance, Akello's, immigration to Canada. Despite her fear of being alone in the woods, she applied for a seasonal lookout position and got the job. Thus begins Trina's first summer as one of a handful of lookouts scattered throughout Alberta, with only a farm dog, Holly--labeled "a domesticated wolf" by her former owners--to keep her company. While searching for smoke, Trina unravels under the pressure of a long-distance relationship--and a dawning awareness of the environmental crisis that climate change is producing in the boreal. Through megafires, lightning storms, and stunning encounters with wildlife, she learns to survive at the fire tower by forging deep connections with nature and with an extraordinary community of people dedicated to wildfire detection and combat. In isolation, she discovers a kind of self-awareness--and freedom--that only solitude can deliver. Lookout is a riveting story of loss, transformation, and belonging to oneself, layered with an eyewitness account of the destructive and regenerative power of wildfire in our northern forests.

When we moved in together seven years ago, I thought I was settling down with someone who had some personal integrity. I was obviously mistaken. Ever since we moved here, you've set up this big dividing line between your job and me. Your job's your public life, and I'm your dirty little secret!" When Bev's lover Andie receives an assistant professorship at a Christian-affiliated college, Bev does her best to be supportive. But she isn't too thrilled about the prospect of moving from Boston's lesbian ghetto to the small southern town of Morgan, Kentucky. Before she and Andie are even unpacked, a nosy neighbor is at the door with a welcoming cake and a basketful of personal questions. Bev is shocked when Andie tells the woman that the two of them are cousins—and mortified when the woman promises to set

Sydney Taylor Award Winner A girl's kindness to a mysterious magician leads to a Passover miracle. Beautifully illustrated and deftly told, this story full of hope, tradition-- and just a touch of magic-- is a new Passover classic in the making. It's the Spring of 1933 in Washington D.C., and the Great Depression is hitting young Muriel's family hard. Her father has lost his job and her family barely has enough food most days-- let alone for a Passover Seder. They don't even have any wine to leave out for the prophet Elijah's ceremonial cup. With no feast to rush home to, Muriel wanders by the Lincoln Memorial, where she encounters a mysterious magician in whose hands juggled eggs become lit candles. After she makes a kind gesture, he encourages her to run home for her Seder, and when she does, she encounters a holiday miracle: a bountiful feast of brisket, soup, and matzah, enough for their whole community to share. But who was this mysterious benefactor? When Muriel sees Elijah's cup is empty, she has a good idea. Sean Rubin's finely-detailed, historically-accurate illustrations, with a color palette inspired by Marc Chagall, bring a strong sense of setting to this fresh retelling of the I.L. Peretz story best known through Uri Shulevitz's 1973 adaptation *The Magician*. A perfect gift for those celebrating Passover, or to introduce the holiday traditions to young readers, *The Passover Guest* is sure to enchant readers of all ages. Brief essays at the end of the story detail author Susan Kusel's inspiration for this retelling, artist Sean Rubin's influences and research, and introduce the traditions associated with Passover celebrations.
