Scholar's Choice EMonCall handheld software provides on-the-spot treatment advice for the most frequently encountered problems in emergency medicine. The unique On Call format is organized for quick access to over 120 of the most common problems seen in the

emergency department. For each on-call problem, users can immediately focus on the presenting problem, immediate questions, differential diagnosis, lab and other diagnostic tests, and treatment plan. Additional information on laboratory tests, procedures, fluids and electrolytes, and blood component therapy enhance the software's

value as a single-source reference. The commonly used medications section offers quick access to the most frequently used medications in the emergency department. *"The Old Swimmmin'-hole"*; And, *'leven More Poems Open Road Media* Offering a practical, case-based approach, Spanish and the Medical Interview:

Clinical Cases and Exam Review is a unique, immersive study and review resource for medical Spanish. It provides extensive training and review in two formats: the print book contains numerous cases spanning a wide variety of clinical settings, formatted as a patient would present for

medical attention, while the audio cases provide multiple opportunities to hone your listening comprehension skills. Together, these learning components test your knowledge and skills in caring for Spanish-speaking patients and prepare you for case-based examinations that test

clinical skills in Spanish. This first-of-its-kind title is ideal as a stand-alone resource or as a companion to Dr. Ortega's Spanish and the Medical Interview: A Textbook for Clinically Relevant Medical Spanish. Helps you improve your interviewing skills, your understanding of patient responses, and your ability to explain a diagnosis and plan of care to Spanish-speaking patients, so you can provide a higher quality of patient care and safety in your practice. Covers multiple presentation s of cases in main organ system areas, including musculoskeletal, cardiovascular, pulmonary, gastrointestinal, endocrine, genitourinary, neurologic, psychiatric, eye/ear/nose/throat, and pediatric, in multiple patient care settings such as urgent care, emergency department, outpatient clinic, and inpatient wards. Focuses on topics that are particularly common in Hispanic/Latino patients and includes

cultural health issues that may impact the patient's understanding of medical information, belief system, decision-making preferences, or access to care—all of which have a significant impact on your medical decision making and interviewing styles and effectiveness. Leads you through key information for each case, prompting you to use your medical Spanish clinical skills in a series of prompts and questions as the case unfolds. Assessment questions follow each case to test your comprehension. Provides more than two dozen audio cases to improve your listening comprehension of different nationalities and accents of Spanish-speaking patients. Provides real-world content from Drs. Pilar Ortega and Marco Alemán, who serve on the steering committee for the National Medical Spanish Taskforce that aims to standardize the educational approach to a national assessment examination

for Medical Spanish. Expands your global skills set: in your home country, when caring for patients who speak Spanish, or when caring for patients in other countries through global medicine programs. Evolve Instructor site with an image and test bank is available to instructors through their

Lakshmi is a thirteen-year-old girl who lives with her family in a small hut on a mountain in Nepal.
Though she is desperately poor, her life is full of simple pleasures, like playing hopscotch with her

In 2005, The Woman at the Washington Zoo was published to

major critical acclaim. The late Marjorie Williams possessed 'a special voice, one capable not just of canny political observations but of tenderness and bracing intimacy,' observed the New York Times Book Review. Now, in a collection of profiles with the richness of short

fiction, Williams limns the personalities that dominated politics and the media during the final years of the twentieth century. In these pages, Clark Clifford grieves 'in his laborious baritone' a scandal's blow to his re-pu-taaaaaay-shun. Lee Atwater likens himself to
