An electric portrait of the artist as a young woman that asks how a writer finds her voice in a society that prefers women to be silent, from the author of *Orwell's Roses* In *Recollections of My Nonexistence*, Rebecca Solnit describes her formation as a writer and as a feminist in 1980s San Francisco, in an atmosphere of gender violence on the street and throughout society and the exclusion of women from cultural arenas. She tells of being poor, hopeful, and adrift in the city that became her great teacher, and

of the small apartment that, when she was nineteen, became the home in which she transformed herself. She explores the forces that liberated her as a person and as a writer--books themselves; the gay community that presented a new model of what else gender, family, and joy could mean; and her eventual arrival in the spacious landscapes and overlooked conflicts of the American West. Beyond being a memoir, Solnit's book is also a passionate argument: that women are not just impacted by personal experience, but by membership in a society where violence against women pervades. Looking back, she describes how she came to recognize that her own experiences of harassment and menace were

---

inseparable from the systemic problem of who has a voice, or rather who is heard and respected and who is silenced--and how she was galvanized to use her own voice for change.

What makes the

---

newfound communities and purpose many find in the ruins and crises after disaster so joyous? And what does this joy reveal about ordinarily unmet social desires and possibilities? In *A Paradise Built in Hell*, award-winning author Rebecca Solnit explores these phenomena, looking at major calamities from the 1906 earthquake in San Francisco through the 1917 explosion that tore up Halifax, Nova Scotia, the 1985 Mexico City earthquake, 9/11, and Hurricane Katrina in New Orleans. She examines how disaster throws people into a temporary utopia of changed states of mind and social possibilities, as well as looking at the cost of the widespread myths and rarer real cases of social deterioration during crisis. This is a timely and important book from an acclaimed author whose work consistently locates unseen patterns and

meanings in broad cultural histories. *Whose Story Is This?* Haymarket Books

According to the Buddha, no one can attain basic sanity or enlightenment without practicing meditation. The teachings given here on the outlook and technique of meditation provide the foundation that every practitioner needs to awaken as the Buddha did. Trungpa teaches us to let go of the urge to make meditation serve our ambition; thus we can relax into openness. We are shown how the deliberate practice of mindfulness develops into contrived awareness, and we discover the world of insight that awareness reveals. We learn of a subtle psychological stage set that we carry with us everywhere and unwittingly use to structure all our experience—and we find that meditation gradually carries us

---

beyond this and beyond ego altogether to the experience of unconditioned freedom.

Supporting material to enhance your understanding of the original work About Hope in the Dark: Untold Histories, Wild Possibilities by Rebecca Solnit: Written in response to the 2004 US presidential election, and updated during the 2016 race, Rebecca Solnit’s Hope in the Dark is a call to action for people who find themselves despairing about the political climate of the world today. Hope in the Dark is a long essay that serves as a primer on social and environmental activism and uprisings from the mid-to-late 20th century to the present. Solnit uses this history of protesters, writers, and workers to argue that hope is the

---

necessary catalyst for action. She insists that radicals and revolutionaries must hold onto hope in order to create a world more like the one they want to live in, even in the face of enormous obstacles, and especially in the face of uncertainty. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

“[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit’s *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the

despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book

---

came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new millennium.” —Bill McKibben, New York Times—bestselling author of *Falter* “An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways.” —The New Yorker

Yuknavich, national bestselling author In her debut children’s book, *Rebecca Solnit* reimagines a classic fairytale with a fresh, feminist Cinderella and new plot twists that will inspire young readers to change the world, featuring gorgeous silhouettes from Arthur Rackham on each page. In this modern twist on the classic story, Cinderella, who would rather just be Ella, meets her fairy godmother, goes to a ball, and makes friends with a prince. But that is where the familiar story ends. Instead of waiting to be rescued, Cinderella learns that she can save herself and those around her by being true to herself and standing up for what she believes. “Being a princess is absolutely fine if

that's what you choose. It's having those choices taken away from you that make for big problems. Cinderella in Solnit's book is given that choice. She's allowed to say what her dreams are, and then she goes out and attains them. And they're not huge ridiculous dreams but small, happy, manageable ones. Ultimately, that's the gift Ms. Solnit is giving kids with this book." —School Library Journal "This is a reminder of hope and possibility, of kindness and compassion, and—perhaps most salient—imagination and liberty. **New Power** Kensington Books  
Finalist for the National Book Critics Circle Award for Nonfiction Finalist for the PEN/Jacqueline Bograd Weld Award for Biography “An exhilarating romp through Orwell’s life and times and also through the life and times of roses.” —Margaret Atwood “A captivating account of Orwell as gardener, lover, parent, and endlessly curious thinker.” —Claire Messud, Harper’s “Nobody who reads it will ever think of Nineteen Eighty-Four in quite the same way.” —Vogue A lush exploration of politics, roses, and pleasure, and a fresh take on George Orwell as an avid gardener whose political writing was grounded by his

---

passion for the natural world “In the spring of 1936, a writer planted roses.” So begins Rebecca Solnit’s new book, a reflection on George Orwell’s passionate gardening and the way that his involvement with plants, particularly flowers, illuminates his other commitments as a writer and antifascist, and on the intertwined politics of nature and power. Sparked by her unexpected encounter with the roses he reportedly planted in 1936, Solnit’s account of this overlooked aspect of Orwell’s life journeys through his writing and his actions—from going deep into the coal mines of England, fighting in the Spanish Civil War, critiquing Stalin when much of the international left still

supported him (and then critiquing that left) to his analysis of the relationship between lies and authoritarianism. Through Solnit’s celebrated ability to draw unexpected connections, readers are drawn onward from Orwell’s own work as a writer and gardener to encounter photographer Tina Modotti’s roses and her politics, agriculture and illusion in the USSR of his time with forcing lemons to grow in impossibly cold conditions, Orwell’s slave-owning ancestors in Jamaica, Jamaica Kincaid’s examination of colonialism and imperialism in the flower garden, and the brutal rose industry in Colombia that supplies the American market. The book draws to a close with a rereading

---

of Nineteen Eighty-Four that completes Solnit's portrait of a more hopeful Orwell, as well as offering a meditation on pleasure, beauty, and joy as acts of resistance.

#### **Where Hope Is Found** Penguin

From two influential and visionary thinkers comes a big idea that is changing the way movements catch fire and ideas spread in our highly connected world. For the vast majority of human history, power has been held by the few. "Old power" is closed, inaccessible, and leader-driven. Once gained, it is jealously guarded, and the powerful spend it carefully, like currency. But the technological revolution of the past two decades has made possible a new form of power, one that operates differently, like a current. "New power" is made by many; it is open, participatory, often leaderless, and peer-driven. Like water or electricity, it is most forceful when it surges. The goal with new power is not to hoard it, but to channel it. New power is behind the rise of

---

participatory communities like Facebook and YouTube, sharing services like Uber and Airbnb, and rapid-fire social movements like Brexit and #BlackLivesMatter. It explains the unlikely success of Barack Obama's 2008 campaign and the unlikelier victory of Donald Trump in 2016. And it gives ISIS its power to propagate its brand and distribute its violence. Even old power institutions like the Papacy, NASA, and LEGO have tapped into the strength of the crowd to stage improbable reinventions. In *New Power*, the business leaders/social visionaries Jeremy Heimans and Henry Timms provide the tools for using new power to successfully spread an idea or lead a movement in the twenty-first century. Drawing on examples from business, politics, and social justice, they explain the new world we live in—a world where connectivity has made change shocking and swift and a world in which everyone expects to participate.

*The Path Is the Goal* Hope in the Dark “[A] call to arms that takes on a range of social and political problems in America—from racism and misogyny to climate change and Donald Trump” (Poets & Writers). National Book Award Longlist Winner of the Kirkus Prize for Nonfiction Winner of the Foreword INDIE Editor’s Choice Prize for Nonfiction Rebecca Solnit is the author of more than twenty books, including the international bestseller *Men Explain Things to Me*. Called “the voice of the resistance” by the New York Times, she has emerged as an essential guide to our times, through incisive commentary on feminism, violence, ecology, hope, and everything in between. In this powerful and wide-ranging collection of essays, Solnit turns her attention to the war at home. This

---

is a war, she says, “with so many casualties [is] a powerful cultural critic: as always, she that we should call it by its true name, this war with so many dead by police, by violent ex-husbands and partners and lovers, by people pursuing power and profit at the point of a gun or just shooting first and figuring out who they hit later.” To get to the root of these American crises, she contends that “to acknowledge this state of war is to admit the need for peace,” countering the despair of our age with a dose of solidarity, creativity, and hope. “Solnit’s exquisite essays move between the political and the personal, the intellectual and the earthy.” —Elle “Solnit is careful with her words (she always is) but never so much that she mutes the infuriated spirit that drives these essays.” —Kirkus Reviews (starred review) “Solnit opts for measured assessment and pragmatism over hype and hysteria.” —Publishers Weekly “Essential reading for anyone living in America today.” —The Brooklyn Rail Lyrical Press A collection of feminist essays steeped in “Solnit’s unapologetically observant and truth-speaking voice on toxic, violent masculinity” (The Los Angeles Review). In a timely and incisive follow-up to her national bestseller *Men Explain Things to Me*, Rebecca Solnit offers sharp commentary on women who refuse to be silenced, misogynistic violence, the fragile masculinity of the literary canon, the gender binary, the recent history of rape jokes, and much more. In characteristic

---

style, “Solnit draw[s] anecdotes of female indignity or male aggression from history, social media, literature, popular culture, and the news . . . The main essay in the book is about the various ways that women are silenced, and Solnit focuses upon the power of storytelling—the way that who gets to speak, and about what, shapes how a society understands itself and what it expects from its members. The Mother of All Questions poses the thesis that telling women’s stories to the world will change the way that the world treats women, and it sets out to tell as many of those stories as possible” (The New Yorker). “There’s a new feminist revolution—open to people of all genders—brewing right now and Rebecca Solnit is one of its most powerful, not to mention beguiling, voices.”—Barbara Ehrenreich, New York Times—bestselling author of *Natural Causes* “Short, incisive essays that pack a powerful punch.” —Publishers Weekly “A keen and timely commentary on gender and feminism. Solnit’s voice is calm, clear, and unapologetic; each essay balances a warm wit with confident, thoughtful analysis, resulting in a collection that is as enjoyable and accessible as it is incisive.” —Booklist *Hope Dies Last* Univ of California Press *The Line Between Obsession and Love* has Disappeared The world has changed. From the author of Orwell's Roses, a personal, lyrical narrative about storytelling and empathy—a fitting companion to Solnit's A Field Guide to Getting Lost  
Finalist for the National Book Critics Circle Award  
In this exquisitely written book by the author of A Paradise Built in Hell, Rebecca Solnit explores the ways we

---

make our lives out of stories, and how we are connected by empathy, by narrative, by imagination. In the course of unpacking some of her own stories—of her mother and her decline from memory loss, of a trip to Iceland, of an illness—Solnit revisits fairytales and entertains other stories: about arctic explorers, Che Guevara among the leper colonies, and Mary Shelley's Dr. Frankenstein, about warmth and coldness, pain and kindness, decay and transformation, making art and making self. Woven together, these stories create a map which charts the boundaries and territories of storytelling, reframing who each of us is and how we might tell our story.

"In 1851, a war began in what would become Yosemite National Park, a war against the

indigenous inhabitants that has yet to come to a real conclusion. A century later - 1951 - and about a hundred and fifty miles away, another war began when the U.S. government started setting off nuclear bombs at the Nevada Test Site. It was called a "nuclear testing program" but functioned as a war against the land and people of the Great Basin."--
